

BENSON DANCE CLASS REVUE SCORES HIT ON STAGE AT CRATERIAN

Those who enjoy and appreciate terpsichorean art were delightfully entertained last evening when the pupils of the Eve Benson Dance Studio were presented in revue at the Craterian theater.

Their repertoire included nearly all types of the dance—ballet, tap, character, acrobatic and eccentric—a noteworthy feature of any dance revue, as today a dancer must be versatile.

Many numbers displayed talent really professional in character. A credit should be given Eve Benson for the careful training and correctness of technique displayed in all the numbers, particularly in those including the very young set, some of whom had had but a few days' training.

"Russian Folk"—Regina Parsons, Alice Takahira, Nancy Swem, Beverly Birk. "Whispering Flowers" (baby ballet) with Barbara Jean Earl as the dainty and graceful queen of the rose; also in this ballet were Jean McDuffey, Paulina Carter, Sybil Hagen, Glenda Goddard, Mary Lou Williamson, Regina Parsons, Alice Takahira, Joan Smith, Nancy Swem, Beverly Birk, Margaret Thompson.

"Double Up"—Tap duet by Gretchen McAllister and Ruth Harwood, was especially good. "Devil Chair Dance," an acrobatic dance exhibiting many beautiful and difficult numbers.

Other pleasing numbers were: "La Belle Blanche," "Oh, Boy," "Turkey in the Straw," a novel presentation by Edward Canoose, Wister Whitehand, Arland Thornell, Arthur Adams, Dean Davis and Betty Green; "Sicilian Flower Seller," "Fine and Dandy," "The Golden Hoop," "Skipping Rope," "Highland Sword Dance" and "American Indian," a novelty dance.

Stage settings and costumes were very beautiful. Music was furnished by Miss Margaret Qenbrugge, pianist, and Miss Geraldine Thompson, violinist.

By popular request, the program will be repeated between 7:30 and 11:30 p. m. at the Craterian theater.

TO DEMONSTRATE SPRAYING FRIDAY

A field meeting for the purpose of demonstrating the application of spray materials will be held Friday, March 30, at 10 a. m. at the Southern Oregon experiment station, located on the Pacific highway one mile north of Talent, according to arrangements made by County Agent Wilcox.

Thoroughness of application is most essential to successful control of codling moth worms. In order that apple and pear growers and their spraying crews may have the opportunity to see and discuss this important orchard operation, the above field meeting has been called.

All fruit growers and others interested in producing worm-free crops are invited to attend this demonstration. The meeting will start at 10 o'clock so plans should be made accordingly.

HORNBY SEEKS RETURN OF CATTLE IN CIRCUIT COURT CASE ON TRIAL

Trial of the civil suit of A. J. Hornby against Farms Product, Inc., was under way in circuit court today. The action involves the return of cattle.

The plaintiff, in the opening statement by Attorney Frank J. Newman, said it would show that in the fall of 1929, a man by the name of Dickey purchased two high grade cows and borrowed \$250 from Hornby, a long time farmer of the Eagle Point district. At the time no security was given, but later property was advanced for the obligation.

A year later, Attorney Newman told the jury, Dickey sought to borrow \$1000 from Hornby, with cows and two automobiles as security, Hornby loaned Dickey \$138 to meet an obligation at the Jackson county bank.

The matter dragged along until the fall of 1932, when Dickey, after making two minor payments, advised Hornby to come and get the cows. Hornby did, but was then told by Dickey, the Farms Products, Inc., would not make a release of the cows. Later a demand was made on the Farms Products, Inc. for a release of the cows, but same was denied.

The defense, represented by Attorney O. H. Bengtson, in the opening statement said it would be shown the entire proceedings were legal, and that the rights of none were disregarded.

The suit was filed a year ago, but its hearing has been delayed by the disruption of the circuit court calendar last year.
