

Colorful Chemawa Indian Cagers Will Seek Tiger Scalps Tonight

TWO-GAME SERIES WILL PIT RIVALS OF LONG STANDING

(By Harold Grove.)
Finishing their war-dance and drawing of their plans of battle, the Chemawa Indians expressed their opinion this morning that as long as Tiger scalp was within smelling distance they might as well have some. Their first attempt will be tonight at 8 p. m., and the second attempt tomorrow night at 9 p. m., following the preliminary in which the Tiger Cubs will sweep baskets with the Junior high school Bulldogs.

The Indians arrived in Medford Thursday afternoon and invaded the Ashland high school camp Thursday night. Coaches Rube Sanders and Buck Larnard stated that their boys were in the best of shape for the games here.

The Tigers have been successful in winning the last three out of four contests played here in Medford. Whether they will add two more will be determined tonight and tomorrow night.

Coach Ed Kirtley of the Tiger Cubs states his boys are at their top form. Coach Ray Henderson of the Junior high quintet is also optimistic as to the fitness of his charges.

The probable starting lineup:
Medford— Chemawa—
Harris—F. S. Shouderblade—Zundie
White—C. I. Shouderblade—Majhor
Hinnan—C. I. Shouderblade—Keyes
Brown—G. I. Shouderblade—Glinisky
Glinisky—C. I. Shouderblade—

MANY FILM AND STAGE STARS LINKED IN, POST-DIVORCE ROMANCES

If their divorce decrees were final now, wedding bells probably would ring for several movie stars. Even so, there's romance aplenty in the Hollywood air. Here are four couples who have announced plans to wed when divorce decrees become final, or whose names are linked in marriage rumors. Left to right: Mrs. Clark, former wife of Lew Erice, and Sidney Blackmer, divorced by Lenore U'rie; Joan Crawford, divorced from Douglas Fairbanks Jr., and Franchot Tone; Gertrude Lawrence and Fairbanks Jr.; Verree Teasdale and Adolphe Menjou, former husband of Kathryn Carver. Miss Teasdale and Menjou just announced their engagement. (Associated Press Photos)

SONS WILL PLAY FLASHY MIKULAK QUINTET TONIGHT

ASHLAND, Feb. 2.—(Sp.)—One of the most colorful basketball teams to appear here this year will be seen tonight when the all-star aggregation led by Mike Mikulak, Oregon's all-America grid star, meets Coach Hobson's "White Elephants" of Southern Oregon Normal. The game is slated for the Junior high court at 8 p. m.

The casual observer might get the impression that these football heroes—Mikulak, Temple, Hughes, Cuppolette, Wishard et al. know nothing of the court game. Inspection of the records, however, shows that these boys could just as well have won a coast basketball championship at Oregon instead of accomplishing that feat in football, had they chosen to concentrate on the cage game. All are experienced basketball players. Following is a list of the players and their outstanding gridiron and basketball pedigrees:

Mike Mikulak—All-American full-back and all-coast for three years. All-state basketball forward in Minnesota, playing for Minneapolis high, will play football with the Chicago Cardinals next fall.

Bree Cuppolette—All-coast guard and all-American mention. Star of this year's East-West game. All-midwest basketball guard at Virginia, Minnesota Junior college.

Mark Temple—All-coast half-back and all-American mention. Co-captain at Oregon this year. All-state basketball guard at Pendleton high and captain of the Oregon freshman basketball team. Will coach athletics at Pendleton high next year.

Chuck Wishard—Star Oregon end for three years. Played one year of varsity basketball at Oregon as a regular and was all-state basketball center at Waterdown, South Dakota.

Bennie Hughes—All-coast center and all-American mention. Co-captain at Oregon this year. Played basketball at Southern Oregon Normal one year and was star for Medford high in basketball.

Bill Goodwin—All-coast tackle for Washington State and Pacific Coast intercollegiate boxing champion. Now a law student at Oregon. Basketball star on Buck Bailey's team at Washington State.

PER CAPITA DEBT OF NINE STATES TOPS OREGON NET

STATE HOUSE, Salem, Ore. (UP)—Per capita net debt is greater in at least nine states than in Oregon. Financial statistics compiled by the federal census bureau show.

Oregon has been referred to frequently as having next to the largest per capita debt in the nation. This reference is erroneous, officials of the state treasurer's office point out, because such references relate to the gross debt. In this respect Arkansas and South Dakota both have greater gross debts.

Nebraska had the lowest net per capita debt, 17 cents. The Pacific states had next to the highest, per capita debt of any district, exceeded only by the South Atlantic group.

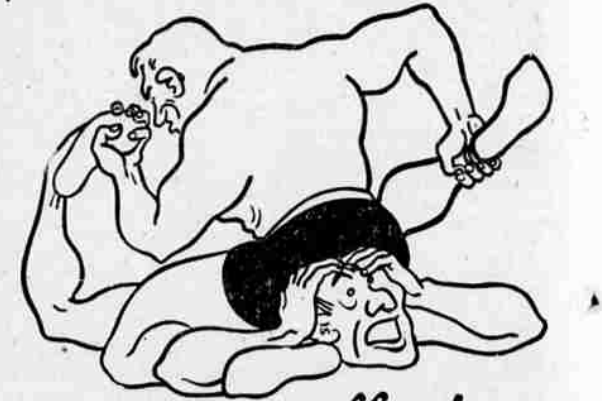

Pacific coast average was \$20.95, with Washington's at \$6.87 and California's \$22.86.

