Preview Film On Craterian's Bill

"Orient Express," with a cast that features seven stars, has been chosen as the extra feature on the Craterian theatre's "Preview Night" showing Saturday after the regular program.

The story concerns itself with a dancer, hungry and looking for work; a wealthy young merchant, who falls in love with the dancer; a Cockney Englishman, under the thumb of his domineering wife; a thief, fleeing from justice; a beautiful girl, thirsting for love; and a woman reporter, seeking to uncover the plans of a powerful Communist leader. All are aboard the Orient Express, each heading for his own particular destination. The unusual events that occur aboard the train form the basis of the plot.

Heather Angel, Norman Foster, Ralph Morgan, Herbert Maudin, Una O'Connor, Irene Ware and Dorothy Burgess have the leading roles.

"It Happened One Night," co-starring Clark Gable and Claudette Colbert, plays until Saturday night. On the same program Walt Disney's newest Silly Symphony, "The Grasshopper and the Ant," with Pinto Colvig talking as the grasshopper, a novelty and newsreel are also being shown. The preview follows the nine o'clock showing of the regular show and there is no extra charge.
