HOLMAN TO SEEK GOVERNORSHIP

News Behind The News
 By PAUL MALLON
 (Copyright, 1934, by Paul Mallon)
 WASHINGTON, D. C., March 29.—The secret of the automobile strike settlement lies in the weakness of the union.

CANDIDACY BASED ON DUTY TO G. O. P. AND PROGRESSIVES

State Treasurer Clears Political Horizon by Brief Announcement — Formal Platform and Filing Soon

SALEM, March 29.—(AP)—Rufus C. Holman, state treasurer, announced today that he would be a candidate for the republican nomination for governor.

Holman was in Portland today, but his announcement was released thru his office in Salem. In his brief statement he said: "I am persuaded that it is my duty to the progressives and to the members of the republican party of the state and to all those who labor for their daily bread, who have favored me with nominations, and honored me with election, to permit my name to be presented to the voters as a candidate for governor.

"My platform will be prepared and my formal filing made in due time as required by law."

SALEM, March 29.—(AP)—James J. Mott, congressman from the third Oregon district, filed with the state department today for re-election to congress on the republican ticket. His slogan reads, "His re-nomination and re-election assures continued active and experienced representation."

W. A. Ekwall, circuit judge of Portland, filed for the republican nomination to congress from the third congressional district. He advocates in his slogan, "Economic recovery—work, protection and happiness for all."

COUNTY INVITED EXHIBIT PRODUCE PORTLAND MART

An opportunity to gain space for Jackson county produce in the Portland public market, the largest in the world and conceded to be the most modern, was welcomed here today by the Medford Chamber of Commerce, when presented by G. W. Jackson, special representative of C. Lee Wilson, president of the Portland Public Market company.

The plan, expected to attract all agriculturists of the valley, provides for a Jackson county day at the market on Saturday, October 6, the height of the southern Oregon harvest season.

On that day space for all types of exhibits will be granted Jackson county producers with the opportunity of selling all produce displayed with return of proceeds to this section.

A committee will be appointed in the immediate future by the Chamber of Commerce here to perfect plans for the Jackson county day. It is probable that there will be a special train out from this city to Portland to carry the produce and the visitors who wish to accompany the exhibitors.

The Portland public market, opened last December 15, occupies a \$1,100,000 building with parking space within the market for 750 autos. Cold storage and dry storage are provided and it is probable that southern Oregon stockmen and poultrymen will prepare a special offering of meats to be included in the produce show.

Shoppers are provided with every possible modern convenience in the market. Elevator service is furnished, conveyances for produce, doing away with the old "carry all your own bundles" hazard to shopping.

Since opening of the market, business has enjoyed a steady increase. Mr. Jackson stated today, and the officers of the market company are anxious to make the project one statewide in scope.

The Medford public market has been closed for several years and the invitation to Portland will constitute the first opportunity given Jackson county producers since its closing to offer their products in a public market.

Dillinger Hunted on Highways in Medford Region

\$55,000 COMING TO GROWERS FOR 28 CARS ANJOUS

Special Train of Pears Out Last Night for Boat to Portland to Be Shipped to France — Nets \$1.75

Approximately \$55,000 will come to the orchardists of the Rogue River valley, as a result of the shipment of the fruit of 28 cars of D'Anjou pears. This week let by special train last night for Portland, where it will be loaded aboard the motor ship "Oregon Express" for shipment to France. The "Oregon Express" is scheduled to sail Friday afternoon.

This shipment, according to officials of the Pinnacle Packing Co., will net the growers approximately \$2.50 per box, FAS (freight aboard ship). Robert K. Norris, of the Pinnacle company said this would net the growers "around \$1.75 net." Of the special train 28-car shipment, 20 cars were consigned by the Pinnacle company, and the remainder by the SOS, and other fruit firms.

In storage here now, there are 208 cars of pears, 82 cars of apples, and 1722 boxes of loose apples, according to the weekly Rogue river check-up. By varieties, the storage supply is: D'Anjou 18 cars, Winter Nells 108 cars, Apples 82 cars, Loose apples 1722 lbs.

