Garden Club Meets Thursday Evening

The Medford Garden club will hold its regular monthly meeting Thursday, Jan. 4 at 7:30 p. m. in the court house auditorium.

Luy Pupils In Recital Friday

Dance students of Ruth Marie Luy will be presented in recital Friday evening at Hunt's Craterian theater.

Pythians Observe New Year Monday

The annual New Year's party, to which the Knights of Pythias are inviting the public, will be held at the Pythian hall Monday evening.

Cards and dancing will comprise the evening's diversion with music furnished by Dickey's orchestra.

Activities of Legion Auxiliary

By Mrs. Goodwin Humphrey The officers of the American Legion Auxiliary wish to extend greetings for a bright and prosperous New Year.

Of special interest to auxiliary members is the varied make of legislation affecting the veteran, which will be offered in the two houses of congress when the seventy-third congress of the United States begins its first regular session.

Building Bridge Club To Meet Thursday The Building Bridge club will meet Thursday afternoon at 2 o'clock at the parish hall.

Royal Neighbors Meet Thursday The Royal Neighbors will meet for their business meeting Thursday evening.

Foreign Missionary Society To Meet The Foreign Missionary society of the First Methodist Episcopal church will meet Tuesday afternoon at the home of Mrs. C. A. Meeker on North Central.

"Don't Worry Club" Has Meeting The "Don't Worry Club" met at the home of Mrs. E. Iversen on Ross Court Thursday afternoon for a one o'clock luncheon.

South Side Circle To Meet Tuesday The ladies of the South Side circle of the Baptist church will meet January 2 at 2 o'clock in the afternoon at the home of Mesdames Miner and Bosbar, 404 South Grape street.

St. Mark's Altar Guild To Meet There will be a meeting of St. Mark's Altar Guild Monday evening, January 8, at 6:30 o'clock, at the home of Mrs. Jack Porter.

Lindlers Entertain At Holiday Dinner Mr. and Mrs. W. T. Lindley and daughter, Willette, were hosts at their home, 215 East Jackson, Wednesday evening at 7:30 dinner.

Lady Elks Meet For Cards Tuesday Mrs. Lady Elks will meet for pool and cards Tuesday afternoon, January 2 with Mrs. Darnelle, hostess.

SUICIDE LEAP IS CLUE TO BRUTAL MURDER WOMAN

CLEVELAND, O., Dec. 30.—(AP)—A man's suicide leap from the super-high-level bridge here tonight resulted in the discovery of the hammer murder of a woman.

An hour after motorists had seen a man jump from the bridge rail and bounce from a tug into the Cuyahoga river 110 feet below, coast guards recovered a body tentatively identified as that of Joseph Di Poci.

Tracing an address given in a bank book issued to Di Poci and Mrs. Mae Gross, 34, police broke into a disordered bedroom and found her body. The room showed evidence of a terrific struggle. The blood-stained hammer used in beating her to death was in the room.

After neighbors said Di Poci had occupied the room for five months, and reported seeing him leave half an hour before he jumped from the bridge, the police began a search for Mrs. Gross' husband to inform him of the tragedy. The Grosses lived at another address.

Two other men killed themselves by jumping from the bridge Thursday. They were Robert Townes, 35, and Robert M. Lockwood, 30.

ARGENTINE REDS REVOLT QUELLED

BUENOS AIRES, Dec. 30.—(AP)—A communique from the president tonight said 40 radical rebels had been killed and more than 300 wounded in a battle last night between loyal Argentine troops and more than 300 rebels who crossed into Cotingues province, Argentina, from Brazil.

While the government claimed normal conditions had returned to the country today, last night's battle apparently was a final flare-up in an abortive revolution, from which President Justo blamed the radical party. The presidential communique added that the Corriente revolutionists, among whom it said were numerous Brazilians, were well armed with rifles and machine guns.

STRIKING MINERS VOTE NRA RETURN

DAWSON, N. M., Dec. 30.—(AP)—Casting a unanimous vote at a general mass meeting here today, 300 striking coal miners at the Phelps-Dodge corporation mines decided to return to work Tuesday without their strike leaders and to submit their demands to the arbitration board provided in the NRA coal code.

All of the miners will be rehired, with the exception of Tellefondo Gallegos and Doney Jones, president and vice-president of the United Mine Workers of America local, who have been dismissed from the payroll and who late today were notified by the sheriff to leave the company houses which they are occupying, company officials said.

CHICAGO LADIES FACE DRINK BAN

CHICAGO, Dec. 30.—(AP)—Mayor Edward J. Kelly is going to try to get Chicago women away from the bars. "Womanhood," he said in announcing his decision, "should be held on a higher plane." Since the return of legal liquor women in Chicago have been sitting down on stools in front of bars, sipping their drinks with the men and the mayor, after studying the situation, announced that he was opposed to the practice and would ask the city council to amend the liquor license ordinance to stop it. The announcement was made in a statement, after which the mayor left for a short vacation.

