# INSULL'S EXTRADITION IS DENIED

By PAUL MALLON  
 Copyright, 1933, By Paul Mallon.  
 Dirty Work

WASHINGTON, Oct. 31.—Our officials have come into possession of secret information indicating the British are trying to stir up trouble for us in the Far East.  
 For months Britain has been having a trade war with the Japanese in India. Not much is heard about it in this country, but it has changed the complexion of the whole Far Eastern situation. The Japanese have almost entirely ceased their anti-American propaganda and have turned their wrath on London.  
 Now certain British diplomats apparently are trying to alleviate their situation by arousing the Japanese against us in subtle ways.

A confidential record exists of a few underhanded activities. Our officials will probably deny it. They do not want to start an open debate with Downing Street on such a dangerous subject. However, they have taken steps to let the British know they know what is going on.  
 The matter probably will NOT become serious. Such things are happening backstage in diplomacy all the time.

The result of this one may be replacement of some British diplomats in the Far East. At least orders will be sent them from London, advising them that if they feel it necessary to stimulate anti-American feeling, they should take precautions not to get caught at it.

Louis Howe has been almost unbearable for more than a week. The reason is he won \$40 or more one day on the races. It seems he made a \$10 betting selection and offered to share \$5 worth of it with the president. However, Mr. Roosevelt had been to the races before and declined with thanks.

Howe has been so elated at his great success that he cannot sleep nights. Also he keeps reminding Mr. Roosevelt what a great bargain he made by not going in on the Howe special.

Howe's antics have much to do with maintaining the White House equilibrium in these high-pressure times.

When the president of the New York stock exchange visits the president of the United States, it ought to be a story. But it wasn't. Richard Whitney was mum about it. So was Mr. Roosevelt.

The story is that Mr. Whitney heard what Mr. Roosevelt had been saying about speculators off the record. His information indicated that the president was thoroughly angry at the exchange.  
 His mission to the White House was to sell the president the idea that nothing should be done to interfere with legitimate trading. Mr. Roosevelt was very, very nice to him. They called each other by their first names. They agreed legitimate trading should be protected. Apparently Mr. Roosevelt did NOT say definitely what he was going to do. Everyone knows it will be licensing of the exchange.  
 His anger has been directed chiefly to speculations on the commodity exchange rather than in stocks.

The row between General Johnson and the federal reserve board was much ado about nothing.  
 The board was entirely correct in asserting that production fell off in industries after adoption of their codes and processing taxes.  
 There is a very logical and accurate explanation for it. The industries knew that codes and taxes were coming. They speeded up production to the limit before-hand in order to stock up at a cheap production cost. Naturally this high speed production fell off after the codes were signed. It does not mean that the N. R. A. hurt business in that respect. It means only that the manufacturers took advantage of the N. R. A. and the A. A. to sell pre-code goods at post-code prices.  
 Johnson emitted a blood-curdling denial but it did not entirely come within the facts.

Johnson's Altimaranoes set-to with Henry Ford was NOT his fault, but rather the result of clever publicity on the part of Ford.  
 The general would like to bite Henry's ear off if the administration would permit it. But the only thing he said was that he would cite Ford to Attorney-General Cummings "when and if" Ford violates the code.

The Ford people misinterpreted the statement in a blasting reply. An anonymous Ford had NOT violated the code and daring Johnson to prosecute.  
 It made good reading but it did not mean anything.

The man on the inside who is blocking Cuban recognition is Sumner Welles, the ambassador to Havana.  
 The inner conspirators at the state department have all reached the conclusion that recognition is probably advisable. State Secretary Hall is included in this group. They think

## GREEKS THWART RETURN TO FACE U. S. PROSECUTION

Unexpected Decision Given In Case Which Has Dragged Through Greek Tribunal Since August.

ATHENS, Greece, Oct. 31.—The appeal court today denied the United States' request for the extradition of Samuel Insull, thus thwarting for the second time the attempt to return him to America.  
 The court last November turned down the first United States request seeking the return of Insull, former Chicago utilities operator, to Cook county, Illinois, to face charges arising from the collapse of his enterprise.

