

Fall Football Broadcasts Add to Enjoyment of Radio Owners

FREE INSPECTION FOR RADIOS PLAN OF DEALERS HERE

Radio entertainment has come to be one of the most important of home features in the great majority of American families. Yet radios are comparatively new. Many of them have become obsolete or in disrepair so that proper reception of the excellent programs, perfect in tone and quality, which any good broadcasting station is capable of putting on the air, is impossible.

Realizing the enjoyment the public receives from improved radio reception, the California Oregon Power company, in line with their wish, so they state, to give their customers the greatest possible service from anything electrical, have arranged to co-operate with the radio dealers in the community to the extent of furnishing a free radio inspection service at no cost to the radio owner. A qualified radio operator has been employed by the company, so it is stated, who is available to check radio sets and make recommendations for improved reception. This service should be productive of much better radio reception to Medford people.

There is probably no other form of entertainment which offers such a wide selection and at the same time costs so little as the programs received over the radio. During the past year a tremendous improvement has been made in the construction of radio sets, together with substantial reductions in the price of radio receiving equipment. The addition of short wave reception to the regular broadcast wave band which brings programs from all parts of the world, police reports, airplane transmission as well as automatic volume control, better selectivity, range and tone quality, places the radio in the foreground as the cheapest and finest source of home entertainment.

It is the belief of the California Oregon Power company, so they state, that radio is of such universal entertainment value that it is the duty of the company to provide an expert, disinterested inspection of radio equipment in Medford in order that the owners of faulty and inadequate radio sets may be informed as to the exact difficulty so that if they wish they may take the necessary steps to obtain perfect radio reception in their own homes. This service to their customers is in line with the far-sighted business program of the company to make it possible for the users of electrical equipment to obtain the greatest possible service from the electricity they pay for.

SOCIETY and Clubs

Miss Ness Bride at
Lovely Church Wedding.

A beautiful event of this morning was the wedding at the Sacred Heart Catholic church of Miss Agnes Dorothy Ness of Medford, daughter of Mr. and Mrs. Thomas H. Ness of Roseburg, and Albert LaVerne Hawn of Eugene, son of Mr. and Mrs. A. D. Hawn of Roseburg, solemnized by Father Francis W. Black.

Several hundred guests, a number from other cities of the state, filled the church, decorated in chrysanthemums, potted palms and ferns, for the occasion. The sanctuary, lighted with white tapers, was artistically decked in bouquets of yellow, white and bronze chrysanthemums. And the chosen colors of autumn were emphasized by the gowns worn by the bridesmaids.

The bride, charming in white satin with veil of tulle, was given in marriage by her father, Miss Mary Hayes, daughter of Dr. and Mrs. James C. Hayes, was her maid of honor and her sisters, Misses Kathleen and Marion Ness, bridesmaids. Little Miss Rosemary Marshall, daughter of Mr. and Mrs. Joe Marshall, was flower girl, and Larry Hayes, young son of Dr. and Mrs. Hayes, ring bearer.

Don Hellwell of Marshfield was best man for the groom, and Ford Singleton of Roseburg and Thomas Ness of Corvallis, acted as ushers. Sebastian Apollo, local organist and composer, presided at the organ and the "Ave Maria" was sung by Mrs. James C. Hayes and the communion hymn by Harold Corlies.

The wedding was followed by a reception at the Hotel Medford.

PORT OFFICIALS ARE ASKED TO STEP DOWN

PORTLAND, Nov. 9.—(AP)—Resignation from the Port of Portland commission of James H. Polhemus, general manager; John P. Doyle, assistant secretary; James Healy, dock superintendent; and R. W. Nelson, assistant engineer, was recommended in a

report filed late Tuesday by Bert E. Haney and Paul C. Bates, new members of the commission.

They charged that the States Steamship company of which Commissioner Kenneth Dawson is head, has been the recipient of financial benefits through inauguration of reduced tariff rates and preferential treatment.

NOBEL PRIZE TO RUSSIAN AUTHOR

STOCKHOLM, Nov. 9.—(AP)—The Nobel prize for literature today was awarded the Russian author, Ivan Alekseyevich Bunin, 63 years old.

Bunin is a poet and novelist, born October 10, 1870, of a noble family of Voronezh.

He won the Pushkin prize, the highest academic distinction under the czar, for his poetry which he started publishing in 1899 and won it again for his translation into Russian of Longfellow's Hiawatha.

An exile from Soviet Russia, he was reported in March of 1927 to be ill and in poverty in Paris.

HINT NO DIVORCE MARY AND DOUG

NEW YORK, Nov. 9.—(AP)—Variety, the theatrical publication, said this week that Mary Pickford and Douglas Fairbanks have adjusted their differences and that there will be no divorce. Miss Pickford was quoted as saying that she will not sell Pickfair, her Hollywood home.

HOLLYWOOD, Cal., Nov. 9.—(AP)—Neither Mary Pickford nor any of her

staff would comment today on the story printed by Variety, theatrical magazine, that she and Douglas Fairbanks had adjusted their differences.

"I have nothing whatever to say, nor will Miss Pickford make any statement," N. A. McKay, her business manager, told the Associated Press. "No, nor will anyone else here make a statement," McKay said.

Three Bicycles Stolen — Reports were made at the city police station yesterday that three bicycles were

stolen. Floyd Baker had his stolen from the Holly theater, as did Walter Hulbert of 228 North Riverside avenue. Kenneth Scripper of 715 Cedar street has his stolen from the Junior high school, he said.
