Mr. Gribble will also speak on local geology, and give excerpts from Dr. Condon's book, "The Two Islands." The pictures are being shown at the various camps through the cooperation of the forest service, the park service and the U. S. army.

Hog Producers Given Rules of AAA at Meeting

Prof. Lindgren stated that the purpose of the adjustment program was to bring the supply into better balance with the demand as higher foreign tariffs and a sharp decline in exports of hogs and lard had left a surplus which could not be absorbed by home consumption. He said that the basis of a real adjustment is a reduction in the number of litters farrowed and hogs marketed in the future. A corresponding reduction in corn acreage was essential, the speaker said.

In accepting the government's offer under the Corn-Hog adjustment, the producer agrees:

(1) To reduce the acreage planted to corn this year to at least 20 per cent (one fifth) below the average number of acres planted to corn on this farm during the past two years (1932 and 1933).

(2) To reduce the size of the brood sow herd so that not more than three fourths as many litters will be farrowed in 1934, as were farrowed in 1933 and 1932, on an average.

Payments will be made at the rate of 30 cents per bushel, on the estimated production of corn on the contracted acreage, for the past five years. Half will be paid upon acceptance of the contract, and the balance one or after November 15 next, upon evidence that the contract has been fulfilled.

The hog-adjustment payments will be \$5 per head on the number of hogs produced for market from litters, if the production has been reduced 25 per cent. A \$2 payment will be made as soon as possible after the contract is approved, \$1 about September 1, next, and the balance about February 1, 1935.

A pamphlet explaining the details of the plan fully was distributed, and all desiring same can receive them from the county agent's office.

BOYER AND PEAVEY NAMED AS HEADS OF STATE SCHOOLS

Both Will Report Direct to Chancellor Kerr in Set-Up Designed for Harmony — Morse Quiz Is Dropped

PORTLAND, Jan. 16. — (7) — Dr. Clarence V. Boyer, dean of arts and letters at the University of Oregon, is acting president of that institution, and Dr. George W. Peavey, dean of forestry at Oregon State college, will head that school in a similar capacity. Both will report directly to Chancellor W. J. Kerr.

Election of these two men to the new positions was the major business accomplished by the state board of higher education at its Monday meeting here.

Harmony Objective. The move was designed to insure greater harmony in administration of the two large institutions, lessening fears of partisans of one school that that institution may not have adequate expression and opportunity. Under this plan there will be a directing head on each campus, the interest of which he will champion, and the affairs of which will be his responsibility.

The board abandoned its proposed investigation of activities of Dean Wayne L. Morse of the Oregon school of law, whose attack on the chancellor created a furor several months ago, and whose heated debate with Roscoe C. Nelson, then chairman of the board of higher education, resulted in the resignation of the Portland man.

Warning to Faculty. In dismissing the Morse investigation the board implied that the act will fall swiftly and surely on any faculty member who might take such action in the future.

Willard Marks of Albany was elected chairman of the board of higher education, and C. A. Brand of Roseburg was elected vice-chairman. It was believed Governor Meier will appoint a new member to the board soon. There has been a vacancy since Nelson quit.

Marks declared frankly he did not want the job of chairman, but he stated positively that there had been developments on the board in the interests of harmony, and that "sincere and high-minded efforts" had been made to achieve a harmonious and permanent settlement of administration differences.

The proposal of Hugh Rossen, university graduate manager, that \$1,000 bonus be voted to Coach Prince Callison for the fine football showing this year, and the suggestion of a group of students that the \$5 student fee for each term be abolished, were referred to a special committee for recommendation.

Rialto's Star

A woman as courageous as she is beautiful, who braves a storm of scandal and criticism for the love of a married man, is Irene Dunne's daring portrayal in "If I Were Free" in which she is co-starred with Clive Brook. The picture opens a three-day engagement at the Rialto theater today.

ALFRED BOGGIS, MINER, PASSES

Alfred Boggis, a resident of Medford and Jackson county for more than 40 years, during which time he had followed mining, passed away at his home in southwest Medford early Tuesday morning at the age of 68.

Mr. Boggis was born in England and came to America three years before settling in Jackson county, where he has since resided and reared his family.

Besides his wife, Emma Boggis, he leaves three children, A. H. and John A. Boggis and Mary L. Dallaire, all of Medford; also one brother in England.

Funeral services will be conducted by Rev. Wm. J. Howell at the Congregational chapel at 2 p. m. Wednesday, with interment in the Jacksonville cemetery.

ELISSA LANDI IN CONQUERING ROLE

Paris, a colorful South American harbor, Boulder Dam and New York supply a variety of unusual settings for "If I Were Free," which has Warner Baxter and Elissa Landi as its stars, and is now playing at the Rosy.

The story centers about the uncertainty of affections of Miss Landi in the role of a ballet dancer.

BOY NEEDS HOME FOR TWO MONTHS IS COURT APPEAL

Because, he alleged, moral conditions in his home were such that he did not care to reside there, a 13-year-old Medford boy yesterday appealed to the county court to find him a home for about two months, until his aunt, now residing in Minneapolis, moves to Los Angeles, where he will join her.

The youth, according to County Judge Earl B. Day, is willing to work for his board and room, and at the present time is being cared for at the courthouse.

Disatisfied with his home here, where authorities do not want him to return, the boy hitch-hiked to Minneapolis this summer, where he resided with his aunt, an elderly woman. Becoming homesick, the aunt bought him a railroad ticket to Medford. She expects to move to the coast in a short time, where her nephew might join her. The boy's father is dead.

Judge Day today was anxious to find a suitable home for the boy, whom he recommends highly. The youth has a clean record, Judge-Day said, and seems to be a willing worker.

Holly To Feature Double Bill Soon

For sheer entertainment value few motion pictures have ever been devised which carries the interest, color and excitement of "Dinner at Eight," which is now playing at the Holly.

It is easy to understand why "Dinner at Eight" achieved its long-run popularity as a stage play.

Starting Thursday, the Holly will feature a double bill with "His Double Life" and "The Iron Master." Reginald Denny and Lila Lee are featured in the latter, while Lillian Glah returns to the screen in "His Double Life."

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Pat folks should take one-half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks — you can get Kruschen at Woods Drug Co. or any drug store in America. If not joyfully satisfied after the first bottle—money back.