An automobile was wrecked by fire at Durant, Okla., when the owner, lacking a key, tried to get a tube out of a tire locked in a carrier by burning away the casing.

Latest available national statistics show Oregon at the beginning of 1932 had a gross per capita debt of \$63.21 and a net per capita debt of \$32.27.

Since that time Oregon has reduced several bond issues, thus retiring both the gross and net debts.

Net per capita debts at the beginning of 1932 listed by states included: Arkansas \$84.33, North Carolina \$52.92, West Virginia \$47.27, South Carolina \$39.83, Louisiana \$34.50 and Tennessee \$32.97.

no more suffering

Let's put an end to breakfast grunt and groaners. If you've had to wrestle through breakfasts and dinners without the incomparable solace of Hills Bros. Coffee, if you and your wife have yearned for the deep, unvarying goodness of Hills Bros. Coffee, then you can stop that yearning right now. You no longer need be barred from the coffee of coffees by the seeming cheapness of "bargain counter" coffees. Actually, there is greater economy in Hills Bros. Coffee. Tell this to your wife:

Coffee economy depends on strength and flavor. Hills Bros. Coffee has the strength and the flavor to go farther—cup for cup when compared with other brands. And it tastes better, too!

WOMEN CAPTURE MAJOR LAURELS BRIDGE OLYMPIC

Four women stand out today above the others as official bridge champions of Medford. They are: Mrs. Lloyd Williamson, Mrs. W. F. Quisenberry, Mrs. Glenn Jackson and Mrs. Hamilton Patton. They were winners in last night's olympic at the Hotel Medford, supervised by Mrs. Gaa Newbury.

Mrs. Williamson and Mrs. Quisenberry were the high east and west with 72½ match points; Mrs. Jackson and Mrs. Patton were high north and south with 68 match points.

There were eight match tables of bridge in play and, although the masculine ranks were well represented, the femmes carried off all honors.

Mrs. Ray Lenox acted as official score keeper. Scores made by the Medford players will be forwarded to national headquarters of the bridge olympic at once. All results throughout the land were to be in the mail before 12 o'clock today. The winners in international competition will be announced from headquarters.

BOXING ON THE SKIDS—AND ITS FIGHTERS FAULT

By EARL J. HILLIGAN, Associated Press Staff Writer
DETROIT, Feb. 2.—(AP)—The fight game, says James M. (Bingo) Brown, former president of the National Boxing Association, "is on the skids," and the leather pushers "themselves are responsible."

Brown, dean of men at Michigan State Normal college at Ypsilanti, in an interview today, emphatically declared that "too many hand-picked opponents and too much shadow boxing in the gym instead of road work" is keeping the sport from regaining its place in the sun.

"Max Baer could be the greatest fighter in the heavyweight division if he wanted to be," said Brown, adding that "Dempsy was right the other day when he said fighters don't train. There's too much shadow boxing and bag punching in the gym instead of road work. A man in any sport is just as good as his legs."

Establish a national boxing code, scale down the prices to fit the average man's purse and make the "fighters' fight and give 'old man public' what he wants—action—that's the formula prescribed by Brown, in as close touch now with the sport as when he headed the N. B. A.

"Agreement could be reached on suspensions, on champions, and on when they should defend their titles. We ought to be able to regulate the sport and give the public a break." He termed ticket prices "outrageous" and said no fight should ever cost the spectators more than a championship football or baseball game or hockey playoff. The crowd will go, he declared, if the "attraction is right."

"The purse demanded by fighters also are outrageous and they give the promoters no chance to keep the sport alive," he added. "The fighters must start punching and give the fans action. The color is gone from the game. There's too much boxing and not enough fighting today."

Canzoneri 8 To 5 Favorite Against Locatelli Tonight

NEW YORK, Feb. 2.—(AP)—An 8-to-5 favorite in the betting, Tony Canzoneri resumes his fistie feud with Cleto Locatelli of Italy in Madison Square Garden tonight.

The former world's lightweight champion decisively outpointed Locatelli in their first meeting weeks ago over the 10-round route. Tonight's match, however, is at 12 rounds and the strong and sturdy invader figures to benefit by the longer distance.

Canzoneri has said he will quit the game for good if he is beaten but will seek to force Barney Ross to give him another chance at the lightweight title if he defeats Locatelli again.

PREHISTORIC BISON HEAD IS DISCOVERED

REDDING, Cal. (UP)—A bison head discovered near McArthur is the largest ever unearthed according to J. L. Camp, dean of paleontology at the University of California.

The skull is about four times the bulk of the skull of a modern bison. Bones of these great beasts previously have been found in Alaska, Nebraska, Oklahoma and Ohio, but none so large as this specimen, Dean Camp said.

