

HUSBAND SLAYER UNDER GUARD TO PREVENT SUICIDE

PAULSBORO, N. J., Nov. 22.—(AP)—Under double guard since authorities said she threatened suicide, Mrs. Audrey Smith Clark, former musical comedy dancer, faced a bedside hearing today on a charge of slaying her wealthy young husband, Sheldon A. Clark, oil company executive and sportsman.

Lynwood Lord, acting prosecutor of Gloucester county, said he planned to have a magistrate go to the hospital today and formally arraign Mrs. Clark.

She is recovering from head injuries which police said were inflicted by her husband just before he was killed. Investigators said he broke a billiard cue over her head and that she followed him to the basement billiard room where the shooting occurred.

Pleading for sight of her children, the young widow sobbed her love for her husband yesterday.

"Nobody ever will know how much I cared for him or how much I put up with," she declared.

ASHLAND WILL GET TRANSIENT DEPOT

SALEM, Nov. 22.—(AP)—Transient relief depots will be established at Salem, Portland, Ashland and Klamath Falls, Clarence Reynolds, director of transient relief for Oregon, announced here yesterday.

Some supervisory aid from the federal emergency relief administration will be given, Reynolds said the Salem depot, formerly known as Hotel de Minto or Salem's flophouse, would continue to depend mainly on local support.

Young men who apply for food and lodging will be contacted by an advisor. He will arrange for them either to return to their home cities or go to a transient's camp to be established at the Cedars, former detention home at Portland.

It is the policy of the transient relief director to place depots, one to a county, Ashland, being the logical point in Jackson county for such a station, has therefore been chosen in place of Medford, and there will be no depot here, Ashland will serve the complete territory.

Surveys of the problem have shown that practically the same transients stop in the two cities.

GASOLINE CREDIT CURBED BY CODE

Credit changes under the new code, affecting service stations and their patrons, were announced here yesterday for the benefit of the public.

Service station operators under the new code of fair competition for the petroleum industry are not allowed to extend credit after the 15th of the month following purchase.

The ruling affects all stations and all customers. Announcement was recently made by Max D. Leh, state chairman of the enforcement committee, that after November 11, all provisions must be strictly enforced.

GOLD PRICE HELD SAME AS TUESDAY

WASHINGTON, Nov. 22.—(AP)—The administration went forward with its gold program today undeterred by the contention of Dr. O. M. W. Sprague that grave dangers lie ahead if the policy is pursued.

Designating as special financial advisor to the treasury, Dr. Sprague wrote to President Roosevelt that unrestrained inflation and a breakdown of governmental credit threaten as a result of the present monetary procedure.

The price of domestic gold was fixed today at \$33.76 an ounce, unchanged from yesterday, with the dollar slumping again, carrying the world gold price upward from an opening of \$34.31.

METEOR SEEN HEADED IN DIRECTION AIRPORT

Another report of a large meteor, seen headed for earth in the vicinity of Rocky Ann Friday night, was brought to the Mail Tribune today.

Mrs. Sarah Pyburn announced that she saw the streak of fire progressing downward in the direction of the airport, traveling like a skyrocket.

Fred A. Smith yesterday reported seeing the same meteor, disappearing behind Grizzly peak. A previous report had been brought to the city Saturday by X. Widmer of Butte Falls, who thought the meteor landed in the Rocky Ann area.

MAUREEN O'SULLIVAN IN TURN FOR WORSE

HOLLYWOOD, Nov. 22.—(AP)—Development of peritonitis after an operation for acute appendicitis caused concern to be expressed today for the recovery of Maureen O'Sullivan, black-haired motion picture actress.

TRUCKERS APPEAR BEFORE SOLONS IN LAW CHANGE PLEA

More than 300 small truckers appeared after parading through Salem with their trucks displaying placards stating their demands. Logging camp hearings frequently slipped into the hearing as truckers mentioned peevish "rigging" donkey engines and similar terms.

"The present law will make lira and crooks out of 75 per cent of the truck owners in Oregon," declared G. H. Hickman of Salem. He said on his two-wheel trailer truck he would be forced to pay approximately \$3,000 total taxes and fees annually under the present law.

This included state and national gasoline taxes. He told the Associated Press his truck travels approximately 100,000 miles a year.

Other objections by truckers and farmers, not all of whom appeared in working clothes, were that the law enforced would throw more than 40,000 persons on charity, take 10,000 trucks off the highways, that it is impossible for many to obtain bond, that filling of contracts destroys the reliability of trucking.

SALEM, Nov. 22.—(AP)—Small truckers, many dressed in their work clothes, paraded the bus and truck law before a joint senate and house roads and highways committee of the legislature yesterday afternoon.

The hearing will be continued today with some large trucking interests expected to champion the law, or at least most of it.

JUDGE NORTON FORCED TO REST BY ILLNESS

Circuit Judge H. D. Norton, III with a cold, was forced to impose a rest upon himself, and is now at his home recuperating. He expects to be able to resume his judicial duties next Monday. Judge Norton occupied the bench Monday, in the suit of Guy Plummer, against the General Oil company, and was unable to resume Tuesday. The case was postponed until next month.
