

### DEPUTY MARSHAL PLUM SOUGHT BY LOCAL BOURBONS

WASHINGTON, Jan. 29.—(AP)—The senate judiciary committee today approved the nomination of John T. Summerville, for United States marshal in Oregon.

Political interest of the valley, and a large portion of southern Oregon centers in the appointment of a deputy United States marshal by John T. Summerville, marshal-appointee. Summerville is scheduled to be sworn into his new office February 1, and the deputy is expected to be named in time to be present at the inauguration.

Enthusiasm for the berth rests entirely in Democratic ranks, and William Bennett of Ashland is reported to have "the inside track" and the strongest endorsements.

Carl Bowman, a former barber shop partner, and long time friend of Summerville, is also one of the strong contenders. Bowman's friends declare he can "have the job if he wants it."

Others mentioned for the place are Sid I. Brown, long time local resident, a rock-ribbed Democrat, if ever there was one, and Elwyn Van de Walker, a former state trooper in this district.

Klamath Falls and Grants Pass also offer candidates, and it is estimated that close to 15 aspire to the place.

Gai C. Wells, deputy marshal here for 12 years, has packed his grip, and closed his desk and is ready to move to Portland—his home town. He has been ordered to report at the marshal's office February 1. Deputy Wells says he has enjoyed the work

### KMED Broadcast Schedule

and regrets to "leave so fine a country and nice people."

The deputy job consists largely of serving government papers, taking federal prisoners to Portland, and tending to clerical work during the Southern Oregon term of the federal court. He also has much business on the Klamath reservation.

### COURT PONDERING DECISION IN CASE PUHL VS. HOWARD

Testimony and arguments in the civil suit of Fred Puhl against Louise Howard were completed Saturday afternoon in circuit court before Judge James T. Brand of Coos county. The court took its decision under advisement.

Puhl seeks cash he allegedly advanced to the defendant between September, 1928, and September, 1931, in operation of the defendant's farm in the Midway highway district, on Bear creek. The amount involved is about \$4,000.

Puhl claimed he purchased a tractor and other machinery, acted as foreman of the ranch, and by use of the equipment the productivity of the place was increased. The defense claimed the machinery was purchased by Puhl, and used "for hire" on other farms.

The defendant admitted she borrowed \$100 from Puhl, and went to Portland and was married to another. She did not tell Puhl of the nuptials until six or seven days afterwards. When advised of it, Puhl asked for a settlement.

Each admitted an engagement to marry, and each blamed the other for "breaking it off." Puhl declared there was an agreement, "I would not be paid, if we married, and would be paid if we were not married."

The testimony showed that both plaintiffs and their children lived "in family relationship," and the defense contended this condition removed obligations. The defense produced a witness to show that Puhl "just piddled around the place, and got up at 7:30 a. m."

Evidence in the case showed that

### POULTRYMEN TO MEET WEDNESDAY

A poultrymen's meeting will be held at the court house auditorium Wednesday, January 31, at 1:30 p. m. It was announced today by the county agent's office.

F. E. Price of Oregon State college will be here and discuss the several phases of electrical appliances in relation to poultry raising. He will also bring a new home brooder to be exhibited at the meeting.

As a part of the meeting, a general discussion of poultry management will be held.

### Family Night At Free Methodist Revival Tonight

Attendance and interest was especially good Sunday at the Free Methodist church revival which is being conducted by Evangelist P. J. Archer of Winfield, Kansas. The evening message on the subject "Memory" was especially interesting and convincing. At the close of the message ten presented themselves for prayer.

Tonight is "family night." The evangelist will give a message on "the family, the basic unit of society." Families are urged to come and sit together.

Much interest is being manifested in the subject for Tuesday evening. At that time the evangelist will speak on the subject, "can the living communicate with the dead?"

Special gospel message in song at all services. The meetings will continue all week with services each evening at 7:15.