LEGION PRESENTS ITS PROGRAM

The American Legion's legislative program for the impending session of congress was presented to President Roosevelt at the White House by Edward A. Hayes (left), national commander of the legion, and John Thomas Taylor (right), vice chairman of the legion's national legislative committee. (Associated Press Photo)

MINERAL OIL IN PEANUTS SPEEDS PARALYSIS CURES

TUSKEGEE, Ala., Dec. 30.—(AP)—Discovery of a mineral oil in peanuts that has aided in the recovery of infantile paralysis victims and in the rejuvenation of tissues was announced today by Dr. George W. Carver, noted negro scientist and head of the research department of Tuskegee institute.

Dr. Carver said the tissue building properties in the oil were accidentally discovered, after he had used it as the base for a beauty lotion. Dr. Carver said he used it in the treatment of two young boys, one 13 and the other 14 who had suffered from infantile paralysis.

Improvement was noted early in the tests, Dr. Carver said. After nine applications of the oil, which was massaged into the affected limbs, one of the subjects who had been walking with crutches was able to walk with the use of only a cane.

TAX COLLECTION BUREAU FORMED

WASHINGTON, Dec. 30.—(AP)—Attorney General Cummings announced today that a new department of justice division had been created to deal with all tax matters, civil and criminal.

Another change in the departmental setup was the abolition of the civil and admiralty division. Work heretofore performed in this division will be distributed among other departmental branches.

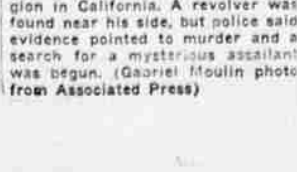

The new tax division will defend suits brought in the United States courts of claims for tax refunds. This formerly rested with the claims division.

The changes, to take effect January 1 were not expected by the department to result in a material decrease in expenditures.

Cummings said the office of the assistant solicitor general, created June 16 and held at present by Angus D. MacLean, heretofore would prepare executive orders and opinions and compromise matters in litigation.

NEW YORK, Dec. 30.—(AP)—Despite the fact that women in Germany have been sent back to their cottages, the status of women throughout the world improved during 1933, in the opinion of Mrs. Carrie Chapman Catt, veteran suffrage leader and now active in the cause of peace.

Killed In Mystery

Astoria Discovers It's In Washington, Gotham Paper Errs

ASTORIA, Ore., Dec. 30.—(AP)—Oregon has lost another landmark. This time it's the city of Astoria, presented by a New York newspaper to the state of Washington. A copy of the paper received here shows a photo of the cruiser Astoria recently christened Bremerton, and the caption says the cruiser was "named for the Washington city which gets its name from John Jacob Astor, fur trader." The residents here insist Astoria is still on the Oregon side of the Columbia river.

SCANT HOPE FOR SILVER INFLATION

WASHINGTON, Dec. 30.—(AP)—In the face of a reported growing sentiment for remonetization of silver, Speaker Rainey said today that such a move would not reach sufficient strength to gain enactment unless President Roosevelt gave it his support.

Senator Thomas (D., Okla.), a leading inflation advocate, made three suggestions, including free coinage of gold and silver, which he said would settle the monetary issue.

With the administration apparently studying a proposal under which the treasury would commandeer all the gold in the federal reserve banks, preparatory to revaluing the dollar, officials expressed the opinion that present laws gave the treasury such great authority the action could be taken with the stroke of a pen.

RUMANIA RULED BY MARTIAL LAW

BUCHAREST, Rumania, Dec. 30.—(AP)—A decree invoking martial law and rigid newspaper censorship was promulgated tonight as the government prepared for relentless action against any violent aftermath of the assassination of Premier Ion G. Duca and an attempt on the slayer's life.

The entire country was made subject to the martial law order, effective at midnight, and military surveillance was provided for newspapers so that Provisional Premier Constantine Angelescu, Duca's successor, would have a free hand in quelling the anti-Semitic Iron Guard party.

BEER BARON SUED FOR UNPAID TAXES

ATLANTA, Dec. 30.—(AP)—Terry Druggan, one of Chicago's pre-repeal beer barons, today was sued by the government for \$307,702.54 and interest for alleged unpaid income taxes.

The suit, filed in federal court for the northern district of Georgia, is similar to one filed yesterday in Chicago.

It represented taxes claimed to be due from the years of 1922, 1923 and 1924. Credit was given for \$44,000 the government obtained from the sale of a house Druggan owned in Miami.

EDUCATOR HOLDS MORON A MENACE TO SOCIAL PEACE

PORTLAND, Dec. 30.—(AP)—Inauguration of a "new deal" in education as the greatest contribution teachers can make in 1934 was urged at the closing session of the 34th annual convention of the Oregon State Teachers' association when Dr. Frank W. Hart, professor of education, University of California, discussed "the place of public education in the new deal."

"We must turn our attention from better and bigger machines to human needs," he declared. "From the mystery of the molecule to the mystery of the mind; from the behavior of the electron to the behavior of morons."

Dr. Hart argued that the only valuable task for our schools in these days of social upheaval and complexities is to teach social science in place of the physical sciences.

