Homes and Susanne Homes Carter, former county school superintendent, pioneer residents of the upper valley country. The stipulation provides if its terms are not fulfilled within 90 days, the stipulations are null and void. The stipulation provides that the city of Ashland shall install measuring devices, and that within 90 days the city of Ashland shall give to the defendants a water right certificate to live acre feet of water from the Talent irrigation district impoundment.

improvement, including the redecorating of the basement banquet room. Recently the dining room was remodeled, the floor refinished for dancing and an attractive coffee shop installed.

"My first year in Medford has been most pleasant," Mr. Denson said today. Mr. Denson operated hotels in California before coming to Medford to assume the management of the Hotel Medford a year ago.

### Rialto Stars

A man is murdered in cold blood in the presence of one of the world's greatest detectives! That is the interesting bit of irony in "Before Midnight," coming to the Rialto theater tomorrow on the double feature program for Friday and Saturday. Buck Jones in "The Thrill Hunter" will be the other feature to be shown. Ralph Bellamy, June Collyer, Claude Gillinger, Betty Blythe and Arthur Pierson portray the leading roles.

### PRINCE RECOUNTS GRIM DETAILS OF RASPUTIN MURDER

(Continued from Page One)

a bearskin rug. Yousouppoff related, and "roared like a wild beast." Yousouppoff insisted he was in his right senses when he clubbed Rasputin's body with a loaded stick after the monk was apparently dead.

He did it, the prince said, because "when I came to the staircase where he was lying I saw his face was moving."

Body Dumped in River. Later he lost consciousness and others took the body and dumped it into the River Neva through a hole in the ice, the court was told.

The prince related how he lay on a couch as the mystic monk stroked his chest and made passes over his face, which created a powerful mesmeric influence.

Soon, the prince continued, he was practically unable to move or speak. Sir William Jowitt, continuing cross-examination of the Russian, drew from the witness an account of a number of visits he paid Rasputin to cure a complaint from which he was suffering.

"It is a fact, is it not," asked Jowitt, "that his treatment did you some good?"

"No, it did not," the prince replied. Details of a plot to kill the monk, because he planned, Yousouppoff said, to turn traitor to Russia and seize the throne, were elicited from the prince in the cross-examination.

### Now at Studio

Lionel Barrymore as a kindly country doctor, ministers to the poor in "One Man's Journey," now playing at the studio theater. The climax shows the obscure "failure" winning a spectacular battle with death after the greatest modern surgeons and physicians have failed, and receiving besides, the recognition which comes with outstanding achievement.

Magazines Received—Quite a number of magazines, books, newspapers and puzzles are being received at the Chamber of Commerce from local residents, for use in CCC camps in this district. Hundreds of books and magazines have been received during the past winter and have been used to good advantage.
