

NEW RECTOR PAYS MOVING TRIBUTE TO FR. HAMILTON

Worshippers from all sections of the valley came to St. Mark's church, Episcopal, where lilies and lilacs bloomed in profusion in celebration of Easter, for the 11:15 holy communion and sermon yesterday morning, at which a beautiful tribute was paid to Father Wm. B. Hamilton, retired, by Rev. Ernest S. Bartlam, the new rector, speaking for the parish.

Father Hamilton, who was invited to give the Easter sermon, or to be a guest of honor for the holiday, was unable, because of ill health, to be present. But the organ, which was brought to the church largely thru his efforts, was dedicated to his many years of service. The following inscription, written by Bishop Sumner, appeared on the bronze plate, placed upon the organ.

To the glory of God and in affectionate memory of the long and faithful service of the Rev. William Bowling Hamilton, 1913 to 1934. Oh, come let us sing unto the Lord.

The impressive sermon, delivered by the new rector, to the people, who filled the aisles, as well as the pews of the church, also honored Father Hamilton, and was augmented with beautiful music, which further expressed the people's appreciation of the man, who ever emphasized the glory of singing unto the Lord.

Proof of the resurrection was brought to the congregation by the Rev. Bartlam in references to the controlling force, which encourages all life to progression. The blooming of the flowers again, the desire of man to live and to prepare for the future, he cited as justification for that hope of life eternal.

The evolution of plant and animal life, evidenced on every side, the rector also interpreted as further proof of the Almighty's everlasting plans. The extermination of certain forms and brute forces, he interpreted as a part of the great scheme of higher development, urging people to seek the true values of life, which are ever in existence. God, he declared, has no need of greed, dishonesty and other weaknesses of man and they shall be destroyed.

PAYING OF TAXES 32 PER CT. AHEAD PRECEDING YEAR

Tax paying in Jackson county shows approximately a 32 per cent increase over last year, according to Chief Deputy Gertrude Martin of the tax collection department of the sheriff's office.

Up to and including last Saturday, March 30, tax payments totaled \$398,719.00.

Last year, up to May 15, the end of the period for payment of taxes, the total was \$305,127.79.

This represents an increase of \$93,591.21, and a decided change in the attitude and confidence of the people. Chief Deputy Martin believes that the first payments this year will be the peak for the year. Quarterly payments are permissible under the new Oregon law, and many took advantage of the clause. A substantial rebate was offered for full payments, and many were made.

The tax delinquency will also be less this year, it is thought, as many is flowing freer. Many out-of-state taxpayers have cleared away their delinquencies. Chief among these was the Meyerhauser Timber Co., which remitted \$29,000 for 1931-32 taxes. Tax payments by mail were the heaviest since 1928.

STELDT PONDERES FIFTH CHANGE IN PLEA TO CHARGE

H. Steldt, held in the county jail on a forgery charge, who Saturday tried to escape and attempted a suicide, was considering entering a plea of guilty today. A week ago he changed his plea from guilty to "not guilty by reason of insanity." He has changed his plea four times since incarceration.

Steldt, while receiving medical attention Saturday in the county health department, made a break and ran two blocks before he was captured by Jailer Fred Kelly and Sheriff Walter Olmstead.

The prisoner gained possession of a safety razor blade and scratched his wrist, in an effort to feign a suicide. There was no reason why Steldt could not have cut his wrist arteries had he really tried, officers said.

Steldt now faces, besides the forgery charge, a new charge of escaping—also a felony under Oregon law. He is wanted in Salem and Roseburg for forgery charges and has a long prison record.

Steldt also charged that Jailer Kelly had mistreated him and placed him in solitary confinement. Jail prisoners state that Steldt was held away from the other prisoners as a matter of health protection and that the jailer never abused him. It seems that Steldt is not very popular with his prison mates.

Authorities say that Steldt's vacillation about his guilt or innocence is due to a dislike to going to state prison.
