

SCOTLAND YARD STEP AHEAD OF MODERN CRIME

LONDON—(AP)—Scotland Yard is sharpening its wits.

It seeks to keep a step ahead of the modern criminal who, it recognizes, has become increasingly skillful and scientific.

As a result, the grim, Thamesbank home of metropolitan London's crack sleuths and bobbies has become the focus of the greatest upheaval in the force's 104 years.

Under the leadership of its commissioner, giant Lord Trenchard, whose deep bass voice has earned for him the nickname of "Boom," it has started out to obtain "a steady supply of the best brains from every available source."

Next spring the first class of 60 men will start a 15-months course at a new police college to be established where London's future police chiefs will learn everything from being at home in a dress suit to the intricate fundamentals of criminal investigation and detection.

Two-thirds of the class will be selected from sergeants and constables in the force who are under 28 years of age while the remainder will be youths between 20 and 25 years, who have obtained a university degree, who have passed a required examination at one of England's service schools or who have passed a competitive examination.

Another supply of "brains" is coming by direct recruiting to higher ranks of men from outside the service, most of whom to date have been selected after long military careers.

FOUR COMMUNISTS KILLED IN GERMANY

POTS DAM, Germany, Feb. 2.—(AP)—Four Communists were shot to death today by a police escort when the officers said, they jumped for liberty from a motor lorry.

The men, John Scherer, Erich Steinfurt, Eugen Schoenhaar and Rudolf Schwarz, were being taken from Berlin to Potsdam. They were to be examined here in connection with the slaying yesterday of Alfred Katzer, who turned state's evidence in high treason proceedings against Ernst Ghaselmann, a Communist leader.

SALES TAX DEBATING TEAM LINEUP CHANGED

A change in the negative team for tonight's debate on the sales tax at the Central Point Grange was announced today. The opposition will be presented by Victor Bursell and Mrs. A. T. Lathrop, instead of Arden Tyrrell, as announced yesterday.

The affirmative team is composed of Mrs. Alex Sparrow and Prof. H. P. Jewett. All the debaters are members of the Central Point Grange. The program is scheduled for 8 o'clock, and the public is invited, as the lecture hour will be an open session.

PORTLAND FIRM LOW ON BONNEVILLE BID

PORTLAND, Feb. 2.—(AP)—Guy P. Atkinson of Portland and San Francisco submitted the low bid of \$1,173,390 when proposals were opened here late yesterday for excavation work on the Bonneville dam power house structure and navigation locks. The bid was slightly below the government estimate.

Work will start within 10 days after notice is given to proceed and will be completed about August 1.

Oregon Weather. Generally fair east and cloudy west portion tonight and Saturday; possibly light rain northwest portion; not much change in temperature; moderate changeable wind offshore, becoming southerly.

CULINARY CRAFT....

Mid-Season Appetizers.

Here's one time when yielding to temptation is considered righteous. The answer is—appetizer means appetite temperature.

Estella Dorgan.

Some people may call them "teasers," but teasing means tormenting rather than "leading," so let's just admit that it's a delightful sort of gentle temptation in the right direction at this time of the year. Every home manager knows what a task it is to please the capricious appetites of a family in mid-winter. Sometimes it seems hopeless—but that viewpoint gets one no place and a few variations given today may be just the ideas someone has needed to start some of these "difficult" mid-season appetizers.

Orange Soup.

(Yes, that's the name)

3 oranges
1 lemon
3 cups water
1/2 teaspoon lemon rind
1 cup sugar
3 egg yolks
1 tablespoon butter
Strain the fruit juices, add the grated rind and sugar. Beat the yolks and add the melted butter slowly. Pour the water and juices onto the beaten eggs and cook in double boiler until smooth. Chill and serve in cups. Decorate with grated orange rind, nutmeg or a dash of whipped cream.

Cherry Soup.

1 qt. light cherries
1 qt. water
1/2 cup sugar
2 tablespoons sage
1 teaspoon cinnamon
1/2 lemon, sliced fine
2 yolks of eggs
1 tablespoon butter
Cook the sage in one cup of boiling water until tender, add more if necessary, until done. Boil fruit juice, water, sugar with the cinnamon and lemon, about 15 minutes; add cooked sage then pour gradually over the well beaten egg yolks. Chill and serve cold.

Crabfish Cream soup.

2 cups crabmeat
2 tablespoons butter
1 quart hot milk
3 tablespoons flour
1 cup cream
Salt, pepper
Paprika.
Pour one cup of boiling water over the fish then add both to the hot milk. Mix the flour with a portion of the cream until a smooth paste results, add the remainder of the cream and mix with the soup, stirring until all is smooth. Season to taste and cook five minutes. Serve hot with toasted cheese crackers.

Celery Soup.

1 bunch of celery
1 cup meat stock
2 tablespoons butter
2 tablespoons flour
2 cups milk
1 teaspoon salt.
Wash, string and cut the celery fine. Boil slowly until tender and very little water is left on the celery. Make a cream sauce of butter, salt, flour and milk then combine with the meat stock and celery. Serve hot with cheese crackers or pretzels. (Use a bouillon cube in a cup of boiling water if no other stock is available.)

Bacon and Olive Appetizers.

Wrap large stuffed olives in thin slices of bacon and broil until bacon is crisp. Serve on toothpicks while hot.

Pineapple Appetizer.

