

BURELSONS WILL STAGE BIG SALE ON ANNIVERSARY

Showing their appreciation to southern Oregon women for their generous patronage during the past year, Burelson's will conduct a fifth anniversary sale at the well-known ladies' ready-to-wear store on South Central avenue, beginning Friday morning at 8:30 o'clock.

Through good and bad business seasons in the five years since Mr. and Mrs. E. T. Burelson established their apparel shop in Medford, their store has shown a substantial growth. Many improvements have been made from time to time to make Burelson's one of the city's most attractive business houses. The millinery department has recently been enlarged and is now in charge of Mrs. J. H. Sugg, of Ashland.

Mr. and Mrs. Burelson are both experienced in selling women's clothing. Mr. Burelson having been connected with this type of business for 20 years. They came to this city five years ago from Crookstown, Minn., and opened their store in the Leverette building at the corner of South Central and Eighth street.

During the anniversary sale, Burelson's unusually large stock of fall and winter merchandise will be offered to customers at greatly reduced prices.

BAD LUCK LOT SOLD BY CITY

Medford's much discussed (and cursed) cherry trees, the harvesting of whose fruit involved the city in a \$25,000 damage suit, filed a short time ago in circuit court, are the city's no more, it was announced today.

Sale of the lot on East Main street, between Hartland and Willamette, where the trees are growing, was authorized at the last meeting of the city council. The price approved is \$1100 and the buyer, S. A. Kroschel.

The damage suit, involving the cherry trees, was filed by Ivan Jones of the Beagle district whose wife allegedly fell out of one, when picking fruit last summer. She sustained a broken back, according to the complaint.

Mr. and Mrs. Jones were permitted to pick cherries on shares at their

TWELVE MILLION OIL POOL PROFIT IS INVESTIGATED

(Continued from Page One)

Sinclair, an official of the oil company who negotiated the transaction, were listed by Cullen as \$2,632,962. Other participants of the pool and a companion trading account included Albert H. Wiggin, then chairman of the Chase National bank, H. P. Whitney and several noted traders, including Matthew C. Brush and George Breen.

At Smith Mentioned. Previously John J. Haskob, former chairman of the Democratic national committee, appeared voluntarily to explain a syndicate in which he, Alfred E. Smith and others participated during 1929.

He said the syndicate was formed by directors of the County Trust com-

pany to protect its stock on the market and to prevent a run on the bank after the suicide of James J. Rorand, president of the institution.

Rorand denied the syndicate had conducted market operations and testified the account is now closed and its obligations paid.

QUIVERING NERVES

When you are just on edge . . . when you can't stand the children's noise . . . when everything you do is a burden . . . when you are irritable and blue . . . try Lydia E. Pinkham's Vegetable Compound. 98 out of 100 women report benefit. It will give you just the extra energy you need. Life will seem worth living again.

Don't endure another day without the help this medicine can give. Get a bottle from your druggist today.

MASONS, WIVES BANQUET FRIDAY

Tomorrow night Medford Masons and Eastern Stars their wives and husbands, will meet at the Masonic hall here for banquet and entertainment, including motion pictures, dancing and cards.

Dinner, for which each member is asked to bring a covered dish, will be served at 6:30 o'clock. Motion pictures of his trip through northern Canada will be shown by J. A. Perry. Invitations have been extended all members of the lodges and their families. The committees for the evening are composed of Mrs. Chas. Gilbert, Mrs. Chas. W. Ellis, Mrs. O. D. Frazier, A. G. Bishop, C. M. Houston and O. O. Horner.

Britton Found Dead—R. F. Britton, aged 65, was found dead in his cabin in the Leland district Wednesday morning, by C. Arguilo, a section employe on the railroad, when the latter went to Britton's cabin to go prospecting with him, the Grants Pass Courier states. F. J. Clark was with Arguilo when Britton was found dead. Britton apparently died from heart trouble, the coroner announced, as the man was found in bed.

NEW YORK, Nov. 9.—(AP)—Late profit taking today checked the rally

in stocks which accompanied another sharp decline in international dollar rates and rising gold prices.

WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative. All doctors know the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence in

any prescription which he wrote. But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug to be absorbed by the system, or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

GOODYEAR SAFETY MILEAGE

LASTS LONGER IN COOLER WEATHER

TAKE A TIP FROM GOODYEAR ENGINEERS AND Buy New Tires NOW!

YOU don't need to be an engineer to get the point of the chart shown here. Let your eye follow the increasing height of the black bars shown above—they represent the increase of non-skid mileage that you get as temperatures go down.

The point of this chart is simply this—it's good sense and good business to buy new Goodyears now. Because you'll have more slippery driving in the next five months than in all the rest of the year—because tires which get their "breaking in" during wet, cold weather average 30% more total mileage than tires started off new in hot weather months—because you can buy the best tires Goodyear ever built at prices almost exactly where they were a year ago—because every tire you buy now helps to keep men at work and bring back good times it will pay you to look over your tires today and protect yourself from tire troubles and dangerous skidding by putting on new Goodyears now.

BUY NOW—help keep men at work—and get prices almost the same as they were a year ago!
