What the Girl Scouts Are Doing

All the scout troops of Medford are working on advancement. The girls of troop II are working on tenderfoot, second-class and first-class badges. This troop, which meets every Monday after school at headquarters, added three names to its roll last week. Scouts of troop V went on a hike a week ago Saturday. There were 16 girls on the hike. They were accompanied by their captain, Mrs. R. C. VanValzah, and Mrs. Ralph Cowgill. Three names were also added to the roll of troop VI. This troop, which meets every Thursday at the Lincoln school, is planning a hike for next Friday.

Troop VII is making fast advancement towards first-class. At the last meeting, last Monday at the Christian church, much work was done on merit badges and the Morse code. At the meeting of the Dark Hollow Brownies, at the Washington school last Thursday, the Brownies made individual toolkits and lend-a-hand books. Miss Janette Trill, who is to be the Brown Owl of this pack, was present.

CWA WORKER FINDS TUSK OF ELEPHANT

ENID, Okla.—(UP)—The time when Oklahoma could boast native elephants is not so far in the past, observers in this section believed after a tusk 30 inches long was dug out of a shallow gravel pit in northwest Garfield county. Civil Works employees found the relic, which was similar to another found a few days before. The shallow depth led to the belief of comparatively recent existence of the animals, as geological time goes.

Pensioned Horses Recalled

NORTH ADAMS, Mass.—(UP)—"Maggie" and "Maude," veteran fire horses pensioned to the city farm four years ago, were recalled for emergency duty when the recent severe blizzard crippled the city's motorized apparatus.

FILM STRUCK HEIRESS SQUANDERS FORTUNE IN HOLLYWOOD FRIVOLITY

By ALANSON EDWARDS (Hollywood Staff Correspondent) HOLLYWOOD—(UP)—Kitty O'Dare, who spent \$19,000 in a fortnight, would rather earn a few dollars as a motion picture extra. "But I'm dead set on it. I thought I could start by dancing in a Hollywood cafe, but my family made me quit. In pictures, I'm willing to do anything. I can dance and act, or at least I think I can."

And just to prove she's a regular trouper, Kitty O'Dare went through her "hot" dance routine during the film test on a badly swollen sprained ankle.

"DODGING TRAFFIC TAKES HEALTHY NERVES, TOO, MR. HOCKEY PLAYER."

Miss Ruth Dodd of New York City speaks with authority on the perils of a pedestrian. She says: "Of course it takes healthy nerves to lead a championship hockey team. But let me say a word about healthy nerves in behalf of those millions of us who do our walking along city streets. People rushing madly by—trolleys clanging—traffic whistles shrilling—huge trucks bearing down on you at every crossing—it's enough to make nerves jump and quiver! I enjoy a smoke any time—and smoke steadily, too. My cigarette? Camels. They're milder, taste marvelously—and don't interfere with healthy nerves."

How Are YOUR Nerves?

Few are those today who have not been face to face with the "jangled nerves" that our modern, high-speed life is blamed for! You know the signs of nerves that pinch—tense, irritability. Fussy little habits like key-rattling... pencil-tapping. Check up now on your habits. Eating. Sleeping. Your work and play. And get a fresh slant on smoking by starting on Camels.