The decision today in the case, which has been dragging through the Greek tribunal since August, came unexpectedly.  
 It had been assumed further argument would be heard when the court reassembled this afternoon.

Samuel Insull, monarch of a utilities kingdom that failed, was living in Paris when a Cook county, Illinois grand jury, September 4, 1932, indicted him for larceny, embezzlement and larceny by bailment.

The United States government immediately took a hand in the proceedings and one month later, on October 8, the American embassy in Paris handed the French foreign office a request for his provisional arrest.

But the action came too late. Insull already had quietly left Paris. He went to Italy, but remained there only a short time, then went to Greece.

The United States asked the Greek government to extradite the Chicagoan, but encountered difficulties, due to the fact that extradition treaty was then only in process of negotiation between the two governments.  
 Greek courts refused the American request in a verdict returned December 28, 1932.

Martin J. Insull, now living in Orillia, Ont., waged a fight against extradition in a Canadian court simultaneously with his brother's battle in Greece.  
 Whether he wins depends on a decision to be made by Justice A. C. Kingstone of Toronto, who heard the case, in the near future.

## OREGON PAYROLLS REPORT INCREASE

SAN FRANCISCO, Oct. 31.—(AP)—Substantial increases in Oregon employment and payrolls during September are shown in the monthly survey made by the Federal Reserve bank of San Francisco.  
 The bank found gains of 17 per cent in the number of workers and 10 per cent in the aggregate weekly payrolls, after checking reports from 118 representative firms. These gains are larger than the customary September increases over August.  
 "Employment in the food products industry rose sharply," the report said, "and moderate increases were reported by the metals, textiles, paper and printing, and lumber and wood products groups."  
 Gains over a year ago were much larger. The number of employees being up 42 per cent and aggregate weekly wages up 44 per cent. Average weekly wages were slightly higher than a year ago.

## BROUILLARDS CROWN TUMBLES OFF AGAIN

BOSTON, Oct. 31.—(AP)—Lou Brouillard today found himself an ex-champion for the second time in his brief career.  
 The French-Canadian youngster from Worcester, was stripped of his middleweight title last night by Vince Dundee, the Baltimore veteran, in a tame 15-round bout at the Boston Garden.

## FRANCE GETS TASTE OWN DEBT MEDICINE

RIO DE JANEIRO, Oct. 31.—(AP)—France, considering further default in her debts to the United States, was forced on the other side of the fence by Brazil today.  
 Brazil withheld payment of an installment on her debt to French bankers and it was understood future payment dates also would be ignored.  
 PORTLAND, Ore., Oct. 31.—(AP)—A kettle of boiling water hurled at him by a Chinese waiter after he had reportedly struck at the waiter's employer, sent Albert Schaefer, 29, in a hospital today for treatment of severe burns on his face and chest.

## Defiance Upheld

SAMUEL INSULL, former Chicago utilities magnate, shown as he appeared in court at Athens, Greece, during hearing of extradition which was refused today.

## FORD WILL GIVE INFORMATION ON PAY AND HOURS

EDGEWATER, N. J., Oct. 31.—(AP)—To Gen. Hugh S. Johnson went today charges of NRA violations on the part of the Ford Motor company.  
 After a meeting of a committee of strikers from the Ford assembly plant here, Hugh V. Kelly, labor organizer and strike representative, said specific charges and a petition for action had been drawn up.  
 WASHINGTON, Oct. 31.—(AP)—The National Automobile Chamber of Commerce today was notified the Ford Motor company would submit the wage and hours report required by the automobile code on November 5 or 7.  
 The announcement was made by Hugh S. Johnson, after he had obtained from Alfred Revesz, vice-president and general manager of the N. A. C. C. a report on the intentions of all manufacturers in regard to submission of figures.  
 Last week the NRA executive had said in reply to newspapermen's questions that if Ford failed to submit the data required by the code, he would turn the case over to the attorney-general.  
 Today's announcement did not single out the Ford company from the rest of the industry, merely giving a list of the firms which already have submitted figures, with a second list containing half the firms, giving the date on which they had informed Revesz the requested data would be provided.  
 Today's evidence of compliance on the part of Ford with the requirements of the code did not settle the manufacturers' status in regard to government bias, since Johnson has raised the question of his willingness to deal collectively with his employees.  
 While awaiting assurances from London that Mr. Roosevelt's anti-striking operations would not precipitate a monetary war, the administration set a price for the day of \$212 for the yellow metal when fresh from domestic mines. The world price was \$21.95. Yesterday's domestic price was \$21.96.  
 Bonham to New Post.  
 PORTLAND, Oct. 31.—(AP)—R. P. Bonham, since 1916 director of immigration for the Oregon district, will leave tonight for Seattle to take up his new duties as director of immigration and naturalization for district No. 18, including western Oregon, western Washington and Alaska.

