

SECRET VALUES CONFUSE TRADE PORTLAND EGGS

PORTLAND, March 2.—(AP)—While "open" prices on eggs, wholesale and retail, were not changed for the day here, there was free discussion in the trade today that semi-secret values were from 1 to 2 cents lower to unchanged, depending upon the customer, the volume and who was selling. The trade was further confused by addition of many new "grades" and there were so many varieties of "extras" on the market that trading was uncertain at best.

Trading in the butter market was about steady here, with no changes on the open trade in cubes or prints for the day. Butterfat values were also unchanged. General strength was continued all through the market for live chickens locally with an acute shortage in practically all departments. Young stuff was especially scarce at the moment. With the imposition of the new tax, there was more or less weakness underlying the market for country killed hogs here with general top price around 8 1/2 to 9c lb.

There continued an extreme scarcity of lambs and old mutton and no additional supplies of spring lambs have been offered since the first bunch came. Veal trade was steady around 9 1/2 to 10c for tops. Ten cartons of Oregon parsnips were rolling east on account of the huge demand, while New York was taking Oregon asparagus instead of cabbage at the moment. The price on kraut has been advanced to \$11 barrel.

RESTRAINER REFUSED IDAHO SHEEPMEN ON OREGON GRAZING BAN

PORTLAND, March 2.—(AP)—Ruling that it does not appear that the plaintiffs had been deprived of their constitutional rights, Federal Judge John H. McNary Thursday denied a motion for a temporary restraining order setting aside the 1933 Oregon grazing law.
Residents of Idaho had filed action to authorize them to graze their sheep in the Jordan valley district of eastern Oregon. They contended the Oregon law forbidding them access to these ranges was unconstitutional.
Judge McNary, explaining that the facts must ultimately be decided by a statutory court of three judges, stated that "it appears to this court that the legislature of the state of Oregon acted within the domain of its police power in passing the grazing act, and the provisions adopted for its enforcement were necessary to the accomplishment of its purpose, and that plaintiffs have not been deprived of their constitutional rights."
The action was brought by Vincent Mendolia, John Mendolia and John Archbal.

ALL-STAR'S TRIM C. P. TOWN TEAM

Stopping a last minute rally, the St. Mary's All-Stars emerged victorious last night in a fast and close game with the Central Point Townies, by handling them a 37-33 defeat.
The All-Stars led the scoring throughout most of the game, except for a short time during the final quarter when the Townies held a 23-29 lead. This lead, however, was short-lived as Trill and Lewis both scored on long shots. Lewis led the All-Stars with 10 points; Hammack scored nine points; Costen and Deitrich each scored 13 points for the Townies.
In the preliminary game, Ray Henderson's Junior high Bulldogs defeated the St. Mary's high school team, 24 to 22. Oliver led the scoring with 12 points.
The All-Stars played a double-header Wednesday night, defeating Jacksonville 23-20 and Sams Valley 36-20.

SQUAW LAKE ENJOYS FLOWERS IN WINTER

The flowers have been blooming in the Squaw lake country since January, Andrew Jeldness, resident of that section for 30 years, announced here today. Mr. Jeldness lives one mile beyond the lake and has extensive mining operations in that district.
The past winter has been the mildest he has known in those 30 years, he stated, and has been ideal for mining. He is now developing a quicksilver mine. Mr. Jeldness' son, Otto Jeldness, is a well-known resident of Medford.

BANDITS GET \$60,000 FROM BANK MESSENGER
RICHMOND, Va., March 2.—(AP)—Six armed bandits today held up a guard of the State-Planters Bank and Trust company, and robbed him of \$60,000 in currency.
Officials said that the robbery occurred presumably while the guard, William H. Coghlin, was on his way from the Federal Reserve bank. He was held up at the entrance to an alley by six men in a black sedan.

ONLY THE CENTER LEAVES FOR Luckies

1 Luckies do not use the top leaves... because top leaves are under-developed... they are not ripe... They would give a harsh smoke.

2 Luckies use only the center leaves of the finest tobacco plants... because the center leaves are the mildest, tenderest, smoothest.

3 Luckies do not use the bottom leaves, because bottom leaves are inferior in quality. They grow close to the ground, and are tough, coarse and always sandy.

Lucky Strike presents the Metropolitan Opera Company
Smoker at 1.50 P. M., Eastern Standard Time, ever Red and Blue Networks of NBC, Lucky Strike will broadcast the Metropolitan Opera Company of New York in the complete Opera, "Lucia di Lammermoor"

This picture tells better than words the merit of your Lucky Strike. Luckies use only the center leaves. Not the top leaves, because those are under-developed—not ripe. Not the bottom leaves, because those are inferior in quality—they grow close to the ground and are tough, coarse and always sandy. The center leaves are the mildest leaves, the finest in quality. These center leaves are cut into long, even strands and are fully packed into each and every Lucky—giving you a cigarette that is always round, firm, completely filled—no loose ends. Is it any wonder that Luckies are so truly mild and smooth? And in addition, you know, "It's toasted"—for throat protection, for finer taste.
