

### FOY IS MANAGER; JOHNSON BUILDING WILL BE LOCATION

(Continued from page one)

The liquor store staff, being supported by a large following of friends.

The store location, Mr. Morris stated, was selected after many sites had been given long and thorough consideration. The commission is anxious to keep the stores removed from Main street and other busy thoroughfares of all cities, and the Johnson building fills this requirement adequately. It also offers ample space for storage of stocks and operation of the store itself, a floor space 35 by 40 feet having been leased.

**Comprehensive Stock.**

A comprehensive stock will be available here with opening of the store, each state-owned store to be allotted practically the same amount of liquor. The price lists are now in the hands of the printers and will be distributed about the time the store is opened. The prices will be lower than those now charged by other agencies distributing liquor, prior to the opening of the state-store.

No one will be entitled to receive liquor without presenting a permit. These will be obtained through the store at the cost of one dollar per person.

The Johnson building is now being remodeled in anticipation of the store's opening. Mr. Morris will be here shortly before the opening and again on the opening date.

**Businesslike Place.**

The operation of the liquor house will be in a strictly decorous manner at all times. It was made clear here today. There will be no space for loiterers about the building. There will be no opportunity for liquor purchasers to sit down and "chat." Buyers will enter, receive their packages, and continue on their way immediately with packages sealed. They will not be opened on the premises and no liquor will be consumed in the liquor store.

**Name Agencies Later.**

No action governing the issuance of permits to subsidiary concerns for the sale of package goods will be taken until the state stores are in operation, and the major liquor control authority in operation, it was understood today.

The complete program of control will then be announced, bringing with it, undoubtedly, many changes in the present setup, which has been permitted during the interim.

The officials directing the liquor control program, are anxious to keep it of a character agreeable to all interests. The store staff, named here today, is composed of four people of good reputation, who have won the respect of wide acquaintance during the years they have been located in southern Oregon, being known for their integrity as well as efficiency in work. The appointments are therefore expected to meet with general approval within Medford and adjoining communities. Each one of the four has made Medford the home of self and family over a period of years, participating in many civic activities.

### GERMANS DECAPITATE COMMUNIST SLAYER

HAMBURG, Feb. 9.—(AP)—Executioners wielding an axe today decapitated Arthur Reising, a communist, for the murder of a Nazi youth.

Death sentences of three alleged accomplices were commuted to life terms by the state governor, who said they were "the misled victims of communist agitation."

There have been no major changes in outlines of the oceans and continents since earliest times, says the Smithsonian Institution.

An extinct volcano, active between eight and ten million years ago, has been discovered in Kansas.

The Mississippi river started as a tributary to a large river in Minnesota, 18,000 years ago, a government scientist reports.

Receiving orders in bankruptcy registered in 1933 in England and Wales totalled 4,667 as against 4,636 in 1932.

### Heiress Files Annulment Suit

Mrs. Merry Fahney Eisner, patent medicine heiress, filed a marriage annulment suit in Los Angeles. She said that because of "certain liquids" given her beforehand she did not realize she was being wed to Frank Van Sande Eisner at Aurora, Ill., last Nov. 10.

### WRECKAGE LITTERS STREET IN PARIS RIOTING

This picture shows debris strewn about the Boulevard Saint Germain after one of the late January clashes between police and royalists and communists in the French capital. This series of riots caused the downfall of the Chautemps cabinet. A later disorder and battle between opposing factions caused bloodshed and the overthrow of Edouard Daladier, successor to Chautemps as premier. (Associated Press Photo)

Anchor Bacon, lb. . . . . 10c

WELL, I HAVE MY MENUS PLANNED FOR ALL NEXT WEEK. I HOPE YOU'LL LIKE THEM

THEY'LL SUIT ME ALL RIGHT IF YOU HAVE PLENTY OF MEAT

### CHICKEN HATCHERS OF COUNTY SHOULD FILE INCUBATOR CAPACITIES

Commercial chicken breeders and egg hatcheries of Jackson county come under terms of the federal code and County Agent Robert G. Fowler requests that they file at once their names and capacities of their incubators.

The code was signed by the president last December and adopted by the Oregon State Hatcherymen's association, February 3. From that date forward, the hatchery code, as applied to chicks, poults, and ducklings is effective in this state.

The county agent's office has made arrangements for compiling the list of incubator operators, and other data required, such as whether they custom hatch, or sell chicks.

The code does not apply to farmers who use eggs produced on their farms and hatch them in their own incubators.

The ruling of the code on this point is as follows:

"All persons, corporations partnerships, etc. that produce chicks for sale, do custom hatching for hire, or deal in or sell chicks (or poults) come under the code with one exception—the farmer who uses eggs produced on his own farm, and hatches them in his own incubators, and sells less than 300 poults or chicks in the calendar year."

### Circus Actress Slain

According to police Ernest Wright, 32, farm hand, confessed killing Miss Alice Martin (above), former circus trapeze performer, near Canby, Ind. (Associated Press Photo)

Seven hybrid lilacs resulting from the crossing of Humboldt, Leopard and Perry lilacs have been developed at the department of agriculture hib station at Bellingham, Wash.

Although introduced only last summer, prune bread baking has grown in California to an output of 200,000 loaves weekly, utilizing four ounces of prunes per loaf.

## How to make good coffee everytime

Only 3 things are necessary—a drip coffee maker in which boiling water drips through a specially prepared coffee and a filter paper. That's all! And it never fails! Delicious every time! Always crystal clear! In a Drip Maker, the water drips through the coffee but one time, not many times as in a Percolator. At that one time, all the rich fragrant flavor is extracted from a coffee specially prepared for the process. Coffee prepared for the slow percolator process will not do. (Schilling DRIP Coffee is specially blended, roasted and ground—with filter papers enclosed.) A filter paper rests below the coffee to let through nothing but the delicious amber drops. Real drip coffee cannot be made otherwise. Try it! You'll join the millions who have turned to drip coffee.

**Introductory Offer \$1.20**

Special model Drip Coffee Maker and 1 pound Schilling Drip Coffee \$1.20 at your grocer's. If he cannot supply you, send his name and \$1.20 to A Schilling & Company, San Francisco. Moneyback in either case if not satisfied.
