

ROYAL-ANCIENT CLUB CLARIFIES GOLFING RULES

Long-Standing Doubtful Points Cleared Up By New Draft of Laws—Amateur Status Still Undefined

ST. ANDREWS, Scotland.—(AP)—The Royal and Ancient club, to which the world of golfers looks for its standards, has approved a new draft of playing rules clarifying a number of long-standing doubtful points.

The new rules, which had been under consideration for two years, and become effective next January 1, contain nothing which can be described as revolutionary, but amplify the old rules and clearly define penalties. Some definitions now simplified are those relating to hazards, lost ball and strokes.

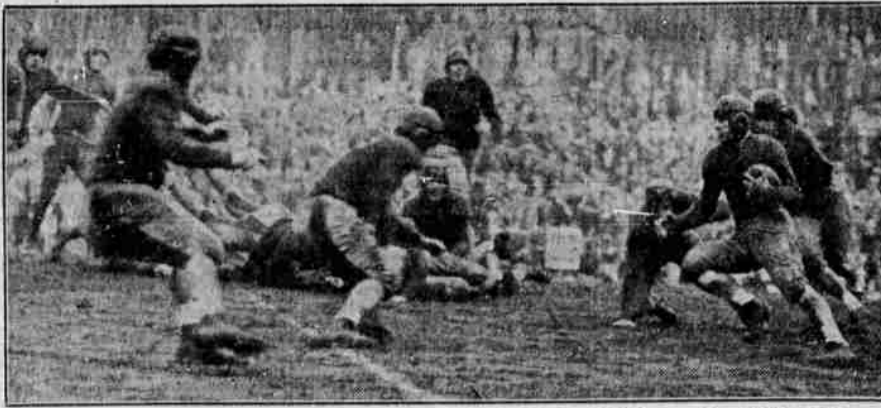

Bankers Defined.—A bunker is defined as that part of a depression in the ground where the soil is exposed and sometimes covered with sand. Grass in a bunker is not part of the hazard unless so defined by local rules. It is the duty of local authorities to define the extent of the hazard.

A stroke is a forward movement of the club made with the intention of striking the ball. A ball is deemed to have been moved if it leaves its position and comes to rest in any other place.

A ball is lost if it is not found within five minutes after search has begun, and if subsequently found may not be played. A player may now continue to play with a provisional ball until he reaches the place where the previous ball is likely to be.

No Definition of Amateur.—If a stroke is interfered with by any obstruction which is immovable and which is within two club lengths of the ball, the ball may be lifted and dropped, or on the putting green

placed, not more than two club lengths from the obstacle, but not nearer to the hole without penalty. If a player when making a stroke hits the ball twice, he shall count the stroke and penalty stroke in addition.

The committee of the Royal and Ancient club held many meetings to consider the question of defining the status of an amateur golfer, but was unable to arrive at any decision.

OREGON OFF FOR CRUCIAL BATTLE AT LOS ANGELES

EUGENE, Ore., Nov. 16.—(AP)—Determined to avenge their one-sided defeat by the University of Southern California last year, and thereby win the Pacific coast conference title, the undefeated and untied University of Oregon Webfoots were southward bound today for Los Angeles, where they will meet the Trojans Saturday afternoon in their last conference game of the season.

Coach Prink Callison left Eugene by train last night with 30 players, his coaching and training staff and the team physician, and his farewell statement was of his belief that Stanford's victory over the men of Troy can be duplicated and that Oregon is the aggregation that can do it.

Players going southward for the crucial battle include: Hughes and Swanson, centers; Clark, Cuppoletti, McCredie, Gagnon and Furry, guards; Eagle, Nilsson, Frye, Nilsson and Bishop, tackles; Morse, Wishard, Pozzo, Simpson, Jones and McCoy, Ends; Parke, Terjeson and Arey, quarterbacks; Temple, Gee, Mische, Milligan, Van Vleet and Pepsinjak, halfbacks, and Mikulak, Bobbitt and Rushlow, fullbacks.

LOS ANGELES, Nov. 16.—(AP)—Their two hard scrimmage seasons against Oregon plays completed, Southern California's Trojans were to go through offensive formations today under the watchful eye of Howard Jones.

The Trojans' first string did well enough against the Webfoot plays as simulated by the third string, but permitted several passes to be completed, much to the disgust of Jones.

TIGER AIR ATTACK GIVEN POLISH FOR GRANTS PASS TILT

(By Harold Grove.)

With two games left on their schedule and one of them to decide southern Oregon's representation at Portland for the mythical state football title, Medford high school gridsters settled down to some hard work in preparation for the game Saturday with the Grants Pass team.

Grants Pass boasts for the first time in many a game that it has an uninjured football squad together and will be in full force Saturday. During the Ashland game three or four of the first string players were out of the lineup on injuries or something or other. Grants Pass, playing with their full squad, missed defeating Roseburg by one point, the final score being 7 to 6 in favor of the Roseburg team.

Outside the sudden spurt of strength, Grants Pass has not been figured very strong. If Grants Pass should beat Medford it will be one of the greatest upsets in prep football of the state.

The Tigers reported for practice last evening and went through a barrage of offensive grid tactics. The point most needed is a passing attack that will work in any game. The ball was given first to Gillynky and then Ghelardi was sent in to take his place. Backfield men and ends went tearing all over the field, snagging at long passes, short passes and any other kind of passes the backs tossed at them.

If the backs were not being used in the passing practice they were used in the practicing of grid fundamentals with the line.

Medford high school has an excellent chance of being in on the play-off for the state title.

Last year Medford journeyed to Portland with a long string of victories at her belt, but was turned back by the Portland intercollegiate champs, Jefferson high school.

Coach Burgher is watching every possible source to better the Tiger squad.

TURKEYS, PRIZES AWAIT GOLFERS IN SUNDAY'S PLAY

Word has been received from A. P. ("Augie") Johnson, former Standard Oil chief here, now in Fresno, Cal., spinning on the committee in charge of Sunday's tournament at the Rogus Valley Golf club. The tournament will be open to all, whether members of the club or not, and it is the desire of the committee that as large a field as possible compete for the turkeys and other prizes which will be awarded.

Johnson was chairman in charge of some of the most successful tournaments ever held at the local links and Sunday has been designated as "Augie" Johnson day" in his honor.

In a telegram received by the committee, Johnson says he will fly up Saturday or Sunday to enjoy the tournament and add: "Save me a dozen good fat divots and have the gang on hand for a great day. I'll be seeing you."

Entry fee for the "turkey" tourney has been placed at a very low figure and, according to Jack Hueston, pro, indications are for a heavy entry of local and out-of-town golfers.