Cut very thin triangles of toast place a thin layer of chopped ham or chicken combined with crushed pineapple and a little mayonnaise. Sprinkle with a dash of orange rind, grated.

Cheese and Salmon Appetizers.

Slice cheese thin and cut in small circles about one and one-half inches in diameter. Spread with flaked salmon which is dampened with lemon juice and a little mayonnaise. Cover with a like circle and press together. Sprinkle with chopped parsley and a little paprika.

Feed Fruit Cocktail.

Equal parts of:
Pineapple, peach, pear, apricot
1 small bottle maraschino cherries.
Save one cherry to top each glass. Dice all the other fruits together, pour the juices over all and chill thoroughly.

Grapefruit Cocktail.

Use either fresh or canned grapefruit. If fresh fruit is used peel as you do an apple and remove all skin for the sections. Prepare an orange in the same manner and sprinkle them with powdered sugar. Chill. Add a little grape vine flavoring to the juice to pour over the fruit which is arranged in a dish or on flat serving plate with the orange slices between four slices of grapefruit (two slices of grapefruit then one orange and so on.)

INVESTIGATE CWA GRAFT CHARGES

At the request of Harry L. Hopkins (right), head of the Civil Works Administration, Joseph B. Keenan (left) assistant attorney-general, is pushing an inquiry into charges of graft in state and local handling of both CWA and local relief funds. (Associated Press Photos)

CCC MEN GIVEN BALANCED DIET

All the proteins, calories, calcium, phosphorus and iron contained in the foods served at the CCC camps, will be listed daily on the new analysis charts sent out to the mess officers by headquarters here, and as a result, every breakfast, dinner and supper will be well balanced. A corner of the chart is even reserved for the listing of the various kinds of vitamins contained in the foods.

DEMAND FOR SPUDS HAS SUDDEN GROWTH

PORTLAND, Ore., Feb. 2.—(AP)—Although Portland continued the dull potato market on the coast, with little trading here, a sudden resumption of activity in sales is confirmed at Pacific northwest primary points.

GROUNDHOG FINDS SNOW CARPET IN EASTERN REGION

(By the Associated Press.)

Over much of the United States the groundhog had a thick white carpet to walk on today as he went about his annual chore of determining the weather for the next six weeks.

A heavy snowfall yesterday and last night hampered traffic today over much of the east. Snow or rain had fallen in sizeable quantities in the Great Lakes region, the Ohio valley, the Atlantic states, the Gulf states and along the North Pacific coast.

New York city mustered an army of 30,000 workers to remove snow that fell to a depth of 10 inches, accompanied by offshore winds of near-gale force. Walking was difficult and driving rancorous. A drop in temperature to around the 10 above mark set New Yorkers ears a-tingle.

"WAS TAKING EVERY KIND OF DRUG FOR CONSTIPATION"

Then ALL-BRAN Brought Relief

Read this very enthusiastic letter:
"I am 34 years old and as far back in my life I have been constipated. I was so bad that I had no bowel movement every five or six days. I was taking every kind of drug known for constipation.

"Now for the last two months I have been eating a little ALL-BRAN night and morning and I have at least two to three bowel movements each day."—Mr. Frank Piratzky, 40-66 88th St., Corona, Long Island, New York.

Laboratory tests show Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid elimination. ALL-BRAN is also a fine source of iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Inside the body, it forms a soft mass. Gently, this clears out the intestinal wastes.

Isn't this safer than taking harmful patent medicines? Two tablespoons daily are usually sufficient. Severe cases with each meal. If not relieved this way, see your doctor.

You'll enjoy eating Kellogg's ALL-BRAN as a cereal with milk or cream—sugar or honey or fresh fruits added. Or, to use in cooking. In the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

THE GRANGE

Eagle Point Grange. A. E. Brockway will speak at the Eagle Point Grange hall at an open meeting at 8 p. m., on Tuesday, February 6, preceding the regular meeting. All people of the community are cordially invited.

Correction. Through an error, the price of Weston Oil appeared at 63 cents for a gallon in the Saturday Store advertisement in Thursday's Mail Tribune. This price should have been quoted for a half-gallon and the correct price will be featured at the Saturday store for today, Saturday, Monday and Tuesday.—Adv.

Here are 8 GOOD REASONS why you should use WHITE KING

1. DISSOLVES THOROUGHLY—even pure, tiny granule dissolves with absolute completeness in even the hardest water!
2. SAVES TIME IN SOAKING—instantly it penetrates deep within the mesh of fabrics and loosens all imbedded dirt!
3. REQUIRES LESS RUBBING—aided by gentle agitation, its thick, active suds absorb and whisk the loosened dirt away!
4. RINSES OUT COMPLETELY—leaving fabrics amazingly free of the usual "soapy film" that makes them dull and dingy!
5. WON'T SHRINK OR FADE works perfectly in lukewarm water, which is safest!
6. MAKES IRONING EASIER with no "gummy" residue left on fabrics—your iron glides ever so smoothly, without scorching!
7. ADDS LIFE TO FABRICS by preserving the strength and suppleness of fibres and keeping beautiful colors bright!
8. COSTS LESS TO USE—being a pure soap, condensed, a little does a lot! A cupful does an entire family washing!

WHITE KING GRANULATED Condensed SOAP FOR FINE FABRICS

WHITE KING caused a sensation when it was first introduced years ago. Today this Original Granulated Soap is still the most outstanding soap value money can buy!
