## M'NARY BEST BET OF G. O. P. TO LURE INSURGENTS BACK

### Oregon Senator Popular Alike Among Regulars and Deserters — Has Knack of Guessing Senate Action

By HERBERT PLUMMER

WASHINGTON. — Many senate observers believe if there is any possibility of winning back those insurgent-republican senate Republicans who deserted to Roosevelt last year, the best qualified man to attempt the task is McNary of Oregon.

The minority leader of the senate is rated a very popular floor boss by the Republicans. His popularity is not confined to the sparsely inhabited left side of the chamber, but extends well over the dividing political aisle.

Quietly and with as little publicity as possible, he has gone about the past few weeks on his mission of conciliation. He has called on the party deserters, personally, and discussed the situation with them.

"All republicans look alike to him," he grinned when questioned about the purpose of his activity.

His Power Growing  
McNary's power in the senate has been expanding steadily for several years. Although his career was climaxed when he was selected to succeed former Senator Jim Watson as senate leader, his influence and prestige among his colleagues continue to grow.

Both republicans and democrats marvel at his apparent knack of being able to tell what the senate thinks on a given problem. More than that, events have proved him correct many times when he has guessed what that body would do on a showdown.

The result is that many regard him well adapted to the task of wooing back to the fold the group which has strayed from the G. O. P. reservation.

McNary supporters hold that his independence of thought and action is greater than the old guard republicans and that his experience in senate ways surpasses that of the so-called young guard like Vandenberg of Michigan, Walcott of Connecticut and Herbert of Rhode Island. Also, it is argued, that while he frequently is progressive he seldom goes whole hog with the left wing of the republicans in the senate.

He'll Compromise  
From the far west, McNary is regarded as less of a liberal than Norris of Nebraska and LaFollette of Wisconsin. But with this group he is opposed to many of the conservative theories held typical of the east.

His record shows instances where he has compromised to obtain the best possible result, whether on legislation or party policy, without surrender of principle.

And the job at hand may demand the judicious exercise of compromise along with persuasion.

### THE SCHOOL LUNCH BOX

Try to plan tasty and filling menus for the school children's lunch boxes. For sandwich fillings, you can use peanut butter softened with cream and butter, cream cheese mixed with cream and dates, sliced or diced meat or fowl combined with celery or lettuce and raisins or prunes mixed with broken nuts. Three fillings can be used for white or Graham bread, but it is better to have several of each kind. Wrap the sandwiches in waxed paper to preserve their freshness.

### NEW HAVEN, Conn., Jan. 12.—(AP)

Ivan Williamson of Toledo, O., captain and star end of the 1933 Michigan eleven, was appointed freshman end coach at Yale today as Ell athletic officials took their initial step in selecting the football coaching staff for next year.

Population of the state penitentiary has averaged about 800 for the past few weeks, a decrease of some 50 from the first half of 1933. Increased pardons is believed responsible for the reduction.

The average age of Oregon penitentiary male prisoners is 34, while that of the 15 women inmates is 25.

## OREGON COUNTIES SLICE DEBT LOAD PAST FEW YEARS

### Coos, Harney, Klamath, Morrow, Multnomah, Deschutes, Grant, Washington Only Show Increase

SALEM, Ore.—(UP)—Twenty-eight of Oregon's 36 counties reduced their bond and warrant indebtedness between October 1, 1926, and July 1, 1933, State Treasurer Rufus C. Holman announced today.

Coos, Harney, Klamath, Morrow, Multnomah counties showed increases in bonded indebtedness, while Deschutes, Grant and Washington increased warrant totals. During the seven years assessed valuations of state dropped from \$1,110,677,949 to \$985,749,855.

### Some Bond Free

Josephine, Polk and Washington counties had no bonded indebtedness in 1926, Holman said. None has issued bonds since then, while Linn, Marion and Umatilla counties have retired all their bonds. Clatsop and Columbia counties were expected to complete bond retirement in 1934.