Shipments of fruit up to Wednesday night totaled 41 cars of pears, one of Winter Nells, mixed varieties two cars, and one car of apples. The storage supply is now low, and according to Mr. Norris, Medford has the bulk of the pear supply of the nation. Norris says this means a good price for Winter Nells the balance of the season.

Weather: Favorable. Weather conditions continue favorable. A cold area exists over Central Canada, Observer Rogers reports. By meteorological shuffling this area might shift this way. Cloudy weather is the forecast for the balance of the week. William R. Coleman, amateur weather observer and 50-year resident, predicts, "March will go out blustery."

Mr. Coleman observes that there has been no equinoctial storm, and thinks there will be one in April. The young fruit is now setting and petals are falling from the Bose and the D'Anjou trees, according to Horticulturist Lyle P. Wilcox. Some of the settings are as large as marbles.

George Hilton, field supervisor for the Federal Emergency Crop Loan association, says that in his travels over the valley, he never saw the alfalfa looking so green and good as after the late rains.

BLAZE DESTROYS FARM RESIDENCE

The Jasper Hanna home, off the Crater Lake highway, four miles beyond Eagle Point, was destroyed by fire about 10 o'clock this morning, a complete loss resulting from the flames.

Mr. Hanna, a cripple, was rescued in his wheel chair, all members of the family being at home when the flames were discovered in the roof of the six-room frame building. The fire, believed started by a spark from the chimney, had made so much headway when discovered, it was impossible to save household goods or any portion of the dwelling, although neighbors rushed to the scene immediately to offer aid.

There was some insurance on the house, according to the report from the district. The amount was not named.

The Hanna house was known to all valley residents, familiar with the old road to Crater Lake.

APPLE AND PEAR QUOTAS PINCHED

PARIS, March 29.—(AP)—The apple and pear import quotas from the United States was fixed today at 3600 tons for the three months ending June 30. This quota increased importers' hopes for an increase, since it is virtually the same as that for the corresponding period in 1933.

Senate Overrides Vet Veto; Added Expense a Problem

VETS AND FEDERAL WORKERS TO GAIN THROUGH NEW BILL

WASHINGTON, March 29.—(AP)—Here's what the new independent-offices law means to veterans and federal employees compared with the previous law and regulations: Twenty-nine thousand World War veterans are restored to the rolls permanently at 75 per cent of what they were getting prior to the economy act of 1933. The compensation will depend on the degree of disability presumed to have had service origin. Review boards, acting under regulations issued after the economy law was enacted, had stricken these men from the lists because of lack of proof that their injuries or diseases were the result of war duty.

Permanently disabled World War veterans will get \$100 a month instead of \$90 as at present. An unestimated number of Spanish-American war veterans are restored to the rolls at 75 per cent of their old pensions. Review boards also had eliminated this group because they could not prove service origin for their disabilities. Widows and dependents also are restored at 75 per cent.

Federal employees who are now working at 155 per cent less than they were getting prior to the economy act will get back one-third of this cut as of February 1 this year, and another third July 1.

Cost Totals \$234,000,000. It was estimated by the veterans' administration and government officials that the restoration of World War and Spanish-American war veterans' benefits and pay to federal employees would cost the government about \$234,000,000.

The restoration of full compensation and hospitalization to about 336,716 World War veterans suffering from proved service connected disabilities, and hospitalization and permanent restoration of 75 per cent of their former compensation to veterans whose disabilities are presumed to have resulted from war service was estimated by the veterans' bureau to cost \$41,800,000 annually.

Restores Spanish Vets. The provision permanently restoring to Spanish-American war veterans and their widows and dependents 75 per cent of the pension income received prior to March 19, 1933, was estimated to cost \$37,500,000 annually. About \$3,000,000 more would be involved in automatic salary and pension increases.

