Dolores Del Rio Heads Craterian Double Features

Premised on a catchy romance, lavishly and elaborately mounted, tuneful tunes featuring four hit numbers, new solo and group dance ideas, oodles of gorgeous girls, laugh laden comedy situations, a little human interest drama, breath-taking spectacle, together with well balanced action, blend slyly into fresh eye and ear entertainment.

The cast includes Dolores Del Rio, Gene Raymond, Ginger Rogers, Fred Astaire and Raul Roulien in the top spots, and in addition there are fifty other principals.

The show, after an opening Miami Beach sequence, where plot, characters and motif are established, is located in Rio de Janeiro. The triangular romance conflict of Dolores Del Rio, Gene Raymond and Raul Roulien is developed against a background of beautiful scenic effects.
