"Alice" at Holly Is Unusual Film

Perhaps the most noteworthy feature of "Alice in Wonderland" is playing at the Holly theater, is the faithfulness with which Paramount has put Carroll's ultra-popular stories into celluloid form. Costumes, setting, dialogue and all the other details of the books are reproduced as accurately as possible. This fact alone makes "Alice" one of the outstanding films of all time.

Charlotte Henry of Brooklyn, N. Y., who was selected from nearly 7000 applicants for the part of Alice, dominates the picture, although each of the supporting cast does excellent bits. Paramount used nearly all its stars to make the production as near perfect as any film version of a book could be.

MARCH OF TIME IN "SONG OF EAGLE"

"Song of the Eagle", a bold, sweeping drama of two decades of American history, as seen through the eyes of one American family, is now playing at the Holly.

The breath-taking march of events during the most vital period in world history, from the opening of the World war up to the present, and then on into the future, is thrillingly chronicled in the picture.

COUNTY COURT'S PROBLEMS TOLD BEFORE ROTARY

Earl Day, county judge, addressed the luncheon meeting of the Medford Rotary club at the Hotel Medford today upon the various problems being faced at the present time by the county court.

In his introductory remarks, Mr. Day pointed out that the county court had made a special effort to further a feeling of friendly understanding between the people of this county and had strived for an economical and equitable administration of county affairs for the best interests of people living in every section of the county.

After a frank discussion of the old age pension, in which Mr. Day suggested reforms which would ultimately benefit aged people to a greater extent, the speaker centered his remarks upon the sales tax. Judge Day was firm in his belief that a sales tax is necessary in this state as a school relief measure and reviewed the activities of the Oregon state legislature, of which he was a member, in handling this and other tax legislation.

Because of the interest manifested by members of the Rotary club in Mr. Day's address, Program Chairman Hamilton Patton suggested that the next regular meeting of the club be devoted to a round table discussion on taxation with the county judge as chairman.

George Porter acted as chairman of today's Rotary session and W. H. Dancy, a Salem Rotarian, and Al Flynn were guests.

MANY AUTOISTS BUY NEW TOPS

Applications for 1934 licenses were being received today by the sheriff's office in a fairly steady stream. It is expected to assume the proportions of a rush by the end of the week.

As a convenience to the auto owners, the sheriff's office will remain open during the noon hour this week, enabling those employed in stores and offices to procure their temporary licenses.

Sheriff Walter Olmstead said this morning that no checks would be accepted in payment for licenses. This is a ruling of the secretary of state. A number of autos in the city and county already bear the new license—gray and black in color—and of a lighter weight than in former years. They range from number 343, held by Stanley Sherwood of the postal force, to 24,860 received last Friday.

Heating costs can be reduced. For complete heating service call Art Schmidt, 418-1862.