The restoration of 10 per cent of the pay cut to federal employees was estimated to cost \$125,000,000 during the coming fiscal year beginning July 1. Five per cent was restored, retroactive to February 1 this year, and would entail \$25,000,000.

The last census of the civil service commission as of December 31, 1933, showed 591,615 federal employees, all employed by the federal government.

OTTO H. KAHN DIES OF HEART FAILURE

NEW YORK, March 29.—(AP)—Otto H. Kahn, banker and art patron, died suddenly of heart disease at 1:45 p. m. here today. He was 66 years old.

Announcement of his death was withheld by Kuhn, Loeb and Company, the banking firm of which he was a partner, apparently until after the close of the market.

The medical examiner's office, however, confirmed the death, as did one of Mr. Kahn's associates in the Metropolitan Opera company, of which Mr. Kahn was a leading figure.

Mr. Kahn died in his office at Kuhn, Loeb and company, 52 William street.

MARTIN INSULL POSTPONES PLEA

CHICAGO, March 29.—(AP)—Martin J. Insull emerged from a county jail today to be led before the bar of justice he had striven 17 months to evade.

WHAT'LL WE USE FOR MONEY? ASK FEDERAL HEADS

By D. Harold Oliver
 WASHINGTON, March 29.—(AP)—The administration pondered without immediate answer today on where to get another \$228,000,000—the cost of a surprising overthrow of President Roosevelt's first major veto.

"What'll we use for money?" that in effect was the query of government heads after the turbulent capital scenes that accompanied the break between congress and the chief executive.

There was no quick reply. Several courses were open. Early speculation had it that either new taxes would be suggested or a deficiency appropriation voted to expand the budget by the needed amount.

The latter course alone, without providing new revenue, would mean swelling the public debt just that much more.

No Great Surprise. The senate's action last night, after seven hours of furious debate, did not cause quite the surprise engendered when the overwhelming democratic house defeated the veto.

By a three-vote margin of 63 to 27, the senate engraved on the statute books the \$250,000,000 independent offices appropriation bill.

In it were the increased payments for veterans and government employees which had been the bone of contention.

Republicans—33 in all—stood in solid phalanx for the bill. They were joined by 29 Democrats and the lone

ORGANIZED GOSSIP MAY BE SUBJECT GRAND JURY QUIZ

The county official admitted the origin and original source of some of the gossip had been traced, and that a dozen or so who had told the wild yarns had been questioned, and had promised to divulge what they remembered perfectly what was told, but not who told them. In one instance, the evil tale popped up about the same time in three sections of the county, giving the suspicion that the gossiping was organized and not "accidental."

Both Oregon and federal statutes cover phases of the gossip now prevalent, and provides imprisonment and fine, or both.

The most vicious falsehood has been the fabrication that all the way from two to 14 prominent citizens and officials of the county had been arrested, and taken to jail in the morning, and phones buzzed with inquiries as to who was in jail and why. Denials, and the fact that all the parties supposedly arrested are at large and going about their daily duties, seems to increase rather than diminish the lying.

Men, hired by the Civil Works administration in Jackson county, for the week ending today, March 29, are asked to report for duty again tomorrow morning. It was announced at local headquarters this afternoon.

Advice has been received from Portland, calling for two more days of work and those men will be hired Friday and Saturday. The CWA program will be officially terminated Saturday night. What projects will then be continued under the Emergency Relief administration, which will support the CWA, the local committee was not prepared to announce today.

STERLING MINE SEEKS OUSTING 66 SQUATTERS

Arguments were heard this morning by Circuit Judge H. D. Norton in the suit of the Medford Water, Power and Development company and the Sterling Mining company, "to restrain and enjoin" R. E. Banks, Roy Hines, H. A. Turnbaugh and 63 other named defendants, from further "squatter" mining on the Sterling mine property.

Decision in the matter was deferred by the court until the first of next week to afford the defendants time in which to show title to the land involved. The court said title to the land was a vital point that needed to be cleared before a decision could be rendered.