The Chinese cotton crop for 1933 is estimated at 2,800,000 bales, compared with 2,261,000 bales in 1932.

CWA Workers in Quarry Near Bethany, Mo., Killed 22 Snakes in a Day, Including Two Blacksnakes, Each More Than Five Feet Long

SALEM, Feb. 2.—(AP)—An average of 80 men daily have been kept at work and \$30,000 CWA money and \$9,000 state fair administration funds have been expended since work was started on improvement of the state fairgrounds here, Max Gehlar, state director of agriculture, reports.

Britain's royal air force flew more than 40,000,000 miles in 1933. There were 39 fatal accidents.

CAPTURE SPEED SKATING TITLES

Jimmy Webster (left) of St. Paul won the senior men's title in the national outdoor speed skating championships at Minneapolis, and Dorothy Franey (above) of St. Paul won the senior women's division by beating Kit Klein of Buffalo, N. Y., defending title-holder. (Associated Press Photos)

GRUDGE BATTLE IN PRELIMINARY

Sophomore members of the Tiger Cubs and the Junior high basketball squad are scheduled to stage a grudge battle this evening as a preliminary to the Chemawa-Medford high game. For two years there has been an argument between Coaches Kirtley and Henderson as to the merits of the two squads. The players are also bothered about it.

The Juniors have lost to the Cubs several times by one point and the Juniors maintain luck, instead of skill, toward their colors. It was finally agreed that only sophomores would play in tonight's game, and a hectic battle looms. It should furnish as much excitement as the main event in the senior high gym.

'BREECHES' BIBLE ON DISPLAY AT U. OF O.

EUGENE—A genuine "breeches" Bible, published in London in 1611, the property of Mrs. Clara Fitch, secretary of the graduate school, has been placed on display at the University of Oregon library as a feature of a group of religious books. This version is called the "breeches" Bible because in the seventh verse of the third chapter of Genesis it states that Adam and Eve made "breeches" to cover themselves, whereas in the King James version the word "aprons" is used.

CHIMNEY DEFECTS SOURCE OF FIRES

SALEM, Ore. (UP)—Check up on your chimneys, advises State Fire Marshal A. H. Averill.

During the first nine months of 1933, Averill reported today, 362 fires on insured property in Oregon were caused by defective chimneys, flues, steam and hot water pipes. Loss was \$192,772.

Cause for greatest number of fires, 613, was matches and careless smoking. Damage done was \$75,266. Greatest amount of damage was caused by electricity and defective wiring, 147 fires costing \$215,863.

Ten fires were caused by fireworks, nine by lightning, 30 by spontaneous combustion. Thirty-three were incendiary.

An abscon with a shell 29 inches in circumference and containing enough meat to feed a family was found by County Clerk Carol Joy of Salinas, Cal.

The Letter Day Saints church now has 85 seminars in its school system in five western states.

Temperature at the center of the sun is estimated at hot more than 180,000,000 degrees Fahrenheit.

Geisms frozen for weeks in liquid helium have been found capable of propagating when thawed out.

CANN RESIGNS AS N. Y. U. GRID COACH

NEW YORK, Feb. 2.—(AP)—For the second time in three years, but for totally dissimilar reasons, New York university was forced to look about for a new head football coach today.

Howard O. (Jake) Cann, appointed to the post in January, 1932, as successor to dynamic John P. (Chick) Meehan when N. Y. U. decided to de-emphasize the game, resigned suddenly last night after being subjected to heavy undergraduate fire for months. He retains his post, however, as basketball coach and assistant professor and director of physical training.

Indications pointed strongly today to Arthur H. (Archie) Roberts of Holyoke, Mass., as new head coach. Quarterback on the great Meehan-coached teams of the Ken Strang-Al Lasmann era, freshman coach of basketball, football and baseball since 1929, Roberts is immensely popular with players and alumni alike.

BEAVER BASKETEERS FACE CRUCIAL TEST

CORVALLIS, Ore., Feb. 2.—(AP)—The Oregon State College basketball team is definitely at the rock of the road, meeting undefeated University of Washington here tonight and tomorrow nights.

The season for each is half gone and practically a clean sweep in the second stretch is necessary if the Beavers are to remain champions. The possibility is rather remote, but the Beaver brood is determined.

FIVE-MILE SKI RACE PLANNED ON RAINIER

SEATTLE, Feb. 2.—(AP)—A five-mile downhill ski race on Mount Rainier, from Camp Mize at the 10,000-foot elevation to Paradise Valley, some 4500 feet below, was announced here today for May 6. It was planned as an annual event.

"It will be one of the finest ski events in the world," said Otto Giese, chairman of the Seattle ski council.

SALEM HIGH HOOPERS SUFFER SECOND LOSS

SALEM, Feb. 2.—(AP)—The Salem high school basketball team met its second successive defeat of the season last night, this time at the hands of Corvallis, who administered the beating in no uncertain terms, the final score being 34 to 19.

AMERICA AND CANADA PLAY DAVIS OPENER

LONDON, Feb. 2.—(AP)—The United States today was drawn against Canada for the first round of play in the Davis Cup zone of Davis Cup competition.
