

# SCHERMERHORN'S EXCEPTION BILL HEARD SATURDAY

Next Saturday, March 3, at 10 o'clock has been set by Circuit Judge George F. Skipworth of Eugene, as the time for "hearing, settling and passing" on the bill of exceptions, in the appeal of Gordon L. Schermerhorn, former sheriff, under three years' sentence in state prison, for conviction of participation in the Jackson county ballot thefts. The order of Judge Skipworth to the above effect, was filed with the county clerk this morning, and Judge Skipworth will be here for the opening of court.

Monday, March 5, was designated by Judge Skipworth as the final date for the filing of the bill of exceptions, and the Saturday session will clear the legal decks for that procedure.

Notice has been received from the attorney-general's office at Salem that they would be prepared to appear Saturday.

The bill of exceptions is preliminary to the filing of the appeal. Counsel for the state and defense will argue portions of the testimony in the trial, to which the defense expects, and it will be ruled upon by the court.

Schermerhorn has been at liberty on \$7500 bonds since receiving his sentence last August, when he served notice of appeal to the supreme court. In the case of Ted Haines, Red Top district resident, serving three years in state prison for conviction of a statutory offense last October, and who served notice of an appeal, an extension of time until March 19 has been granted by Judge H. D. Norton, for filing a bill of exceptions. Attorney Rawley Moore, in a motion, stated the transcript of testimony had not been completed.

# HEAVY RAINFALL BOON TO VALLEY

Rogue River valleyites, who have been concealing grave fears of a drought next summer were rejoicing today over the rain storm visiting this region and the fall of snow reported in neighboring mountains.

Between 8:40 and 11:40 this morning, the official weather bureau report showed a fall of .44 of an inch in Medford. Reports from Crater Lake National park, announced a fall of two inches of snow during the night and a storm still prevailing, bringing with it an important contribution to the white blanket covering the park.

It was also snowing in the Siskiyou summit section this morning, the weather bureau was informed. For two hours a heavy storm visited the section.

The storm in Crater Lake was expected to close the road temporarily to travel and motorists were asked to keep out of the park today, unless cars were equipped with chains.

# RUM CZARS URGE BOOTLEGGERS CURB

The Oregon State Liquor commission, in a letter received today, by the district attorney, urges co-operation of county and city law enforcement agencies in the elimination of illegal manufacture, transportation and sale of liquor, pending the establishment of state liquor stores, under the Knox law.

Individual liquor control policies, in accordance with "local sentiment" is urged upon cities and counties, in order that the bootlegger and moonshiner will be curbed, ere he becomes too deeply rooted. The city and county action will be independent of any enforcement steps taken by the federal government, under the internal revenue stamp violations.

I. E. Foy, local liquor store manager, states that he expects to have the Medford agency opened before March 10, but no definite date has been set.

# DEMURRER DENIED SAWMILL OWNER

In a ruling handed down yesterday, the demurrer was denied in the suit of Dan Watson against George L. Jantner and wife.

Jantner, a sawmill operator of the Prospect district, purchased timberland upon which Watson had homesteaded, for delinquent taxes amounting to \$131, and was granted a certificate of delinquency by Jackson county.

Watson seeks to have the records cleared of the sale, and "tendered" the amount of the delinquency paid. The court also issued an order, granting Watson 10 days in which to prepare an answer to the suit.

The timberland is located on the Earl Ulrich road in the Prospect district.

advice and lambasted the newspaper publishers.

However, Mr. Roosevelt seems to like limbo and he has not had any sawed off behind him yet.

An attorney in the NRA says that of all the business men with whom the NRA came in contact on the code negotiations "the stock brokers were the dumbest and the bankers were the second dumbest." They probably only acted dumb, which is something entirely different.

# CALLS ALL-BRAN NATIONAL NATURAL LAXATIVE

## Delicious Cereal Checked His Constipation

Here is an unsolicited letter from Mr. Daniels:

"For many years I have been habitually constipated, and have used all sorts of laxatives. So, in fairness to Kellogg's ALL-BRAN, I heartily claim it to be a most wonderful remedy for constipation.

"Need I tell you that I have long since ceased using laxatives? Kellogg's ALL-BRAN is the National Natural Laxative. If it were used by every family in the United States for breakfast, we would have a much healthier race of people."—Mr. John Daniels, 1090 Third St., North Bergen, N. J.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines and vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Isn't this food much pleasanter than risking pills and drugs? Two table-spoonfuls daily are usually sufficient. If not relieved this way, see your doctor.

# CORTEZ IS MODERN EXECUTIVE AT ROXY

What's the difference between the new type of stock-manipulating "big executive" and the old type of emper-oligarch?

The contrast is pictured in "Big Executive," now at the Roxy theater, featuring Ricardo Cortez.

The picture puts Cortez in the role of fortune made by the misfortunes of others.

Town in the Black. TENINO, Wash.—(UP)—Tenino, the little town that took the bull by the horns a year ago when its bank closed, and began issuing wooden money, is now in the black, and on a cash basis. The town treasurer re-

ports a cash balance of \$2345.30 for the new year, due to "rigid economy and improved payment of taxes."

Cat Came Back. KLAMATH FALLS, Ore.—(UP)—Last year County Treasurer George

P. Taylor put in an order to the county court for one quart of red ink and one pint of blue ink. This year he ordered a quart of blue ink and a pint of red.

ISTANBUL—(UP)—A Turkish

bath proved nearly fatal to six Turks. They were found unconscious and nearly asphyxiated in one of these establishments at Akhisar, and had to be treated at a hospital. Carbonic acid gas fumes escaping from the boiler were the cause.
