

# ASHLAND DEFEATS SAMS VALE QUINT BY 68 TO 8 SCORE

Ashland high defeated Sams Valley by the overwhelming score of 68 to 8 last night at Ashland, in the first game of the series to decide the southern Oregon championship. Following the game, Sams Valley forfeited the remaining game scheduled to be played Friday. The action gave Ashland high school the southern Oregon district championship, and they will represent this section in the state tournament at Salem, which starts next Wednesday.

Hardy, center and shooting ace of the Lithiana, scored 32 points in last night's game. He is a tall, rangy boy and one of the best shots developed in this district in several years.

The Sams Valley squad was outclassed in all departments. They won the county championship from Central Point, but were defeated in the invitational tournament last week at Ashland.

The Ashland team has been defeated three times by Klamath Falls the past season. It won the first game with Medford, 22 to 16, and lost the second to the Burghermesters, 26 to 24, in a three-minute overtime.

The Medford school Monday discontinued basketball relations with Ashland high. School authorities gave as their reasons the inability to agree with Ashland school heads on the selection of referees for various contests. This move automatically cancelled the third game between the two traditional rivals.

Medford high had an erratic season in basketball, losing when expected to win and winning when expected to lose. They were defeated twice by Klamath Falls. Seven of their first string men were suspended when they painted an Ashland barn roof.

# SERVICE CLUB SKI ARTISTS URGED TO

Members of local service clubs are urged to enter the one-mile race next Sunday at Government Camp for clubs of Bend, Klamath Falls and Medford. A number of local members have expressed intention of entering, including Tommy Williams of the Kiwanis, Frank Van Dyke of the Active club, and it is thought Verne Shangle of the Lions club may be induced to run.

This race is one of several special events scheduled for the afternoon program scheduled to begin at 1:00 o'clock. Medford and county residents are reminded the Crater Lake caravan will leave the chamber of commerce building at 9:30 Sunday morning, arriving at the lake in ample time for the afternoon events. An emergency car, provided by the Fireman's Service, will accompany the caravan to the lake to answer all trouble calls.

The Standard Oil company loud speaker car arrived in Medford yesterday and will be used to announce events and results of the program. While in the valley it will visit Grants Pass, Ashland and Klamath Falls encouraging further interest in the carnival, sponsored by the Rogus Snowmen, Crater Lake Ski club, the Bend Skyliner and the chambers of commerce of Medford and Klamath county.

Entrants for the racing and ski jumping events will start arriving Friday at the lake from all parts of the northwest and California, offering the largest gathering of ski talent ever seen in southern Oregon.

# Ski Champion

Although only 13 years old, Kathleen Anderson of the Tahoe Ski Club won the women's cross country contest from a field of nine starters. Miss Anderson, elected queen of winter sports at Sacramento, made the three miles in slightly more than 27 minutes. (Associated Press Photo)

# RED M'DONALD HIGHLY PRAISED FOR CAGE WORK

L. H. Gregory, sports writer for the Portland Oregonian has the following to say regarding Red MacDonald, former Medford high school athletic star:

One of my favorite basketball players is Red MacDonald, the grand old battler at the backboard for Oregon State. Red is thorough, too, his three years of competition ended, and I'm afraid it will be a long time before we see another like him.

There are faster basketball players in this conference by far, and better shots, but none steeper in the league, or of more value as a team man. Always in the game, always playing with a concentrated determination, and a bound for that ball. They called Red rough, and he was, and I never will forget how he spilled the Washington boys in windrows on the floor in Seattle a couple of weeks ago in his scrimmaging at the backboard until 4000 excited and partisan spectators were yelling at him frenziedly, yet when the game ended Red had only two fouls against him—two, and no more.

Nor do I recall a game this season in which Red had to go out, on four personals. The answer to it is that it always the ball he was after, not some rival player. Consequently his roughness was of the legitimate kind. He was worth his weight to Oregon in gold nuggets, even at new deal prices, that serious-minded, ball-hounding Scotchman, Mr. Red MacDonald.

# FLUHRER BAKERY SEEKS WALNUTS

In an endeavor to consume as many local products as possible Fluhrer's Bakery of this city has issued a call for shelled local walnuts.

Most walnuts used by bakeries of this section have heretofore been shipped in from California and Manchuria. Last fall local growers began making local growers to shell their walnuts and sell them to replace the imported nuts.

For a time during the early winter there was a surplus of local walnuts, but Fluhrer's bakery is again in need of walnuts and can use approximately 1000 pounds of the shelled variety to be delivered within the next 30 days.

When asked concerning the comparative merits of local and imported walnuts, Mr. Fluhrer said that the homegrown walnuts were every bit as good as the best California walnuts.

Grahams Visit Here—Mr. and Mrs. M. F. Graham, formerly of this city, made a short business stop in Medford yesterday, en route from their home near Harbor, Ore., to Hollywood, San Diego and other southern California points.

