TROJANS FAVORED IN MAIN EVENT ON COAST TOMORROW

Oregon State's Iron Men Take On Cougars While Callison Crew Faces Uclans—Cards - Huskies.

SAN FRANCISC, Oct. 27. — (AP) — Headlining a schedule of five Pacific Coast conference football battles tomorrow, University of California's Bears and the Trojans of the University of Southern California will meet in a contest expected to attract a capacity 81,000-person crowd to Berkeley's Memorial stadium.

Determined to resume their string of victories, rudely interrupted by last Saturday's scoreless tie with Oregon State college, the Trojans were 2 to 1 favorites as game time approached. Backers of the southern team were convinced last week's surprise setback was nothing more than a temporary halt in the triumphant march which carried the men of Troy to 25 straight victories.

Bears Lose Prestige.

The Bears, hailed only a week ago as the greatest single threat to Trojan supremacy, lost some of their prestige when they likewise were tied in a bitter 6 to 6 battle with Washington State college.

Bill Ingram, California coach, summed up his view of the situation in three words: "We can win."

Journeying to Seattle with 33 men —three full teams of Stanford university Cardinals, Coach C. E. Thornhill studied ways and means to preserve his squad's record of no defeats in five starts this season against the menace of the University of Washington's Huskies.

Cards 10-7 Favorites.

Favored by 10 to 7 odds, the Cards have been polishing up the brilliant passing and running offense they used last Saturday with telling effect in defeating the University of San Francisco, 20 to 13. Reports from Seattle indicate that the Huskies, beaten 6 to 0 by the University of Oregon in their last major engagement, have shown improvement both in morale and organization.

Oregon State's eleven "iron men," who beat U. S. F. and tied U. S. C. on successive Saturdays, wil itake on another stiff assignment in Coach Orin Hollingbery's Washington State Cougars. Thirty-three points better than the Cougars, on the basis of comparative scores against the Trojans, the Beavers are rated no better than even money against Hollingbery's rapidly improving eleven. The game will be played at Corvallis.

Oregon Meets Bruins.

At Los Angeles, Oregon's big crew will attempt t otake the starch out of the stiff defense of the University of California at Los Angeles Bruins. A heavier line and a heavier, more experienced set of backs make the Ducks favorites.

For the first time in a number of years, little University of Montana will be practically an even money bet to beat the University of Idaho in their traditional battle at Moscow, Idaho.

SALE OF GROVE DENIED BY MACK

WASHINGTON, Oct. 27.—(AP)—The Washington Post said today that Robert Moses (Lefty) Grove, star of the Philadelphia Athletics' pitching staff, has been sold to the Boston Red Sox.

While details of the trade were lacking, it was said to be an outright purchase by the Boston club with reports that Max Bishop, veteran infielder, and another pitcher will be included. Manager Connie Mack in shipment to Boston. The cash return to the Athletics was estimated at $200,000.

PHILADELPHIA, Pa., Oct. 27.—(AP)—Connie Mack today denied a report that he had sold "Lefty" Grove to the Boston Red Sox for $200,000.

"You know, that's the kind of money I've heard about but haven't seen lately.

"No sale has been made."

Wood of the South Methodist church, having stopped here en route south "Dad" Harper, as he is known to hosts of Oregon State college students, also visited several college friends while in the city.

BEAVER OFFENSIVE POLISHED FOR WSC

CORVALLIS, Ore., Oct. 27.—(AP)—With Pierre Bowman, Hawaiian right halfback, captaining the same lineup that went 60 minutes against Southern California last week, the Oregon State college football team will open with its greatest strength Saturday when Washington State college comes here in an attempt to add to its string of five straight victories over the Beavers.

Several offensive plays in which the Oregon Staters have been drilled probably will be seen against the Cougars for the first time, as the Trojan zero-tie game gave O. S. C. little opportunity to open up with a scoring offense.

Collision on Thursday—Automobiles driven by Virgil Leslie of 1405 North Riverside and O. R. Dunham of the Salvation Army collided at Main and Holly streets at 7:45 Thursday evening. State police investigation the crash.

