

### OBENCHAIN NAMED POSSIBLE ENTRANT IN SHERIFF'S RACE

Political gossip of the past week links the name of George E. Obenchain of the Central Point district as a possible candidate for sheriff at the May primary. Obenchain is a farmer, of long residence in the county.

Report also has it that friends of Charles D. Stacy are urging him to run. Stacy has been a candidate in two previous elections, and was among the four leaders in a field of nine at the 1932 election. He failed of nomination both times. Stacy is also a well known farmer and orchardist.

A. W. Walker, who figured somewhat conspicuously in the late turmoil, and was an appointee of both E. H. Fehl and Gordon L. Schermerhorn, is also mentioned for the post. Walker is reported "on the fence about making the sacrifice."

Straws fanned by the political winds indicate the sheriff's job will again be a magnet, with plenty of aspirants. Only one—Robert E. Bell—has filed to date. He seeks the Democratic nomination.

Victor Bursell of Central Point, farmer and grainger, is mentioned for county judge and the legislature. Bursell has remarked the county court berth "has too much grief" and he is "not ready to talk about running for the legislature."

Bursell is reported as figuring on running for the state senate, if George Dunn of Ashland does not seek re-election. That is also the idea of William N. (Farmer Bill) Carle of the Applegate. Dunn has served eight years, and is a legislative leader of high standing.

Thomas Pankey of Central Point, urged to run for county judge on the Democratic ticket, expects to get the Central Point postmaster's job, so balks at the proposal. Pankey is well known and popular in the rural areas.

The Democrats are looking for strong county judge timber. H. D. (Johnny) Reed of Gold Hill is mentioned. The justice of the peace is bushful on the subject.

### WORKERS' LEAGUE ORGANIZED HERE

Jackson County Workers' League was organized at a meeting held in the Labor Temple yesterday. By-laws and constitution were adopted, and the following officials elected: H. W. Cain, president; E. M. Frost, vice-president; John Sloan, secretary, and G. F. Randall, treasurer.

H. H. Metcalfe, chairman of the investigating committee, addressed the meeting, and advised that the organization efforts be centered around the support of the president and the "New Deal," to the end that the condition of the worker be bettered.

A special meeting of the organization will be held, Thursday, February 8. Any one interested is invited to attend.

### TO ASK INTEREST ON COUNTY FUNDS

The district attorney and county court expect to confer with banks of Jackson county soon, relative to the payment of interest on county funds. The action comes as a result of the recent decision of the state supreme court holding valid a law passed by the last session of the legislature, making it mandatory that some interest be paid. The city of Grants Pass filed a test case. Circuit Judge H. D. Norton ruled in favor of the city, and was affirmed by the high court.

One fourth of one per cent interest on all minimum monthly balances is the rate invoked in most of the counties of the state. The law applies alike to all county, city and school district funds, providing the deposits are \$1,000 or more.

Banks of the state last July ceased payment of interest on daily balances. It is held that interest payment on the funds are retroactive from that date.

Judge Norton, in his findings, held that it was obligatory upon the banks to pay some interest.

### MARTIN 'FED UP' ON G. O. P. CRITICS

WASHINGTON, Feb. 2.—(AP)—Declaring he was "fed up" on Republican criticism of the administration's recovery program, Congressman Martin of Oregon arose in the house chamber Thursday to state that "I know President Roosevelt's program is a success in my state of Oregon and in the Pacific Northwest."

"It has benefited the agriculture and lumber industries 50 per cent," Representative Martin declared.

"Wool growers are getting more than double the price a year ago. 'Wheat' is now being worked off at more than 70 cents a bushel, whereas a year ago it was selling for 30 cents."

"The fruit industry has received \$10,000,000 more for the crop this year than a year ago."

### FIREMEN ANSWER ELEVEN ALARMS

Eleven runs were made by the city fire department during the month of January, according to a report made today. Only one fire, the McDonald residence at 3 East Fourth street, resulted in any loss. Damage to the house and furniture was listed at \$2,134.15. The house is to be torn down.

Nine of the calls were to extinguish chimney fires, while one was an oil fire at a residence.

In January, 1933, there were 10 calls, with a loss of \$234.85.

### Kay Francis Wears Beautiful Gowns In Sunday Holly Drama

Thirty-six changes of costume form the amazing wardrobe required by Kay Francis in the stellar role in "The House on 56th Street," her most recent picture, which comes to the Holly theater Sunday.

This is not only a record for Miss Francis, but is a high water-mark for the studio.

Opening in the first years of the present century, the drama comes to a climax in 1933. Thus Miss Francis wardrobe constitutes a panoramic review of what American women have worn for three decades. In fact, a complete cycle is established, since the gowns she wears in the final sequence of the picture bear a striking resemblance to those of thirty years before.

Ricardo Cortez, Gene Raymond, Margaret Lindsay, Frank McHugh, John Halliday, Henry O'Neill, Phillip Faversham and Nella Walker are the other important members of the cast with Miss Francis. Robert Florey directed the picture, based on the novel by Joseph Bentley.

"Easy to Love" and "Ship of Wanted Men" are twin-features now at the Holly.