# SHE IS FLORIDA'S BEAUTY QUEEN

Florida has selected 16-year-old Elsie Weems of Miami Beach as the state's beauty queen for 1934. She is shown with the trophy that went with the title of "Miss Florida." Her victory came after a three-hour elimination contest in which 204 beauties participated. (Associated Press Photo)

# 25 ON JUNIOR HIGH SCHOOL HONOR ROLL SIX WEEKS PERIOD

Twenty-five students at the Junior high school were listed on the honor roll for the first six weeks' period of the second semester, eleven of the group being in the 9A.

- The roll follows:
- 7B Platte, Leighton ..... 3A, 4B
  - 7A Daugherty, Burton ..... 3A, 4B
  - Dorris, Barbara ..... 4A, 5B
  - Yocom, Betty ..... 4A, 5B
  - 8B Schaffer, Evelyn ..... 4A, 5B
  - Strang, Billy ..... 1A, 4B
  - 8A Chaney, Rebecca ..... 2A, 3B
  - Garlock, Ruth ..... 4A, 1B
  - Hall, Ruth ..... 1A, 3B
  - Harwood, Corinne ..... 4B
  - Hodgkins, Edith ..... 2A, 2B
  - Murdock, Helen ..... 2A, 2B
  - Nakagiri, Kay ..... 2A, 2B
  - Scovell, Elizabeth ..... 5A,
  - 9A Cowden, Louisa ..... 2A, 3B
  - Dale, Della May ..... 2A, 2B
  - Hammond, Virginia ..... 4A, 1B
  - Littrell, Lois ..... 4B
  - Metcaif, Donna ..... 1A, 3B
  - Monteith, Dorothy ..... 5B
  - O'Neill, Mabel ..... 3A, 1B
  - Phillips, Betty ..... 1A, 3B
  - Seller, Cherokee ..... 2A, 4B
  - Thatcher, Jeanette ..... 5A,
  - Whitlock, Edith ..... 2A, 2B

A motorcycle rider questioned after a collision on a downtown Kansas City street told police there were so many bright advertising signs at the intersection he could not distinguish the traffic light.

# BIDEN MAKES BONDS PENDING CASE TRIAL

Amos W. Walker of this city, and Hattie I. Salter of the Prospect district appear as bonds surety for Manzie Biden, indicted by the last grand jury, on a charge of willfully communicating a malignant disease. The bonds in the sum of \$1000 were approved by the court.

Trial of the case is indefinite, but is scheduled to be heard during an interim, if any, in the civil suit docket now being heard.

Abbie Gilbride, 18, the girl in the case, is now held in a Portland home for wayward misses.

SALEM, March 15.—(AP) The public utilities commissioner today denied the application of the Reliance Freight lines of Portland for a permit to operate as a common carrier between fixed termini.

# FACTS ON WOOL GIVEN HIGH SCHOOL PUPILS BY KAY MILL OFFICIAL

Presenting many interesting facts about wool, Arthur O. Hunt, advertising manager of the Thomas Kay Woolen mills in Salem, lectured at the senior high school, yesterday. The talk was entirely educational.

Mr. Hunt spoke particularly of the qualities and kinds of wool. He explained that wool fiber is formed by an outside wall or epidermis enclosing a central canal. The natural oil found in this is known commercially as lanolin and is used in the manufacture of different kinds of creams. Nature provides sheep with this oil as an antiseptic against cuts and bruises. Because of this sheep rarely have skin diseases or infections.

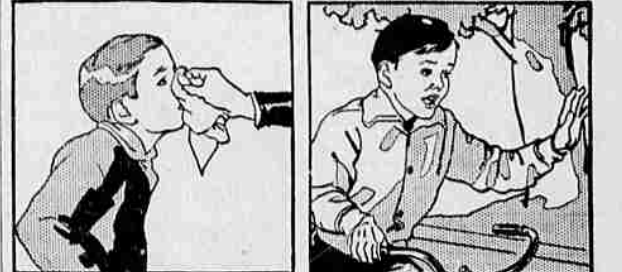

This central canal in the fiber aids in dyeing and wool once dyed cannot be successfully bleached. Wool has the same amount of heat resistance as asbestos. It makes excellent materials for both winter and summer. Wool lets in violet rays of the sun and keeps out the dangerous infra-red rays which cause sunburn.

In laundering woollens, Mr. Hunt explained that water 98 degrees in temperature should be used with an abundance of soap. Soap flakes are preferred to cakes of soap. The materials should be rinsed four times in water of the same temperature.

Over heated water causes a movement in the wool fibers and they become curly and shrink. Cooler water "sets" the fibers and afterwards they will not stretch. A temperature of 98 degrees maintains the natural oil in the wool. "As a short way of putting it," said

Mr. Hunt, "take care of your woollens the way you take care of your hair." In a test to find the strength of wool, wires of different metals were spun to the same diameter as the wool fiber. The manufacturers found that the wool fiber supported the same amount of weight as the gold wire. Mr. Hunt defined different kinds of wool as follows: Virgin wool is wool straight from the sheep's back. Pulled wool is that which is taken from the hides of slaughtered sheep. It does not dye as nicely as virgin wool. Shoddy wool is a less expensive wool than virgin wool and has a shorter fiber. It is used in the manufacture of heavy fabrics. Mr. Hunt stated that wool materials have been the cheapest during the past winter in a great many years.

