F. I. R. REJECTS FARM PRICE PLAN

By PAUL MALLON Copyright, 1933, By Paul Mallon. WASHINGTON, Nov. 4.—The conservative complexion of the R. F. C. may be roughly sketched.

RENO CALLS FOR PUSHING STRIKE INTO 'FULL GEAR'

Upholding of Aides Irks Holiday Leaders, Who Hint More Disorders—Governors Still Hopeful

WASHINGTON, Nov. 4.—President Roosevelt today flatly rejected price-fixing and regulation of farm production and sales as the solution of the farm price emergency.

The governors—Olsen of Minnesota, Herring of Iowa, Berry of South Dakota, Schmedeman of Wisconsin, and Langer of North Dakota—expressed disappointment in varying degrees as they prepared to return home.

Langer, identified with the non-partisan league during its heyday in North Dakota, said he was "disappointed" and asserted the decision "means the farmer is the forgotten man of this administration."

Olsen, the nation's only farmer-labor organizer, said he respected the president, regarded him as anxious to help the farmer, but asserted the administration is "mistaken in believing it can solve the farm problem through voluntary action as compulsion is necessary to get results."

Berry and Herring said they intended to support the president in his efforts, that while they were disappointed with his decision, they had confidence in the ultimate success of the administration program.

The White House in a formal statement at the conclusion of a conference attended by the president, Wallace, Peck and the governors, said the administration believed regulation of production and sales would be opposed by "highly individualistic farmers" of the south and east, and described the program as calling for what "amounts substantially to the licensing of every plowed field and marketing by a ticket plan system of all grain and livestock."

DES MOINES, Nov. 4.—(AP)—Leaders of the national farmers holiday association agricultural strike ordered a major offensive tonight, after the federal administration rejected their demands for cost-of-production farm prices.

"The responsibility for what happens in the future will rest squarely on the shoulders of the administration and Secretary Wallace in particular."

Already the two-weeks old strike has been marked by one slaying, six creamery bombings in Wisconsin, battles between picketers and anti-strikers, and an appeal by a western Iowa sheriff for national guard troops.

"If president supports Wallace, I request all state presidents to immediately contact every holiday officer, instructing them fully as to how to draw the strike into full gear on all farm products."

State police were yesterday searching for a young man who Thursday forged the name of R. V. Beall, valley farmer, on a check for \$14.80, which was cashed at the Honner Feed Store.

The check, made out to "John Reed," was signed "R. V. Beall."

F. O. Honner told state police Saturday that the youth presented the check in payment for some feed, which he was to call for later. Honner gave the man \$12 in change.

McCARRL MAY MAKE NRA DECISION

A ruling bearing on the controversy between Henry Ford (below) and Gen. Hugh S. Johnson (upper right), recovery administrator, over whether the government legally can make purchases only from signers of NRA codes may be made by Comptroller-General J. R. McCarrl (upper left). NELSON, NEW HEAD EDUCATION BOARD, ASKED TO RESIGN

Oratorical Bomb Hurlled at Homecoming Luncheon—Stinging Reply Filed and Kerr to Issue Statement

EUGENE, Ore., Nov. 4.—(AP)—A ringing challenge to speeches made at Eugene and Corvallis Thursday by Roscoe C. Nelson, president of the board of higher education, a challenge which reached its climax with the suggestion that Nelson should resign at once, was voiced here today by Wayne L. Morse, dean of the University of Oregon law school in an address at the university's homecoming luncheon.

Referring to the address of Nelson, in which Nelson asked for harmony among all persons interested in higher education and intimated that a small faction of faculty members was thwarting that harmony, Dean Morse declared:

"He (Nelson) was placed on that board of higher education to bring about harmony. His official act of president of the board of higher education, a challenge which reached its climax with the suggestion that Nelson should resign at once, was voiced here today by Wayne L. Why I Favor The Chest

To support the Medford Community Chest is to invest in the future good-citizenship of our children. Character-building activities as well as charitable organizations, should be generously supported in a financial way and the Community Chest presents a wise and business-like method of administering such public welfare funds.

W. A. GATES, Proprietor Economy Super Food Markets. In my opinion the Community Chest should be given the wholehearted support of the men and women of this city. It does away with duplication of effort, provides for a fair distribution of funds to charitable and character-building organizations of Medford and prevents unscrupulous persons from appealing for funds not authorized to do so. Let us put our efforts in behalf of these less fortunate on a business-like and practical basis.

SOLICITATION FOR HUMAN NEED FUND TO START TUESDAY

Montgomery Ward Makes First Contribution—Name Committees and Outline Plans for Chest Drive

This week is Community Chest week, and the sincere response of all citizens to the call for mobilization for human needs was asked yesterday by General Hamilton Patton, in announcement of committee to carry on the 1933 drive, following the meeting of workers at the court house Friday night. In the preliminary 100 per cent contribution list, Montgomery Ward & company was the first Medford firm to enroll.

Solicitations will start on Tuesday for a three-day period and all phases of the drive were outlined by Frank Hull, general chairman of the committee.

The personnel of the committee reads: N. W.—Red: J. C. Collins, captain; Geo. Henselman, lieutenant; Mrs. C. C. OREGON UNBEATEN, UNTIED, TRIUMPHS OVER UTAH, 26-7

Webfeet Outplay Rocky Mountain Titlists After Reserves Falter at Start—Pass at Finish Scores

HAYWARD FIELD, Eugene, Ore., Nov. 4.—(AP)—Utah's invasion of the Northwest was emphatically stopped by the University of Oregon here today, and the leaders of the Rocky Mountain conference were trounced by the undefeated Oregon eleven by a score of 26 to 7.

