

BUS, TRUCK BILL UP FOR ACTION IN LOWER HOUSE

(Continued from page one)

cities and towns to collect two and half per cent receipts of horse and dog races in addition to the state per centage already levied, would place a four per cent amusement tax on gross income of amusement businesses, and a tax on premiums of alien automobile, fire and casualty insurances.

Grange Power Bill Up
The senate proposals for creation of a state power commission to construct transmission lines to Bonneville dam, somewhat parallel to the administration's proposals in the house, were up for final passage in the senate, but it was believed they would be sent back to the committee to make way for the administration's bill.

The senate, with 22 measures before it for final consideration had the bill authorizing branch banks to issue public statements of their conditions as do other state banks. Other proposals to be acted upon included increasing preliminary challenges of jurors in criminal cases, the series of irrigation district bills making it possible for loans from the federal government, and granting the forestry department power over operations in forests during extreme fire hazards.

Senate Bill Airing
The senate committee on alcoholic control, which received the Knox bill today following its passage by the house, will hold a public hearing on the measure tonight. This was expected to be the final hearing on the proposal to handle package liquor thru state-owned stores and designated agencies. A new bill to tax beer was being prepared by Representative John Beckman.

Statistics reveal most of bills still in committee, but fast action on most of the proposals will be seen this week, with the expectation that night session will start Wednesday.

Unemployment relief at the expense of the Oregon National Guard was crowded upon by the joint ways and means committee Saturday afternoon when the committee refused to report out a bill appropriating \$50,000 for this purpose. The committee also rejected a bill fixing the maximum salary of state officials at \$3000 and another cutting out the 1.20 mill tax for county fairs.

Extension of the scope of the emergency farm mortgage act and the home owners loan act to include repairs to buildings is asked in a memorial introduced in the senate by Senator Upton. The present policy of the administration is to loan money sufficient to pay existing obligations against the property.

CHRISTIAN ENDEAVOR CONVENTION ENDS IN ELECTING OFFICIALS

Crater Lake Christian Endeavor Union convention which was held in Phoenix came to a close Sunday evening in Phoenix when Dr. J. W. Haman gave the last address of the convention, "I Will Be Christian in World Outlook." One of the greatest things gotten from the convention, delegates stated, was the contact with state officers, Helen McClay, state president, and Viola Ogden, state secretary.

The convention opened Friday evening with an officers banquet at 6:30 o'clock, main sessions beginning at 7:30 with Rev. Ralph Peterson's welcoming address. The convention was well attended throughout, with 80 delegates present for the first meeting and the number increasing as the convention got under way.

Members of the officers for the coming year was the closing feature. Many of the officers were re-elected. Norman Fraley, last year's president, was re-elected to head Crater Lake Christian Endeavor for the coming year.

The newly elected officers are as follows: First vice-president, Vera Wright; second vice-president, Opal Bush; third vice-president, Roberta Gaston; secretary, Helen Smith; treasurer, Vincent Sawyer; young people's superintendent, Mrs. Kribs; intermediate superintendent, Inger Hendrickson; union superintendent, Olaf Hagen; missionary and tenth legion, Marie Prescott; prayer meeting and quiet hour, Marion DeVries; publicity, Adrian Fraley; C. E. World, Gerald Latham and Wayne Carter; education and efficiency, Grace DeVries; social and recreation, Myola Gossell, and evangelistic, W. Dorn.

DOLLAR MAKES GAIN IN FOREIGN EXCHANGE

LONDON, Dec. 4.—(AP)—The United States dollar made its best showing for some time on the foreign exchange market today, gaining 18 cents to the pound and closing with a quotation of \$3.04 to the pound.

French speculators, owing to the unsettled political situation in their own country, covered their short sales and this covering started an improvement which was helped later by commercial buying.

Skid Is Fatal
WATSONVILLE, Calif., Dec. 4.—(UP)—Harry E. Bennett, 51, of Monterey, and Mrs. Alva Kahler, Carmel widow, were killed instantly yesterday when a roadster Bennett was driving skidded on wet pavement two miles south of here and overturned.

BRITAIN WILL TRY JAKE THE BARBER

WASHINGTON, Dec. 4.—(AP)—Extradition to England of John (Jake the Barber) Factor of Chicago for trial on a charge of participating in an \$8,000,000 swindle, was approved today by the supreme court. The court upheld the action of the seventh circuit court of appeals directing extradition.

Factor fought extradition on the ground the offense charged against him of having received money knowing it was fraudulently obtained was not a crime under the Illinois laws and therefore not extraditable under the treaty with Great Britain.

Since the extradition proceedings were begun Factor and his son claimed to have been kidnapped and held for ransom.

NEW YORK, Dec. 4.—(AP)—In a market whose principal feature was its dullness, stocks followed an extremely narrow range today and neither the bulls nor the bears ventured very far outside the safety zones. It was one of the slowest sessions since last spring. Transfers approximated only 650,000 shares. The close was fairly steady.

Today's closing prices for 32 selected stocks follow:

ST. PAUL ISLAND, Bering Sea, Dec. 4.—(AP)—A hundred miles north of the Arctic circle in the bleak ice of the east Siberian sea, the ice-locked soviet ship Chelivskan and its human cargo of 68 souls today faced another "heavy storm."