## CHASE CHAIRMAN LOST HEAVILY ON POOL OPERATIONS

Wiggin Tells Senate Probers Personal Corporations Suffered Net Loss Of Over 5 Million Dollars.

By Nathan Robertson  
 Associated Press Staff Writer.  
 WASHINGTON, Oct. 31.—(AP)—Albert H. Wiggin told senate investigators today his personal corporations had a net loss of more than \$5,000,000 from participating in pools and syndicates with the Chase Securities Corporation.  
 Earlier, the retired chairman of the Chase National bank, with which the personal corporations of Wiggin loaned \$724,000 to Gerard M. Dahl, head of the Brooklyn-Manhattan Transit.  
 Wiggin read a prepared statement saying his three corporations had lost \$5,139,697 since 1917 in participating with the securities corporation and pools and joint accounts.  
 Wiggin also testified to the formation of three companies in Canada, saying he had hoped to benefit in the payment of income taxes through them. He added, however, he did not know whether this purpose had been achieved.  
 Firms Interlocked  
 Wiggin was questioned by Ferdinand Pecora, counsel for the senate banking committee, about the operations of the Sherman corporation, chief of Wiggin's domestic family corporation. Pecora asked if any of its officers were also officers of the Chase bank or the Chase Securities Corporation.  
 Replying in the affirmative, Wiggin named Lynda Selden, vice-president of the bank, who was a vice-president of the corporation.  
 "He is my son-in-law," the banker added.  
 One of the directors of Sherman, Wiggin added, was Oates W. McGarrath, chairman of the board of the New York Federal reserve bank and director of the Bank for International Settlements.  
 "That shows the tie-up between the federal reserve and New York banks," Senator Couzens (R., Mich.) said with a smile.  
 Wiggin replied that McGarrath was a close personal friend.

## FEAR DEPUTY IN CALIFORNIA APPLE CROP HIT BY WIND

PORTLAND, Ore., Oct. 31.—(AP)—The Clackamas river is being dragged four miles northeast of Oregon City today in an effort to locate the body of Leo Zelenki, 30, special deputy sheriff of Marion county, whose empty automobile was recovered from the river yesterday afternoon.  
 It is believed Zelenki, hurrying back to Salem after a visit to his fiancée, Jessie Brown, a school teacher at Estacada, apparently missed a sharp left curve in a heavy fog. The accident occurred soon after midnight Monday.  
 WIND, accompanying the rain, caused damage estimated by growers at \$80,000 to the apple crop in the Pajaro valley of California as it whipped unpicked fruit from trees.  
 Little damage was reported, however, to the \$10,000,000 San Joaquin valley cotton crop harvesting of which was delayed for weeks by a recent pickers' strike. Growers reported the rain in that region was not heavy.  
 WASHINGTON, Oct. 31.—(AP)—Permittees to reduce passenger fares in transcontinental, western and southwestern territories effective on December 1, was asked today of the interstate commerce commission by all railroads in the territory.  
 Generally the reduction would result in one way fares on coaches of two cents a mile and three cents a mile on Pullman cars.