The Salt Lake City team got its touchdown in the closing minutes of play when a slipper pass from Cowley to Rinaldi and a 52-yard run took the ball over the goal line.

Oregon scored twice in the second period, and twice in the last. The Utes started out strong in the opening quarter, forcing Coach Prince Callison of Oregon to replace his reserve starting line-up with regulars before the onslaught, which showed the Webfeets in the shadow of their own goal posts, could be stopped.

But from then on, Oregon appeared to have the game in the bag. The victory lifted the team to the top of their most successful season in years. Neither defeated nor tied this season, they sent Coach Armstrong's valiant Utah eleven home, unable to penetrate the coast coast for a win in six starts.

Statistics added to the final result showing the power of Oregon in overcoming its inter-sectional rival on a fast field before the 8,300 spectators. The Webfeets tallied 252 yards from scrimmage against 82 yards for the Utes. Utah gained 100 yards by the aerial route, however, while Oregon was collecting 79. Oregon made 11 first downs, and Utah, four.

Four minutes after the second quarter opened, Leighton Gee took the business end of a reverse, set through tackle and dashed 51 yards to touchdown territory, almost unimpeded in the final sprint. Stey Milligan missed goal when his try from placement was wide.

With one touchdown already to his credit, Gee only seven minutes later accounted for another goal. He dragged a 29-yard pass from Milligan on the Utah 31-yard stripe, shook loose the nearest Indian tackler and sprinted across the goal line. True, the Webfeet's place kick was true, but the Utes' place kick was not. The defensive at the opening of the second half, but the action soon shifted and hardly had the fourth period started when Maurice Van Vliet, reserve halfback, threw his 140 pounds into action. Standing on the Utah 40-yard line, he shot the ball over the goal post where it was grabbed by Pehelina, another reserve, for the third touchdown. Utah smothered the try for point.

Within five minutes Oregon scored

WILL ROGERS SAYS:

BEVERLY HILLS, Cal., Nov. 3.—Well, I see today my old friend from Buffalo Bayou, Texas, Jesse Jones went right out in the wide open market and announced to the cockeyed world (including ourselves) that we wanted to buy gold. Price was no object, the folks we bought it from was no object, Eskimo, Russians, Hindus, Zulus, bootleggers or anything. The only thing we hadn't thought about, we got to give gold to get gold. Jesse couldn't start out with some of our paper money and buy a thimbleful of gold between now and the big argument. (What do you mean the big argument?) Why, when congress meets,

MEDFORD REQUEST CONG. MOTT HERE FOR SEWER PLANT FUNDS FORWARDED STUDY SOUTHERN OREGON INTERESTS

Approval Now Up to Washington—New Bond Election Near—State Board Puts Final Okay On Plea

News of the forwarding to Washington, D. C., of Medford's application for sewage plant construction funds, was received here yesterday by city officials as the most optimistic report since first steps were taken to obtain federal funds for improvement of the faulty sewage disposal system here.

The application for \$100,000, according to report from Portland, went out from the state advisory board for approval in Washington and hearing of funds. If it is approved by the national board, which it is understood, is looking with favor upon petitions for betterment of sewage disposal, Medford will call a second bond election in the near future.

Several changes have been made in the sewage program since the first election was held to submit the project to the people. No increase in money will be called for in the second election, but it is necessary that a second vote be cast to approve the plans.

Of the \$100,000 represented in the bond election, the city expects to obtain \$25,000 or \$30,000 in a gift from the government under the public works program. The remaining \$75,000 or \$70,000 will be issued in bonds which will be purchased by the government, with four per cent interest charges.

A sanitary engineer will be employed as soon as the application is approved. When the money is located, the site of the plant will be determined and contracts will be let after the bonds are actually sold. City Attorney Frank Farrell explained yesterday, assuring the public that city officials will take no definite action until assured that federal funds will be available.

The members of the state advisory board under the public works administration, approving the petition, are: Marshall Dana, Dean Gilbert, Robert Stanfield, B. E. Heney and Engineer C. C. Hockley.

COPCO TAX CHECK BOOSTS RECEIPTS

The California Oregon Power company paid its last half tax payment yesterday amounting to \$22,239.11, which is by far the largest tax payment to be received by the tax collection department of the local sheriff's office. The total property tax to be paid by the local power company this year in Jackson county amounts to \$104,485.40, which is nearly eight per cent of the entire tax levy of this county. The \$104,485.40 which has been paid by the California Oregon Power company this year covers only the state and county property taxes paid by Copco in Jackson county and does not include various other forms of state and federal taxes.

The total property taxes paid by the California Oregon Power company in the state of Oregon this year will amount to \$342,785.53 according to local officials. Tax collections Saturday outside of the Copco payment totaled \$18,696.89. It was the heaviest collection day of the period.

JOHN BARNEBURG SLIGHTLY BETTER

John A. Barneburg, former county commissioner, who has been seriously ill at his home here for the past few days, was reported in a slightly improved condition Saturday night. Mr. Barneburg became very ill the first of the week, the result of being struck by an automobile last Saturday evening, as he was crossing the street at the corner of Sixth and Central avenues.