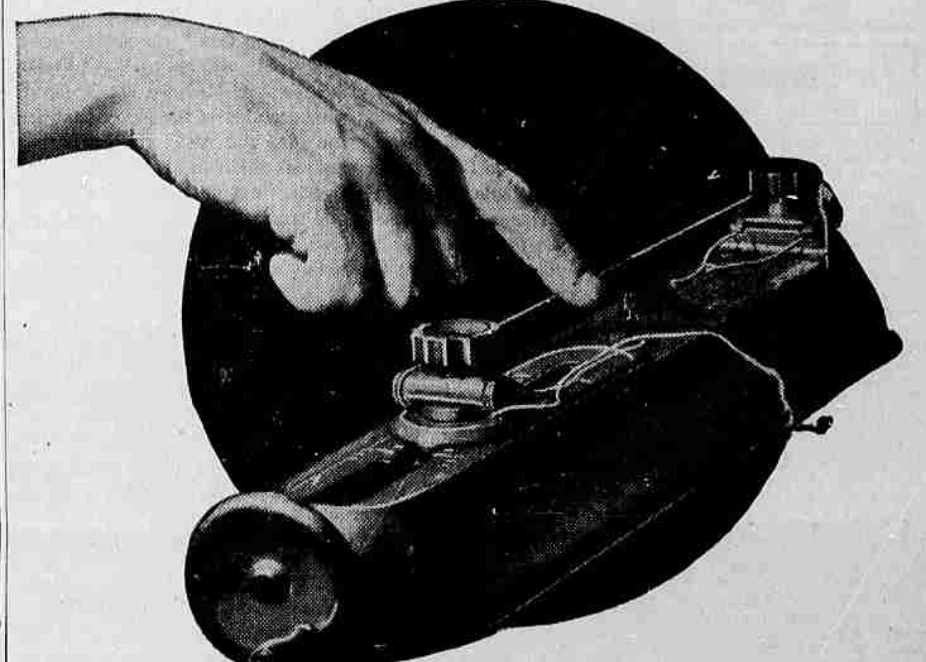

# Whose Fault?

# Children who are Always Catching Cold

A boy or girl may be warmly clad, dry shod, and ever so careful, yet catch one cold after another. Do you know what's to blame? Low vitality. A sluggish system makes any child an easy victim for colds. The youngster whose bowels haven't moved for two days will contract a cold quicker than the one who has forgotten his rubbers. A powerful cathartic that opens the child's very pores is just as bad. The proper treatment is described on the right:

Here's the plan many mothers use to protect their children from a cold all through the cold season. Instead of waiting for biliousness to strike, they ward it off in this way: Every few days, they give the child a spoonful of plain California Syrup of Figs. No violent purge! No laxative of adult strength! Just this natural, fruity syrup containing senna. Use the genuine California Syrup of Figs, sold everywhere; bottle should say California.

# Suppose THAT CORD BROKE in your tire!

THIS is a machine for stretching cords the way they'll have to stretch in your tire—every time the tire rolls around, which means about 500 times a minute at 45 miles an hour. Both cords have been stretched exactly the same—and then released. Look at the farther cord. It's come back tight and straight again. That's Supertwist—the cord used in every ply of every Goodyear Tire. Now look at that broken cord in the foreground—and think what might happen if you had cords like that in your tire!

There's a little lesson in safety that's won millions of people to Goodyears—because it shows, without a lot of empty claims, exactly how much better Goodyear protects you from blow-outs—and why you get longer average life from a Goodyear Tire. If this sounds a little technical—we'll sum it up in this: More people ride on Goodyear Tires than on any other kind—and of course that means more people buy them! How about you?

# ST. MARY'S STARS TRIM CCC QUINT

The St. Mary's All-Stars defeated the Applegate CCC team last night by a score of 37 to 27 at the high school gymnasium.

The Applegate five won the district championship this year and have an enviable record.

The All-Stars had a slight lead of 15 to 13 at halftime, but gradually pulled away from their rivals in the last half.

Hammack led the scoring for the All-Stars with 16 points.

Miami, Fla., claims to have more winter visitors this season than at any other time in its history as a resort.

# Fat Girls! Here's A Tip For You

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration. Here's the recipe that banishes fat and brings into bloom all the natural attractiveness that every woman possesses. Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast. Be sure and do this every morning for "It's the little daily dose that takes off the fat" and brings "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure. Get an 8-oz. bottle of Kruschen Salts at Woods Drug Co. or any drug store. Takes 4 weeks—and must be satisfied with results or money back.

**YOU CAN SAVE**

One to Ten Cents an Evening on Your Electric Light Bill IF YOU USE CANDLES

**BUT.....**

Candles cost 50 to 100 times as much as Electricity for the SAME AMOUNT OF ILLUMINATION

● Your eyes are your most precious possession. They are the most useful, and at the same time the most delicate parts of your whole body. To strain the eyes now is to lessen their usefulness later in life. Good light is necessary for proper seeing. Wherever there is poor light, eyestrain is sure to occur. Look to your lighting if you would keep the priceless treasure of good eyesight. You can save on your electric bill... but at what a sacrifice!