## ORDER ADOPTION SCHOOL BUDGET RAILROADS WOULD CUT TICKET COST

WASHINGTON, Oct. 31.—(AP)—The school board conducted a public hearing on the school budget last evening, and as there were no objections, the budget was ordered as it had been posted. Superintendent E. H. Hedrick reported today.  
 The total budget is listed as \$264,302 while the estimated receipts from the state and county are \$74,815, leaving the district to raise \$189,487 by taxation.  
 NEW YORK, Oct. 31.—(AP)—Directors of the United States Steel Corporation today declared a dividend of 50 cents on the preferred stock. A like payment was made in each quarter since January of this year, when the rate was reduced from \$1.75 quarterly.  
 NEW YORK, Oct. 31.—(AP)—The Graf Zeppelin today virtually completed its crossing of the ATLANTIC ocean, according to a wireless report of its position received by Mackay Radio corporation.

## NUDE SLAYER QUIET SINCE PEN ARRIVAL

SALEM, Oct. 31.—(AP)—Jabon Haley, 42, nude slayer, has remained very quiet since arriving at the state penitentiary to begin serving a life term for second degree murder in Clackamas county, prison officials stated today.  
 Tomorrow Haley will begin unloading hog fuel. Heavily manacled and accompanied by Sheriff E. T. Mass and Deputies Koster and Hughes, Haley was received here yesterday. He was "dressed in" and placed in the receiving ward.

## BIG STEEL PREFERRED PAYS 50 CTS. DIVIDEND

WASHINGTON, Oct. 31.—(AP)—Members of the Oregon supreme court are hearing appeals at Medford this week. For this reason there will be no opinions handed down by the court here today, Arthur S. Benson, clerk of the court, announced. Court conferences on opinions are usually held on Tuesdays.

## REPUBLICAN GUNS START BLAZING AT ROOSEVELT RECORD

National Committee Charges President Has Violated Many Pledges—Monetary Maneuvers Main Target.

WASHINGTON, Oct. 31.—(AP)—In what may be the fore-runner of an anti-administration campaign similar to that directed from Democratic headquarters through the Hoover presidency, the Republican national committee has undertaken its first attack on Roosevelt actions.  
 Copies of a pamphlet charging violation by the president of many Democratic campaign and platform pledges have been circulated among members of the committee and Republican legislators. It is said to be the result of "an increasing volume of requests from all sections."  
 Follow-up Uncertain  
 How or whether it will be followed up could not be ascertained today. It is remembered in political circles here, however, that the work of Charles Michaelson as publicity director for the Democratic committee from 1928 onward attracted much notice.  
 Republicans made the charge that a "smear Hoover" campaign was being conducted, and steps were taken to counteract Democratic publicity. Michaelson now is public relations director for the NRA.  
 The Republican pamphlet, which has not been given general distribution as yet, does not carry the name of any author. It was obtained by reporters from Earl Venable, executive secretary of the Republican congressional committee.  
 The national committee organization which issued it is under the direction of Everett Sanders, national chairman for Herbert Hoover. Sanders carries on.  
 He has carried on in office since the 1932 election, with a skeleton organization here. He was personally picked for the post at the outset of the last national campaign by Mr. Hoover.  
 There has been talk of a drive by the anti-Hoover faction to reorganize the national committee.  
 "Let's Look at the Record," is the title of the pamphlet, which hits particularly at Roosevelt monetary actions since March and contends the administration has set up a system of "tricky (treasury) bookkeeping."  
 "Despite all this studied deception and manipulation in handling the fiscal affairs of the nation the budget is not balanced," it says.

## McADOOS RETURN FROM ABROAD

Senator and Mrs. William Gibbs McAdoo of California are shown as they arrived in New York when they returned from a short tour of Europe. The senator visited Russia. (Associated Press Photo)

## FEHL'S PROPERTY WILL BE SOLD ON JUDGMENT CLAIM

The sheriff's office has started advertising sale of the Pacific Record Herald building on Sixth street, and residential property on Oakdale avenue, under the judgment rendered against R. H. Fehl, in favor of Roy A. Parr, in the latter's libel suit against the former weekly publisher. Fehl is now serving a four year sentence in state prison, upon conviction of half-traitor conspiracy. Parr is a resident of Ashland, and former game warden, dismissed by the same commission a week ago, in an economy move.  
 Sale of the property under judgment is made in behalf of Corintha E. Stalley, mother-in-law of Fehl, who last April was granted a certificate of levy on the property issued to her by Parr in a purported settlement. The amount was never made public, but is said to have been \$100.  
 Parr sued Fehl for \$50,000 criminal libel damages, as the result of an article published in the Pacific Record Herald, and growing out of the Everett Dahack case. A circuit court jury awarded a \$15,000 verdict. In its wake came the political fury and campaign of hate, that racked Jackson county for months.  
 Execution of the judgment, within the 60 days allotted by law, will close the case officially.