### Washington County showed the greatest increase in debts since 1926, 243.3 per cent.

The debt is entirely warrants, Holman pointed out, and totals only 0.46 per cent of the county's valuation. Multnomah county increased indebtedness by 110 per cent and Harney county 101 per cent. Harney's indebtedness, however, is only 2.68 per cent of the valuation.

### Jackson Cuts Load

Clatsop, Douglas, Linn, Marion and Umatilla counties have decreased their indebtedness more than 75 per cent, the treasurer reported. Counties which reduced 50 to 75 per cent are Benton, Jackson, Lincoln, Tillamook, Union, Only Lake, 28.8 per cent, and Wheeler 4.1 per cent, of the remaining counties, reduced their indebtedness less than 25 per cent.

## GOVERNMENT AID FOR SCHOOLS IS EDUCATORS' PLEA

WASHINGTON, Jan. 12.—(AP)—A federal appropriation of \$50,000,000 to keep elementary and secondary schools of America open for the remainder of the school year, and of \$100,000,000 in addition for the following year, was sought today by the federal advisory committee on emergency aid in education.

The program was drawn up at a meeting of educational authorities called by George F. Zook, United States commissioner of education. In addition it called on the Public Works administration to make 10 per cent of its new allotments for school buildings as 100 per cent grants.

Appropriations both years would be administered by Commissioner Zook. Distribution among the different states would be determined by "reasonable evidence of needs and resources."

The plan contemplated, however, a "flat sum objectively determined to be distributed to all states," and "a supplemental sum . . . weighted to meet the needs of the poorer states."

## MEDFORD GRADS ON HONOR ROLL NORMAL SCHOOL

Five graduates of the Medford high school have already this year achieved honor grades in the Southern Oregon Normal and Junior colleges at Ashland. It was learned at the end of the first quarter. They are Laura Pastorino, Aileen Guy, Robert Root, Richard Roberts and Ray Lewis.

These honor students are eligible for membership in Sigma Epsilon Pi, women's scholastic honorary society, or Theta Delta Phi, men's honorary fraternity. Eligibility for Sigma Epsilon Pi consists of 15 hours of A's and B's, while the men's honorary requires 12 hours of A's and B's. Miss Pastorino is registered in the Normal department, and the remaining four are enrolled in the Junior college department.

Graduates of local high schools who likewise achieved this distinction are Merle Hedgepeth, graduate of Central Point high school, and Aileen Amidon and LeRoy Clark, both graduates of Prospect high school.

## TABLE ROCK RECORDS MANY CHANGES DURING YEAR OF HARD GOING

TABLE ROCK, Jan. 12.—(Sp.)—The year of 1933 brought many changes to this community—some for the better and some for the worse.

There was probably less permanent improvement done in the district the past year than for several years. What there was included a new barn, small out-buildings, fences, ditch work and land leveling.

Assessed valuation shrank some \$22,000, mostly in land values. During the year there were three births, four deaths, two weddings and no divorces. There were two large real estate deals, where owners left the district and other families moved in.

Ten families moved during the course of the year from the district, being mostly renters.

Although it was the toughest year experienced here for a long time, there was very little, if any, call for relief from public agencies and conditions seem to be improving noticeably at the beginning of the new year.

## BYRD'S FLAGSHIP FINDS OPEN SEA

ABOARD ADMIRAL BYRD'S FLAGSHIP IN THE ANTARCTIC (Via MacKay Radio).—Jan. 12.—(AP)—The flagship of Rear-Admiral Richard E. Byrd's Antarctic expedition drove full speed down the 152nd meridian at 4 p. m. today, toward Little America, on an open sea hitherto supposedly barred to navigation by the most formidable ice pack off Antarctica. At noon her position was latitude 69.02 south, longitude 152.20 west—about 700 miles northeast of Little America and 600 miles due west of the favored passage into the Ross sea. The ice pack of the Pacific quadrant cannot be seen.
