Miss O'Rourke and Mr. Rice Married

Announcements have been received here of the marriage in Chicago of Miss Kate O'Rourke, formerly of this city and Vancouver, Wash., to Orval Rice of Martinsville, Ind., also formerly of Vancouver.

Following a honeymoon spent in Chicago, where they attended the world's fair, and other eastern cities, Mr. and Mrs. Rice are now making their home in Martinsville, where he is engaged as a commercial artist.

Their marriage was the culmination of a school romance in Vancouver. The bride, who spent the past two years visiting her sister in Honolulu, was in Medford again for two months last summer, then went east in the fall to meet her fiancé, and they were married in Chicago.

Mrs. Rice made her home in Medford for several years before going to the islands, and has many friends here.

SET-GUN, STILL FOUND ON FARM UP EVANS CREEK

For allegedly having a rifle set on a trail up Evans creek and also charged with having in his possession an unlicensed still, Frank Orlando Gamble, 52, who resides up Evans creek, is being held in the county jail by state police, awaiting decision as to what charges will be filed against the man.

Gamble was arrested at 4:30 o'clock yesterday afternoon near his place in the Evans Creek section and, according to the state officers, admitted that he had set the rifle in the trail so that he could kill a deer.

Upon searching Gamble's house, the police found another loaded gun and a still, constructed from a five-gallon milk can. Four one-quart bottles and a one-gallon jug of alleged moonshine were found in the cabin, police said.

Police said that Gamble told them the liquor business hadn't been so good lately that he took 17 quart bottles of his goods to Wimer recently, and could only sell one bottle—for 50 cents.

To get water down to the house for the still Gamble had carved a trough into some fir poles and arranged them for a distance of 250 feet to the house.

Over Four Million Now On CWA Payrolls With Winter-Long Prospect

WASHINGTON, Dec. 15.—(AP)—The civil works administration said today that more than 4,000,000 are now on its payroll.

This was the goal set by President Roosevelt, in authorizing use of upwards of \$400,000,000 for direct employment of persons heretofore on relief rolls. It is expected congress will be asked to provide more funds for this purpose to carry the CWA into the spring months.

Harry L. Hopkins, civil works administrator, told reporters his information showed the full quota of employment planned for December 15 has been completed. He could not, however, give any definite figures and contented himself with the statement that 4,000,000 are employed. He paid tribute to state and local civil works administrations and volunteer workers who have devoted their time to the situation for the past month.

Some of the states have not filled their CWA quota but others have exceeded the number they were supposed to employ. Adjustments will be made to level out the situation.

Hopkins estimated there still are 1,500,000 families on relief rolls and said the exact number probably will not be known for another 30 days.

Hopkins today made public rules of the civil works administration covering the employment of clerical workers. This carries the stipulation that the so-called white-collar workers may be employed to 39 hours per week at prevailing rates in the individual communities, but not less than the following rates per week:

	Base A	Intermed.	Operat.	Tech.	Super.
Southern zone	\$12	\$15	\$18	\$18-25	\$21-40
Central zone	15	18	21	21-40	24-25
Northern zone	18	21	24	24-25	

The rates for semi-skilled labor, the new rules say, depend upon local custom and are to be set between the wage rate for skilled and unskilled labor, in accordance with local prevailing rates, unless otherwise provided for by agreements approved by the public works administrations within or through the state.

BILL CHARGED TO COUNTY PAID BY G. G. C. PRESIDENT

(Continued from page one)

from Attorney von Schmalz for \$113. Attorney von Schmalz was a defense counsel in all the ballot theft cases.

Payment of the bills for the Chief Justice Hughes and Von Schmalz messages wiped out the former charges to which this paper referred. The statements of the telegraph managers says they can find no unpaid messages charged to the "Good Government Congress" in their files. None of the above facts were set forth, and the story was only half-told. Payments by Mrs. Martin and Attorney von Schmalz for messages are not mentioned.

The Mail Tribune article stated that a telegram had been sent to Congressman Mott at Washington, D. C. A notation beside the item in red pencil, listed it as "G.G.C." County Clerk Carter says that this was an error, as it was afterwards discovered the Mott message was official county business, when the county court investigated, and the G. G. C. had nothing to do with it.

The county was also assessed for telephone calls made by Fehl to his attorney in Grants Pass, and to the sheriff of Coe county, a defense witness in the ballot cases. The county court is reluctant to pay, but will probably have to. No denial is made of the legitimacy of the long distance calls, as charged from the telephone records, or that Fehl made them, on personal matters.

Heavy use of gasoline and charged to the county, during the months of the Banks-Fehl turmoil, and the trial of Banks at Eugene, were also set forth in the article. Most of these charges have been paid, and some are pending.

The district attorney's office this week stated that some confusion has arisen because the hospital bill of L. A. Banks, incurred after his conviction for murder had not been paid. Banks went to the Eugene hospital for an operation, and remained for about a month. The district attorney's office states the hospital sojourn and medical attention, was upon the understanding between counsel for the state, defense and the court, that

Charles Moran of Cleveland, Ohio, would pay the bill, and that Jackson county would not be charged for it. Moran is a brother-in-law of Banks, now serving in state prison. The account is still unpaid.
