MAIL BOXES NOT FOR HANDBILLS IS P. O. WARNING

Extension throughout the city of the ruling prohibiting the placing of circulars and dodgers, unstamped, in mail boxes, formerly in effect only in rural sections, was announced today by Postmaster Frank DeSouza, following receipt of instructions from Postmaster General James A. Farley. Postmaster General Farley has just issued a new order covering private mail receptacles of all kinds, where ever they are located and it will in the future be unlawful for persons to place any mailable material such as statements, circulars, sales bills and dodgers, in city mail boxes unless they carry the required number of stamps. The law was formerly enforced in the rural communities and that enforcement will be continued. Materials found in mail boxes without postage paid are to be returned to the post office and the cooperation of the public is asked in the enforcement of the ruling. Postage due will then be charged against the firm or individual placing the material in the box. The ruling applies to business, as well as home boxes and mail receptacles. Mail boxes are maintained exclusively for the receipt of United States mail upon which adequate postage has been paid. It is understood that numerous firms throughout the nation have of late not only used the mail box as an advertising medium, but for distribution of statements without postage paid. Strict enforcement of the new ruling is asked by Postmaster General Farley.

BERNARD KOEPEE DIES ON PATH TO MOUNTAIN HOME

Besides a friendly tree on the mountain trail which leads to his cabin, two miles out from Rogue River, life's journey was ended yesterday by a heart attack for Bernard A. Koeppe, 65, of that region. Still protected by the tree's trunk, his body was found about 4 o'clock by a neighbor, Jack Frost, who lives on up the trail. Dr. W. S. Carley of Rogue River was summoned and Coroner Frank Peri notified. The coroner, his deputy, Herb Brown, and a member of the state police force from Grants Pass, arrived about 6 o'clock to bring the body to Medford. Earlier in the day, Mr. Koeppe had visited Dr. Carley in Rogue River, and was understood to be returning to his cabin when the heart attack overcame him. Deceased was no surprise to the man, a note left in his cabin revealed. It gave the names of his sons and his wish to be buried in the little cemetery at Rogue River. His sons are: Herbert Koeppe of Baltimore, Md., and T. C. Koeppe of 1122 West Main street, Richmond, Va. A daughter in San Francisco, whose name was not obtained by local officers, also survives. Mr. Koeppe had lived in Oregon since 1925 and for the past four years had made his home at Rogue River, where he was comfortably located. The body was brought down the trail from the Koeppe cabin on a stretcher last night with the following men from Rogue River assisting Coroner Peri: Walter Combs, F. O. Lane, Archie Scott, Thos. J. Wilson and Dwight C. Horton. Mr. Peri stated today that he had wired Mr. Koeppe's sons of his death and was awaiting word from them before completing funeral arrangements.

"Dinner at Eight" at Holly Saturday

The picture which you have heard talked about for months as the most remarkable achievement yet attempted by Hollywood producers will have its first showing at the Holly Saturday following its triumphant 100 run at the Astor theater in New York city and its special engagements in principal cities throughout the country. It is "Dinner at Eight," the photoplay version of the George S. Kaufman-Edna Ferber stage success which ran for more than a year. The cast includes Marie Dressler, John Barrymore, Wallace Beery, Jean Harlow, Lionel Barrymore, Lee Tracy, Edmund Lowe, Billie Burke, Madge Evans, Jean Harsholt, Karen Morley, Louise Clouser Hale, Phillips Holmes and Max Robison, together with 11 supporting players.

Buddy Rogers in "Best of Enemies"

With Buddy Rogers and Marian Nixon in the leading roles, "Best of Enemies" opened today at the Rialto theater. The story traces the development of a youthful love through the vagaries of events surrounding two youths. The census bureau says the highest rate of illiteracy among negroes in the United States is found in South Carolina. Biologists say cypress trees flourish at no other place than in states bordering the Gulf of Mexico and in Mexico. Six-horse ore wagons have been brought back into service with the revival of mining in the Marysville district of Montana.

Hood Nature's warning: Sluggish bowels invariably result in poisonous wastes ravaging your system—often the direct cause of headaches, dizziness, colds, complexion troubles. NATURE'S REMEDY—the mild, all-vegetable laxative—stimulates the entire digestive tract—strengthens, regulates the bowels for normal, natural functioning. Get a 25c box today at your druggist.

Jackie Cooper Has Role Rialto Drama

Double features will again be the vogue tomorrow and Saturday at the Rialto theater with "The Lone Cowboy" and "Hold the Press" as the two features to be shown. "Lone Cowboy," the story of a killer's regeneration through the love of a child, has little towheaded Jackie Cooper as its star. In addition to young Jackie, the picture, taken from a story by Will James' famous book, features Lila Lee, Addison Richards, John Wray and Gavin Gordon. It tells the story of Scooter O'Neal, played by Jackie, who is lifted suddenly from his tenement home in Chicago to the wide open spaces of Nevada. Here he is reluctantly accepted by a hardened killer who wants "no kids hanging around." With characteristic childlike innocence, Scooter tries to prevent a murder almost at the cost of his own life and wins himself a lifelong place in the heart of the man who has learned to love him. On the other half of the program, Tim McCoy is cast as a reporter who gets on the trail of a "hot" story and does not leave it until he has caused the arrest of vicious underworld characters and imprisonment of corrupt politicians. "The Mad Game," an expose of the kidnaping racket that has swept the country, and with Spencer Tracy in
