

BEARS AND GIANTS LOOM AS FOES IN PRO GRID PLAYOFF

CHICAGO, Dec. 1.—(AP)—The Chicago Bears today were in possession of at least a tie for the western division title in the national professional football league, and needed only a tie in either of their next two games to oppose the New York Giants in the championship playoff.

The 1932 champions yesterday gave the Chicago Cardinals their regular Thanksgiving day beating, 22 to 6. The Giants, the eastern leadership safely stowed away, defeated Brooklyn, 10 to 0, in the only other game on the holiday program.

The Bears had almost no trouble in whipping the Cardinals. Joe Kopcha blocked on of Dick Nesbitt's punts in the first period, and Bill Kay recovered and ran 25 yards for a touchdown. In the second period, Francis McNally, Card center, passed poorly to Mike Koken, who was back of his goal line to punt, and Ray Richards threw the former Notre Dame star for a safety.

Red Grange did most of the work in a 37-yard advance in the second frame, topping it off with a five-yard drive through the line to score. The final Bear points were made in the fourth on a 21-yard pass from Bull Doehring to Joe Zeller. The Cardinals scored in the last minute.

The Bears meet Portmouth Sunday, and tackle Green Bay at Chicago a week later.

NEW YORK, Dec. 1.—(AP)—Bill Terry, manager of the New York Giants of the National baseball league, today announced through the New York office the purchase of Joe Bowman, right-handed pitcher from Portland of the Pacific Coast league. Bowman is 23 years old, six feet two inches tall, weighs 195 pounds and won 23 games and lost 11 with Portland this year.

TIM MCCOY WESTERN AT ROXY SATURDAY

Silent men, like still water, are hard to fathom. Tim McCoy proves decidedly so in "Silent Men," which comes to the Roxy theater tomorrow. In the role of a cattle brand inspector, Tim has reason to suspect any or all of a group of seven men of tampering with cattle brands. Just how much he has on them and what he's going to do about it keeps the suspects ever alert, with several unsuccessful attempts being made on McCoy's life. The picture closes with a spectacular fire scene and thrilling rescue from the flames.

NORTON TO HOLD COURT NEXT WEEK

Circuit Judge Harry D. Norton is rapidly recovering from his severe cold and is able to come to his chambers in the courthouse daily for transaction of minor routine business such as signing orders. Judge Norton expects to be able to hold court next week, but as yet has not decided, whether to hold the deferred Josephine county court, or resume cases docketed in this county.

In any event, the jury will not be called for the local circuit court. Only civil actions occupy the docket. Judge Norton mapped out a course that would have cleared away much of the litigation that has been pending since last spring, due to the turmoil trials. His cold, that followed a dental operation, deranged the calendar.

COLONIALS TRIM SALEM, 14 TO 0, IN SHRINER BENEFIT

PORTLAND, Ore., Dec. 1.—(AP)—A fast and powerful Washington high school eleven, champions of the Portland interscholastic league, put on a dazzling display of football to defeat Salem high school, 14 to 0, in their Thanksgiving day game at Multnomah stadium here yesterday, played for the benefit of the Shrine hospital. The attendance was officially given at 10,929.

The Senators from Salem kept the large crowd cheering as they turned back the Colonials several times then, after yielding two touchdowns and a safety, staged a strong last-minute drive that carried them to the Washington 23-yard line as the final gun sounded.

Hadley, Colonial half, received Nicholson's kickoff from a safety and behind fast forming interference dodged through the entire Salem team to score a touchdown and the final points of the game. The try for extra point failed.

It was shortly after this that Salem laughed its fruitless drive from its own 34 yard line.

Max As Star

"The Prizefighter and the Lady," with Max Baer, Myrna Loy, Walter Huston, Primo Carnera and Jack Dempsey in featured roles, plays until tomorrow night at the Craterian theater. The big surprise of the picture is a naturalness with which Baer falls into the role of the young bouncer who rises to the position of leading contender for the world's heavyweight championship. There is none of that awkwardness so noticeable in most actors in their first screen appearances.

Saturday night is again "preview night" at the Craterian and "The Good Companions," a musical comedy-romance with Jessie Matthews in the leading role, has been chosen as the extra feature. Those attending the 9 o'clock show are invited to remain at no extra charge for the preview.

SALEM, Dec. 1.—(AP)—A car driven by Alonzo T. Denn of Roseburg collided with a car driven by C. T. Hoover of Salem here yesterday. Hoover received lacerations about the arms when his car overturned. His wife suffered a broken arm.

TURKEYS EXCEED HOPES IN RETURN

County Agent Robert O. Fowler said today that he figured the turkey growers of the valley would get around "15c or 16c per pound for their San Francisco shipments," and that this would be better "than they expected and better than the price last year." Full returns are not expected much before Monday.

Valley growers shipped 12 refrigerated express cars, totaling about 200,000 pounds, to the California market last week and this. They received a down payment of 60 per cent, the balance to be received after sale, and cost and commission deductions.

The Prisco price was around 20¢ 21c. Agent Fowler said that "unlike last year, the price did not drop the day before Thanksgiving, but held steady." He said this was beneficial to the grower.

John Anderson of Central Point, who took a load of turkeys to San Francisco last week, said that there were few birds in cold storage, and that from what he could learn, the storage butter and egg supply was low. This is a good sign for the producer of the two commodities, as

the storage holdings in the past have kept down the price.

A number of valley turkey raisers held their birds for the Christmas market. Indications point that the buying will be brisk. Fine Christmas shipments will begin to take shape within the next ten days or two weeks.