The defendants contend that some of the land on which they are mining is country property, some homesteaded, and some is private property. They further set forth that they were given permission to gold mine on the

CHICAGO, March 29.—(AP)—Olin and dry-eyed, Dr. Allen Lindsay Wynkoop began her trip to prison today to serve 25 years for the murder of her daughter-in-law, Rheta. Still too feeble to walk, as a result of the heart attack, which once stopped her trials, Dr. Wynkoop was wheeled out of the county jail in an invalid's chair to Sheriff Gabriel's big sedan.

WIRTH WILL RUN FOR GOVERNOR AS AN INDEPENDENT

H. E. Wirth of Portland, former Medford resident, was a visitor in Medford today, and announced that he would be a candidate for the governorship of Oregon on the independent ticket. He plans to file directly after the primaries, he said.

Discussing his platform, Mr. Wirth said that he disapproved of Oregon owning the hydro-electric power generated at Bonneville dam, and is in favor of utilities companies in Oregon continuing to do business to save the people's money invested in stocks and bonds.

Mr. Wirth said he advocated revaluation of their holdings and a rate cut on service. He declared he did not believe in wrecking a legitimate business, but to aid such. His first interests, Mr. Wirth said, were "with the farmer and working people who actually produce the wealth," and was in favor of conditions that will be a benefit to all.

POLICE TIP SAYS THUG TRAVELING IN BIG GREEN CAR

State, County and City Police Throw Hasty Guard Along Roads in North End of County — Cars Checked

Reports late this afternoon said that two autos, one a small car, followed by the big green auto, had passed through the town of Rogue River, onto the Pacific highway. It was thought the gunmen were traveling in the larger car.

Receiving a report from John Dillinger had been seen there, traveling in a "big green car," state police, aided by city and county officers, were guarding the Pacific highway at the northern end of the county.

According to Sergeant C. C. Williams at state police headquarters, the report from Rogue River did not state if the car was going north or south.

An Associated Press dispatch yesterday said two cars, loaded with about 10 men and two machine guns, were seen yesterday at Bleber, in northern California, while the preceding day a report from Brawley, Calif., said a service station operator positively identified Dillinger.

All cars that passed the P. & E. Junction, just north of town, with the exception of those which women were driving, were checked by six officers. Four police were still watching the highway at press time, armed with a machine gun.

The Rogue River report was said to have come from the town, and that the person telephoning Medford did not know which direction the car took, after it crossed the bridge from Rogue River, onto the Pacific highway.

GRANT'S PASS, Ore., March 29.—(AP)—Sheriff's officials stationed themselves at the junction of the Redwood and Pacific Highways here this afternoon on receiving a report that a man believed to be John Dillinger was heading toward this city from Rogue River, just over the county line in Jackson county.

The call came from a state police officer. The sheriff and his force left hurriedly. No details were immediately available.

KLAMATH FALLS, March 29.—(AP) Klamath police went to the outskirts of the city this afternoon to meet a "huge yellow sedan loaded with fire men and two machine guns."

They met a small yellow coupe carrying two peaceable citizens.

TALENT MAN MISSING FROM HOME 5 DAYS

State police and residents of Talent have yet been unable to locate Lem Stevens, 55-year-old shoemaker, who disappeared from Talent Saturday. State police this afternoon said they had no information for release on the case.

His mother resides in Talent, and he is said to also have relatives in Medford and Central Point.

WILL ROGERS says:
 HOLLYWOOD, Cal., March 28.—Mr. Wrigley, the chewing wax man, did a thing that will eventually become universal. He set aside a sum of money for unemployment insurance. He put by a million dollars.
 On April 1 steel will raise wages 10 per cent. No April fool joke out of that.
 Funniest thing in this controversy over a bill to regulate Wall Street, Wall Street now wants to write their own bill. They are pleading guilty, but want the privilege of pronouncing their own sentence.
 Wonder who the braintrust was that wanted us to go Moscow?
 Phil Rogers