## BANK CONDITION CALL GOES OUT

WASHINGTON, Oct. 31.—(AP)—The comptroller of the currency issued a call today for the condition of all national banks at the close of business Wednesday, October 25.  
 The text read:  
 "J. P. T. O'Connor, comptroller of the currency, has this day called upon all national banks in continental United States, Alaska, and Hawaii and all saving banks, trust companies and credit unions in the District of Columbia for reports of condition as of the close of business Wednesday, October 25, 1933."  
 SALEM, Oct. 31.—(AP)—The state superintendent of banks issued a call today for the condition of all state banks at the close of business Wednesday, Oct. 25, 1933.

## 12 Inches Snow In Crater Park

A telephone report from Crater Lake national park was received by the park office here this noon, stating that up to that time, twelve inches of snow had fallen in the park. It has been snowing intermittently in the park since Saturday.

## NO DECISIONS FROM SUPREME COURT, WORD

SALEM, Oct. 31.—(AP)—Members of the Oregon supreme court are hearing appeals at Medford this week. For this reason there will be no opinions handed down by the court here today, Arthur S. Benson, clerk of the court, announced. Court conferences on opinions are usually held on Tuesdays.

 MOSCOW, Oct. 31.—(AP)—Restoration of press relations between Soviet Russia and Germany was announced today in a dispatch from Berlin published by the newspaper, Prava.

## ROADHOUSE CURB TALKED TO SAVE HEEDLESS YOUNG

Medford And Jackson County Officials Want Regulatory Power—Girls And Boys Carousing Is Claim.

Steps to curb the roadhouses and speakeasies of Jackson county, which officers say have been "running wild," the past fall and summer, are under consideration by city and county officials. A conference was held this morning to discuss plans for their abatement and another session will be held soon. Mayor E. M. Wilson, City Councilman W. M. Clemenson, City Attorney P. P. Farrell and County Judge Earl Day attended today's meeting.  
 Recommendations will be made to the special session of the legislature, convening November 20, urging that drastic steps be taken to regulate the resorts. At present there are no laws covering their regulation or license. A prohibitive license is also favored. Similar steps have been taken by other counties of the state.  
 Complaints have been pouring into county and city officials the past week, claiming "wide-open" conditions prevail and demanding that the roadhouses be suppressed. It is reported that the roadhouses are rendezvous for young girls and boys, as well as older folks, after dances, and that liquor is served all corners, without regard to age, and with vice and drunkenness flourishing. From these conditions have arisen the usual number of regrettable and serious situations, with youth the chief sufferer, the officials are informed.  
 With the prohibition law repealed, the only law on the books to which the roadhouses are amenable is the "nuisance law," which is weak. Thus the hands of the officials are tied, for effective prosecution, they point out.

## FEHL'S PROPERTY WILL BE SOLD ON JUDGMENT CLAIM

**WILL ROGERS says:**  
 SANTA MONICA, Cal., Oct. 30.—What's the R. F. C. farm relief and sportsmanship going to do about this?  
 Oregon State college has a football team that played all year with the same men and beat or tied everything on the coast.  
 The rules say that everybody that has a uniform is eligible, that in case a player has a 'phone call he can excuse himself for a few minutes, come back again, then if he has a luncheon engagement can take time out for that. Then, if he sees an old friend in the stands can send in a substitute while he chats with him. Then, of course, in case of slight fatigue, he can come out and sleep a bit.  
 But I don't want to criticize. They may be operating under the NRA. They are giving shorter hours and more work to more men.