"There is the beginning of a national movement," he continued, "to elevate social science to supremacy in every school of the land. I believe that one-fourth of every child's study should be social science."

"That is the way to educate for a fearless, courageous, straight-thinking generation of young people able to meet problems on a high plane of political intelligence."

LIFE WEARY MAN WANTS BOYS PLACE IN GAS CHAMBER

DENVER, Dec. 30.—(AP)—A man who wants to die pleaded today to give his life for that of Walter Reppin, whose 18 years of scurrying before the law seem doomed to end in Colorado's new lethal gas chamber next Friday.

Walter C. Dunham, moribund Colorado Springs tuberculosis patient, made the plea in a letter to Governor Edwin C. Johnson. Reppin, former Newark, N. J. youth, is condemned to die for the murder of Vincent Regan, Colorado Springs taxi driver.

"Since I doubt that you will commute Reppin's sentence, I wish to offer to take his place in the gas chamber," Dunham wrote.

"Reppin is only 18 and I feel sure he will make a good citizen. That is why I will gladly take his place in the lethal gas chamber provided Reppin is set free after my execution."

"I am suffering from tuberculosis and I am supported by the community chest of Colorado Springs. It is doubtful if I will ever be a good self-supporting citizen."

"Will you please let me take Reppin's place and set him free?" The governor did not comment on the letter.

Previously, he said he did not find any facts that warranted his interference with the death sentence imposed by the court on Reppin.

Philip Horgbein and David Roener, Denver attorneys, after a conference with Governor Johnson, said they would take steps Tuesday to appeal the case.

RETIRED OFFICER A SELF-SLASHER

MADISON, Ia., Dec. 30.—(AP)—In a critical condition from knife wounds in the chest and abdomen, Lt. Col. Ralph D. Bates of Bloomington, Ill., was removed from a Santa Fe train here late today and taken to a hospital.

Col. Bates offered no explanation except to say he was "sorry he did it."

Investigators said he stabbed himself numerous times about the heart and abdomen with a small pocket knife.

Col. Bates retired from the army about ten years ago.

Austria Budget VIENNA, Dec. 30.—(AP)—The government of Chancellor Engelbert Dollfus decreed its 1934 budget today total expenditures for the year of \$1,900,000,000 schillings (currently about \$342,000,000).

Atascosa county, Texas, is rated by the census bureau as the leading watermelon producing county in the United States.

WHY AIMEE WANTS A DIVORCE

Here you see one reason Evangelist Aimee Semple McPherson Hutton (lower left) wants a divorce. Filing an unexpected cross complaint to her husband's suit and asking a separation and elimination of Hutton from her name, she objected to David (shown at piano) associating with "scantly clad show girls" and being photographed with them. She added that they caressed and kissed him, too. (Associated Press Photo)

WASHINGTON RUM PLANS TANGLED

OLYMPIA, Wash., Dec. 30.—(AP)—Before the Washington legislature adjourned today for the New Year's holiday, the house put everything in order for action on liquor control legislation next week.

Taking drastic steps, the lower chamber wrenched all pending liquor bills, including the Steele state stores measure which passed the senate from the house liquor control committee. This action literally dissolved the liquor body composed of 33 members and sent the rum bills to the rules organization minus the numerous amendments adopted by the committee.

Plans of the rules committee are to bring the Steele bill on the floor Tuesday in the same form it passed the senate two weeks ago, make every effort to block liberalizing amendments, and rush it through the lower chamber.

It's To Weep PORTLAND, Ore., Dec. 30.—(AP)—Even the judges may weep at their own decisions at the Pacific International Livestock Exposition here next year. For the first time in the United States an international auction show will be held, in connection with the exposition.

All breeds of geese in the United States are descended from the wild gray goose. They have been domesticated for centuries.

Object Of Manhunt

Police of Chicago and midwest states are conducting a widespread search for John Dillinger (above), desperado sought as the leader of a band of escaped Indiana convicts. (Associated Press Photo)

GERMANY HOPEFUL FOR COMING YEAR

BERLIN, Dec. 30.—(AP)—Buoyant optimism regarding Germany's economic and political future was expressed today in New Year's wishes that almost every person of importance in public life sent to German newspaper offices.

No papers will appear Monday and consequently the greetings were communicated a day earlier than usual. In accordance with tradition, President Von Hindenburg felicitated the army and navy and admonished them to continue "to do your duty and obtain the faithful fulfillment of your obligations."

Chancellor Hitler reserved his wishes for January 1 when he will address the president at an annual New Year's ceremony.

"For the first time in years," said the greeting of Count Lutz Schwerin Von Krosigk, industrial leader and former finance minister, "all figures concerning our economic life show an upward trend."

FOG CAMERA FOR SHIPS DEvised

NEW YORK, Dec. 30.—(AP)—A "fog camera" harnessing the infra-red ray and designed to extend the visibility limit of ships' navigators from two to four times, has been devised by Flavel M. Williams, master mariner. The camera has been installed for the first time on any ship on the liner Manhattan. It was announced tonight, and will become part of the ship's regular equipment next Tuesday.