SONS EXPECTED TO TAKE FROSH

KLAMATH FALLS, Ore., Oct. 27.—(AP)—A record crowd was predicted for Modoc field Saturday when the University of Oregon freshmen meet the Southern Oregon Normal school from Ashland. It will be the first college football game ever played in Klamath Falls.

The frosh were to arrive from Eugene tonight and the Sons will motor from Ashland Saturday morning. The Sons were strong favorites because of their one-sided victory over the Oregon State Rooks last week. The frosh had difficulty in beating the Beaver yearlings.

spectfully, and not that they took it and ran away with it.

Speculators

Mr. Roosevelt is supposed to have had the case of a certain Wall Streeter in mind when he talked about driving out speculators.

This fellow aptly fits the president's description of one who would not know a kernal of wheat if he saw one. It is said in high places that he dropped seven millions lately in the wheat market. The estimate of the amount is probably exaggerated.

Market insiders really believe the president's drive to kill off the speculators may work this time.

They say no speculator would be silly enough to bet very much either way as long as the president can ruin him by changing the price of gold the same day.

Controversy

Skeptics protest in whispers now that the program is an effort to make a fifty million dollar tail wag a four billion dollar dog.

The annual output of domestic gold has run around fifty million. The gold reserve is about four billions.

That is why the best money experts in the government wanted actual reduction of the reserve gold content in the dollar now. They believed that the theory of gold price purchases would not work out to increase commodity prices in the long run.

That view is NOT shared by many astute economists such as Professor Warren and those connected with the committee for the nation.

Time and only time, will tell.

GRID HEROES POOR SIMPS DECLARES LADY TEACHER

PALO ALTO, Cal., Oct. 27.—(UP)—Dr. Margaret Bailey of the Stanford university faculty directed a crushing blow at co-ed illusions today when she said:

"Football players are poor, unfortunate wretches—professional slaves pushed aside into disgusting suits and shoved on the field."

Dr. Bailey, professor of English, told a startled reporter for the Stanford Daily, student publication, what she thought of modern football.

"Football players are Roman slaves who make our holidays," said Dr. Bailey. "Football is over-emphasized in colleges and sororities.

All right—for the poor simps that play, but the rest are quite blind."

Football has gone to pot at Stanford for three reasons, the teacher said. The reasons: (1) Pseudo-sophistication of Stanford students; (2) the successful "Pop" Warner regime when games developed into a matching of the genius of coaches instead of a display of skill by students; and (3) the fact that junior colleges and smaller institutions are stressing the university games too much.

Dr. Bailey recently flayed fraternities and sororities.

A CHILD'S LAXATIVE SHOULD ALWAYS BE A LIQUID

(Let a specialist tell you why)

Doctors urge the use of a *liquid* laxative for children; preferably one with *senna*. A liquid laxative can be regulated as to dose. The natural laxative action of senna does not weaken the bowels.

Druggists report increasing sales of liquid laxatives. Mothers are rapidly discovering the advantage of the liquid form. Thousands of cases of ill-health—and half-health—in children are being cleared-up by stopping all use of laxatives of adult strength.

Parents, Take Notice!

Did you know a laxative that works just right for you, can work havoc with a child?

That the laxative habit can be contracted at the age of six?

And that the wrong laxative can give children chronic constipation before their tenth birthday?

You wouldn't give your children a powerful headache powder! You shouldn't give them a violent cathartic.

The Laxative Habit can be Avoided!

The preparation most favored for child use is California Syrup of Figs. It is a fruity syrup with the right amount of senna for gentle stimulation of a child's bowels. It gives the right kind of help.

If the bowels aren't moving regularly and thoroughly, don't give any medicine that drains the system dry. Give a liquid senna preparation like California Syrup of Figs. A little every day, *and reduce the dose each day.* At the end of one week—stop. You'll be surprised how long it will be before the bowels need any further help. *It may be months.*

Be sure you get the real California Syrup of Figs, with "California" on the label. If you get the right preparation, and use it the right way, you can absolutely end all worry over constant sluggish spells, bilious attacks, constipation.

All druggists keep California Syrup of Figs, ready for use. It is highly recommended for regulating children, and to undo the mischief done by habit-forming laxatives.
