### Eagle Attacks Poultry Raiser

RAINIER, Ore., March 6.—(AP)—F. Engstrom went to investigate a disturbance in his chicken coop—and when he came back he had to go to a doctor.

In the coop Engstrom met and conquered a bald eagle which measured seven feet from tip to tip. The bird attacked him as he entered the coop and inflicted severe lacerations before he killed it. The eagle was recognized as one which had been the pet of children in the neighborhood some time ago, when it had a broken wing.

### Three Questions Evangelist's Topic

Evangelist D. Loyd Morgan of California, now conducting a revival at the Christian church, will speak tonight on the subject, "Three Important Questions."

Elsie C. Strang will be the guest soloist. The song service begins at 7:30 o'clock.

Great interest is being manifested in the question box and a number of questions will be answered tonight. The public is invited to bring any questions dealing with the Bible.

Services will be held every night this week except Saturday.

### How One Man Lost 22 Pounds

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at Woods Drug Co. or any drug store in America. If not joyfully satisfied after the first bottle—money back.

### EATS WHITE HOUSE BREAKFAST

And another White House dog has disgraced himself. This time it was "Winks," an English setter pup from down south. "Winks" woke up hungry one morning, proceeded to the servants' quarters and licked up 12 plates containing bacon and eggs as clean as a whistle. The President said "Winks" probably would have drunk the coffee if it had been poured. Here the pup shows how it was done. (Associated Press Photo)

### JUNGLE HATE IN 'MURDERS IN ZOO'

Jungle hate strikes in the heart of a city in "Murders in the Zoo," which opened this afternoon at the Romy Theater, featuring Charlie Ruggles, Lionel Atwill, Kathleen Burke

(the Panther Woman), and Randolph Scott.

The slithering Green Mamba, voracious crocodiles, and a bone-breaking python are the weapons of terror born of the perverted mind of a jealous fiend in this new actionful picture of hate in a city's menagerie.

### CROP LOAN ASSN. NOW FUNCTIONING AT COURT HOUSE

The Medford Credit Production association, a federal agency created to take the place of the regional credit bank, and comprising the counties of Douglas, Coos, Curry, Josephine and Jackson, is now located and functioning in the court house. Luther Deuel, secretary, is in charge.

At an organization meeting held two weeks ago Col. Gordon Voorhies was named president, directors elected and an executive committee named.

The association is capitalized at \$200,000 and has for its purpose the granting of loans to the various forms of agriculture.

Application blanks for farm, stock, crop and feeder loans have been received by Secretary Deuel, and are being filled out. The fruit blanks, the chief item for this section, have not arrived from the head office at Spokane, but are expected soon.

Application blanks have been sent by Secretary Deuel to the directors in Coos, Curry, Douglas and Josephine county for distribution and preparation. The work will be speeded so the benefits can be made available at the earliest possible date.

The local association is one of two assigned to western Oregon. The

other association is located in the Willamette valley with headquarters at Eugene.

### 47 AGE PENSIONS PASSED BY BOARD

Old age pension applications are still under consideration of the county court, acting as an old age pension board, and, to date, 47 certificates for old age pensions have been filed with the county clerk, with 13 rejections. The total number of old age pension applications is 253.

The principal reasons for the rejections are, lack of 15 years of continued residence in the state, and not being the required 70 years of age. In three or four instances, pensions have been denied because the applicants had sufficient income.

Certificates for the old age pension are being issued as fast as the investigations of the cases are completed, and it is expected to have them all completed by the end of the month.

"Dinty" says they will play all of the newest dance hits and there will be special features at every dance.

To Portland—Mr. and Mrs. Glen J. Birk accompanied by Mrs. H. A. Barria, are spending today in Portland, having gone north last night. Today Mr. Birk is attending a meeting of the Metropolitan Life Insurance company, for which he is district manager with headquarters in Medford. They plan to return this evening.

Visitor in Medford—Rum Lawson, flying to Portland from Los Angeles, was an overnight guest in Medford, leaving here yesterday in his Breeze for the north. Lawson is a representative of the Pilsener Breweries.

### DON'T GET UP NIGHTS

Make This 25c Test.

You need a bladder laxative to drive out impurities and excessive acids that cause irritation, burning and frequent desire. Get a 25c box of BUKETS, the bladder laxative, from any drug store. After four days if not relieved of getting up nights go back and get your money. BUKETS, containing buchu leaves, juniper oil, etc., acts on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains arising from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. # Figures that Speak

The Metropolitan Life Insurance Company presents figures from its Annual Statement for 1933 and makes comparisons which show how the Company has carried on during the five difficult years since 1928

THROUGHOUT a period of almost unparalleled world-wide depression the institution of Life Insurance in America has furnished an example of achievement that wins admiration wherever it is understood.

Between January 1st, 1929 and January 1st, 1934, the Metropolitan Life Insurance Company, which insures the lives of more than 25,000,000 persons—nearly one-fifth of the total populations of the United States and Canada—paid to its policyholders and their beneficiaries more than Two Billion Dollars (\$2,000,000,000).

During the same period, its policyholders contributed, through their premium payments, toward the increase of more than One Billion Dollars

(\$1,000,000,000) in the assets held for future distribution to themselves and their beneficiaries.

After payment, during that period, of more than Four Hundred and Fifty Million Dollars (\$450,000,000) by way of dividends to policyholders, the Company's surplus was increased by more than One Hundred Million Dollars (\$100,000,000).

These figures, of one company alone, are striking evidence of the reliance which the people of the United States and Canada place on the security and protection of life insurance.

Life Insurance is the most effective and satisfactory means of providing for the future of one's self and one's dependents.