Baffled by another storm three days ago in their efforts to abandon ship and make a gallant effort to reach shore over the ice, another storm was rising yesterday, their wireless operator messaged. The message, received by the naval radio operator here, described their plight as "okch."

It was known here, however, that the Chelivskan, an icebreaker, had been ice-locked for two months in attempts to reach Davidoff island, and that the plight of the expedition aboard must be becoming serious for an attempt to abandon ship to be contemplated.

Herd Drunks in Camp
REGENSBURG, Germany, Dec. 4.—(UP)—The city council today decided to place five out of the community's 88 habitual drunkards in a concentration camp. Licensees of inkeepers encouraging heavy drinking will be encouraged.

The California Highway Patrol has prohibited speed tests of automobiles on state highways.

Export Wheat
PORTLAND, Dec. 4.—(AP)—A bid of 72 cents a bushel was posted by the North Pacific Emergency Export Corporation today for soft white wheat to move to foreign markets.

Silver
NEW YORK, Dec. 4.—Bar silver 1/4 lower at 43 1/2.

Dripping radiators repaired. Brill Metal Works.

TAX PROBLEMS HEIGHTENED AS REPEAL LOOMS

WASHINGTON, Dec. 4.—(AP)—President Roosevelt, on returning from Georgia today, found the immediate problem of prohibition repeal thrusting tax and other problems forward for action and prepared to do his part toward settlement.

Among the first to be consulted by him was the acting secretary of the treasury, Henry Morgenthau, Jr., under whom the multiple taxes on liquor will be collected and whose recommendations on the subject are being formulated for congressional action.

The state department made ready for quick proclamation of repeal when it hears by telegraph from the Utah convention, as the 36th to act, in mid-afternoon tomorrow.

A presidential proclamation is expected simultaneously to assert the end-of-repeal, thereby marking the end-of-effectiveness January 1—of taxes estimated at \$212,000,000 a year. This will reduce the federal gasoline tax a half cent a gallon making it one cent; and eliminate the taxes on dividends, capital stock and the increased excess profits levy.

NEW STORM HITS ICE-LOCKED SHIP

ST. PAUL ISLAND, Bering Sea, Dec. 4.—(AP)—A hundred miles north of the Arctic circle in the bleak ice of the east Siberian sea, the ice-locked soviet ship Chelivskan and its human cargo of 68 souls today faced another "heavy storm."

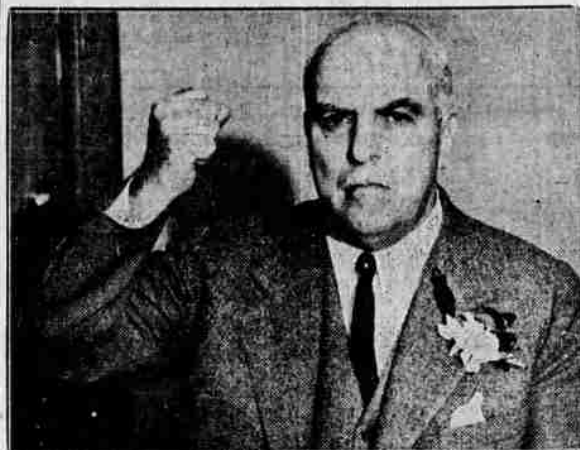

Baffled by another storm three days ago in their efforts to abandon ship and make a gallant effort to reach shore over the ice, another storm was rising yesterday, their wireless operator messaged. The message, received by the naval radio operator here, described their plight as "okch."

It was known here, however, that the Chelivskan, an icebreaker, had been ice-locked for two months in attempts to reach Davidoff island, and that the plight of the expedition aboard must be becoming serious for an attempt to abandon ship to be contemplated.

Herd Drunks in Camp
REGENSBURG, Germany, Dec. 4.—(UP)—The city council today decided to place five out of the community's 88 habitual drunkards in a concentration camp. Licensees of inkeepers encouraging heavy drinking will be encouraged.

JEAN HARLOW TAKES APPENDIX VACATION

SAN FRANCISCO, Dec. 4.—(UP)—Jean Harlow and her husband Hal G.

Rosson, Hollywood cameraman, were here today on what the platinum blonde film star termed her "appendix vacation." Her appendix was removed recently.

"Claudette Colbert set the vogue," said Miss Harlow, apropos appendices. "Now everyone's doing it. Maureen O'Sullivan is the latest."

"Hollywood doctors are collecting a

lot of movie appendices, but they can hardly ask us to autograph them."

3 about Cigarettes

Not so long ago practically all cigarettes were made by hand

Now, Chesterfields are made by high-speed machines that turn out 750 cigarettes a minute, and the cigarettes are practically not touched by hand.

BY the use of long steel ovens—drying machines of the most modern type—and by ageing the leaf tobacco for 30 months—like wine is aged—Chesterfield tobacco is milder and tastes better.

Only pure cigarette paper—the best made—is used for Chesterfield.

And to make sure that everything that goes into Chesterfield is just right, expert chemists test all materials that are used in any way in the manufacture.

Chesterfields are made and packed in clean, up-to-date factories, where the air is changed every 4 1/2 minutes. The moisture-proof package, wrapped in Du Pont's No. 700 Cellophane—the best made—reaches you just as if you went by the factory door.

In a letter to us, an eminent scientist says:
"Chesterfield Cigarettes are just as pure as the water you drink."

"Chesterfield cigarettes are just as pure as the water you drink"
