States Banquet, Large Event of Friday Evening

In the banquet hall of the Methodist Episcopal church, decked with flags and festoons, former residents of all states of the union gathered Friday night for the ninth annual states banquet of the church.

Tables arranged to represent the various states were beautifully decorated in flowers, greens and lighted candles. Fine china and silver were brought out by the women of the church for the occasion and a pleasing arrangement greeted all guests.

Mrs. Susan Campbell was toastmistress for the evening and gave an original poem, which was dramatized to represent the habits of peoples from all sections of the nation.

The male quartet, composed of C. A. Meeker, Dr. E. W. Shockley, Dr. W. W. Howard and A. J. McDonough, entertained with two numbers, which were much enjoyed. Toasts were given to the various states by C. E. Gates, Rev. Joseph Knotts, Frank Van Dyke, Dwight Findley and A. W. Pipes.

The southern states were represented in a clever skit, Miss Elbow, Miss Wilson entertained with two whistling solos and the program closed with community singing.

Mrs. A. Orin Schenck was general chairman of the successful affair and Mrs. J. W. Smylie, menu chairman; Mrs. Susan Campbell, program chairman, and Mrs. Maynard Bush, ticket chairman.

Garden Club Hears Interesting Talk On Oregon Birds

The Medford Garden club held its regular monthly meeting Thursday evening when Mrs. Ethel Willis gave an interesting talk on birds and their nests. Mrs. Willis has always been a keen observer of plant and bird life and gave many personal experiences connected with her studies of the Oregon birds and their habits.

The president, Mrs. T. W. Miles announced the appointment of Mrs. Curtis Darby as recording secretary and of Mrs. R. Levesque Edmeades, formerly of Medford, as corresponding secretary. G. Fowler as corresponding secretary.

There is still an urgent demand for shrubs and trees for the proposed planting of the court house grounds, and those who can make donations are asked to call Mrs. Miles as early as possible.

The city authorities have asked the Garden club to furnish plants and supervise the planting of the new rock garden along the creek south of the bridge. If any one has rock plants to donate for this project she is asked to call Mrs. Miles as this garden is much larger than the former one and many new plants will be needed.

If this mild weather continues Mrs. Bundy, chairman of the plant sales committee, announced that the first plant sale will be held the last of this month. Every one whether a member of the garden club or not is asked not to destroy any plants, but to help them in and save them for this sale.

Any one having such plants is asked to call Mrs. Spilver, 861-Y and the committee will send for such plants just before the sale.

There is going to be a greater demand this year than ever before for plants of all kinds and co-operation on the part of every one who is planting seeds or transplanting perennials will do a great deal toward making Medford a more beautiful city.

Former Medford Girl Married at Wedding in South

Of interest to many local folk is announcement in the Hollywood press of the wedding in All Saints Episcopal church of Los Angeles, of Miss Catherine Edmeades, formerly of Medford, to Dr. Edward Hartley Hall, solemnized by Dean William W. Fleetwood.

The ceremony was preceded by a recital of pipe organ music by Clarence Kellough, organist of the First Episcopal church of Los Angeles.

The bride was given in marriage by her father, Forrest Edmeades. She wore a gown of Chantilly lace over ivory satin, made with high neck and long, shirred sleeves, and skirt ending in a long train. A veil of tulle, caught in Madonna halo at the head, was outlined with pearls and fell the length of her train. She carried an ivory prayer book and wore a wristlet of baby gardenias, with shower of lilies in the valley.

Mrs. Arthur Edwin Preston was matron of honor. She wore a gown of flat crepe in deep coral, and carried a velvet muff of the same color, with a spray of roses fastened to the muff.

The bridesmaids: Miss Sally Kirby, cousin of the bride, and Miss Frederica Browns, wore dresses of a lighter shade of coral with harmonizing turbans of velvet petals. They carried velvet and crepe muffs with shower sprays of lilies.

Don Edmeades, brother of the bride, was best man to the groom and John and James Kirby were ushers.

Dr. and Mrs. Hall are now spending their honeymoon at their cabin in the San Bernardino mountains. They will make their home in Hollywood.

Mrs. Hall is a graduate of the University of California at Los Angeles, and Dr. Hall of the Southern California college of dentistry. He is a son of Mrs. Charles Hall of Los Angeles.

Monarch's Catalog Advertises Medford More Than Double

The Monarch Seed & Feed Company's annual catalogue for 1934 with the famous slogan, "Everything for your garden but the rain" is being mailed out to their customers and orders are already pouring in from all over southern Oregon and northern California, according to Raymond Mikache.

This catalogue, which contains 60 pages of illustrations and descriptions of flower seeds, vegetable seeds, grass seeds, field seeds, fertilizers, bulbs, insecticides, sprays, dusts, broods, incubators, poultry equipment, Crown feeds, garden and farm equipment dog foods and medicines, berry and onion plants, shows only a part of the large stock carried by the Monarch. Mr. Mikache says that seed and feed men who have visited the store say the Monarch has one of the best and most complete stocks on the coast.

ESPECIALLY GOOD AT 55 AND 60 BECAUSE IT CAN DO OVER 80

THE New Ford V-8 will do—easily and accurately—over 80 miles an hour. But it is not likely that you will ever need to go that fast. This top speed means that in ordinary, every-day driving you get the ease and safety of great reserve power. It means that your car is not straining itself at 50, 55 or 60.

The New Ford V-8 is mighty smooth in that range because it has the reserve power to go a lot faster. That means efficient, economical running without strain or vibration.

The advantages of a high-speed car are not in the speed.

A car designed to do 80 miles an hour easily must be extra strongly built. It must have a better and stronger steering gear. It must be correctly poised and balanced. Body, wheels, springs, axles, frame, brakes—all must be of the best design and greatest strength. Everything must be up to the 80-mile-an-hour standard to give you superlative performance at lower speeds.

Drive the comfortable New Ford V-8 for 1934 and see how this extra power gives you extra pleasure and motoring satisfaction. And extra economy too.
