Musical Revue Starts at Craterian

JEANETTE MACDONALD and RAMON NOVARRO in "THE CAT AND THE FIDDLE"

A new romantic musical team makes its bow at the Craterian theatre starting today when "The Cat and the Fiddle" opens a four day engagement. Ramon Novarro and Jeanette Macdonald, both widely known for their concert work, in addition to their fame as screen stars, is the sensational new team that has been hailed as a "find" wherever the picture has been shown. "The Cat and the Fiddle" was adapted to the screen from the successful stage play by Jerome Kern and Otto Kernbach. It is a romantic musical drama and includes six hit song numbers. Although there is a wealth of music throughout the play, it is not strictly speaking, a musical picture. It is instead a story with music. Each of the numbers sung by the co-stars and members of the supporting cast has a definite place in the story and advances or adds to the interest of the drama being enacted.