### KING TUT'S CURSE STORY REVIVED ON DEATH OF SAVANT

NEW YORK, Jan. 29.—(AP)—Dr. Albert M. Lythgoe, 65, noted Egyptologist who was among those present at the opening of the inner chamber of King Tut-ankh-amun's tomb in 1923, died today in Boston, officials of the Metropolitan museum of art were informed.

He had been suffering for some time with cerebral arteriosclerosis. His illness had revived the story of a "curse" that was supposed to have dealt death and misfortune to many persons connected with the opening of the Pharaoh's tomb, but museum officials recently produced statistics to support their contention that the "curse" was a myth.

Lythgoe was the founder and curator emeritus of the Metropolitan museum's department of Egyptian art, and was one of the foremost men in his field.

Born in Providence, R. I., he was educated at the high school there and at Harvard university, where he received an M.A. degree in 1897. After post graduate studies at the University of Bonn, Germany, he engaged in Egyptian excavations as a member of the Hearst Egyptian expedition of the University of California.

In 1904, he was named instructor of Egyptology at Harvard, and soon thereafter he conducted excavations at the pyramids at Gizeh for Harvard university and the Boston museum.

# NEW 1934 PLYMOUTH ON DISPLAY TODAY

**WORLD'S LOWEST PRICED CAR WITH INDIVIDUAL WHEEL SPRINGING**

COME SEE...  
**The Only Low-priced Car with Individual Wheel Springing plus... Floating Power..Safety-Steel Body.. Hydraulic Brakes**

DE LUXE PLYMOUTH SIX... America's biggest low-priced car.

YOU'VE SEEN TWO of the leading low-priced cars. Now see the **only** low-priced car with Individual Wheel Springing—PLUS the three other features that are vital to real car value today!

Plymouth is the world's lowest-priced car with Individual Springing. It's on all models—even the lowest-priced.

And note this: Plymouth's Individual Wheel Springing is the strongest and simplest type known. In principle, it's exactly like the kind used on much higher-priced cars!

And you pay no price penalty to get it! But Plymouth gives you more than one feature to insure smooth, easy riding. Every Plymouth has patented Floating Power engine mountings to end engine vibration.

These mountings are more than just rubber

under the engine. They suspend the motor in balance—it absorbs its own vibration.

You can rest and relax—because with these two big features, Plymouth gives you the smoothest ride in the low-price field.

**It's the Safest Low-priced Car**  
Everyone wants to be safe—so look at Plymouth's brakes—and Plymouth's safety-steel body. Every Plymouth has a Safety-Steel body—built of steel reinforced with steel—then welded into one permanent piece.

That means real protection. It means no joints to rot, pull loose or squeak. It means longer life with less need for "service" because of body troubles.

And the brakes are all-hydraulic. No bolts, rods, cotter pins. Sure, smooth, equal action on all four wheels at all times—because hydraulic brakes are automatically self-equalizing.

Plymouth is the only low-priced car that gives you all of these important features. In fact—no other low-priced car offers you more than one of them. Ask any Dodge, DeSoto

### EXTRA VALUE FEATURES YOU CANNOT FIND IN ANY OTHER LOW-PRICED CAR

1. Rigid-X Box Section frame. Really one frame within another.
2. T-Slot Pistons. They result in a better fit between piston and cylinder.
3. Four Rings per Piston. The extra ring prevents power loss.
4. Engine Oil Filter. For better lubrication.
5. Silent, easy shifting in low, second, high and reverse.
6. Four Main Crankshaft Bearings. Instead of the usual three.
7. Independent Hand Brake. An extra braking system, operating independently of the foot brake.
8. Thirty Frictionless Bearings. Plymouth has more ball and roller bearings than any other low-priced car.

or Chrysler dealer to prove that Plymouth is a better engineered car. Ride in one today—and see what your money ought to buy this year!

LOOK AT THESE PRICES: 2-door sedan \$535; 4-door sedan \$585; rumble seat coupe \$545; business coupe \$495.
