

SILVER LEADERS PLAN LAST DRIVE FOR RESTORATION

Period for Ratification of London Agreement Expired Sunday — Spain, Peru Fail to Sign Pact

By ARTHUR F. DEGREVE.
WASHINGTON, April 3.—(UP)—
Silver leaders in congress have decided to wage their last battle of this session for ratification of the London agreement...

Senator Burton K. Wheeler, Democrat, Montana, head of the senate silver bloc, has expressed confidence of victory. He was confined to his hotel suffering from nervous exhaustion yesterday.

Ratification Time Up.
The period for ratification of the London silver agreement expired Sunday. Treasury spokesmen for President Roosevelt have given one of his reasons for opposing silver legislation, the desire to give the agreement every chance to operate as an international force before this nation acts individually to rehabilitate the white metal.

The pact has been ratified by the United States, Mexico, Canada, India, China and Australia, Spain and Peru, however, failed to take affirmative action and silver proponents are expected to argue in the senate that failure of these two countries to ratify will weaken operation of the agreement.

Join Agriculture.
The silver state senators have joined their agricultural colleagues in an attempt to force passage of the Dies bill. The measure, which passed the house by an overwhelming vote, encourages the sale of American agricultural products abroad by giving those nations which pay in silver a 25 per cent premium over the market value of the metal.

The chief executive brought pressure upon Speaker Henry T. Rainey to prevent consideration by the house of a bill similar to the Wheeler bill, introduced by Representative Felsing, Democrat, Ohio.

Wheeler is determined to have his measure added to the Dies bill. In addition to the farm vote, he is counting upon support of senators from textile states to aid his amendment. Senator William E. Borah, Republican, Idaho, in forecasting passage of the Wheeler measure, said it offered the chief hope of restoring the nation's purchasing power.

WEATHER DELAYS LOGGING EFFORTS

Weather conditions in the Butte Falls district have delayed logging operations of the Owen Oregon Lumber Sales company, which planned to start timber falling yesterday.

General Manager James H. Owen said today that under the lumber code, the sawmill would operate on a nine months' basis the maximum allowed, if conditions warranted. In the woods, and in the plant, 300 men will be employed. These have all been secured and are all former employees and local residents. The sawmill is expected to start operations "about April 15."

The Medford Logging railroad will start hauling logs from the Butte Falls district as soon as possible after the timber falling has started. The pond will be well filled with logs before the mill starts.

BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's ALL-BRAN Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexion, sleeplessness. Frequently, these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's ALL-BRAN furnishes "bulk" and vitamin B to aid regular habits. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonfuls of ALL-BRAN daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Serve ALL-BRAN as a cereal, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

Roxy Ann Home Extension club will meet Wednesday afternoon at the home of Mrs. Charles Hoover.

All ladies in the community who are interested in the home extension unit work are urged to be present, as election of officers will be conducted.

Circle Meeting At Church Tonight

Circle society of the First Christian church will meet in the church parlors this evening at 7:30 o'clock. Leonard Kline's division will be in charge of the gathering.

Women's Clubs Meet At Roseburg Conference

The attention of club women throughout the state is turning this month to Roseburg, where the biennial convention of the Oregon Federation of Women's Clubs will be held from May 7 to 10.

The Roseburg Women's club of which Mrs. C. S. Heintze is president, and the second district of the federation, of which Mrs. William Bell of Roseburg is president, are hostess groups and are arranging a busy schedule of business meetings and social affairs for the four-day session.

"For without vision the people perish" has been chosen as the convention theme and about it an instructional program is being built under the supervision of Mrs. J. O. Holt of the Monday Book club of Eugene, general program chairman.

Job's Daughters Have Bridge Party

Twelve tables of bridge were in play last evening at the Job's Daughters' card party held in the DeMolay hall.

High score for the evening was held by Lucy Ellen Houghton, low score by Dorothea Haskins, and the traveling prize was awarded Lois Nichols.

A short program was given, with Mary Ann Gates singing two solos, and Charlotte Wolters presenting a piano solo.

Committee in charge for the evening was Virginia Lindley, chairman; Elaine Brophy, Lois Frazier, Helen Thompson, Mary Kem and Dorothy Gore.

Mrs. Brown Hostess At Easter Dinner

Mrs. S. D. Brown was hostess at an Easter dinner at her home, 325 North Oakdale, Sunday. Guests were: Sergeant and Mrs. H. C. Schmeller and Miss Zella Smith.

Covers were laid for eight including members of the family, Mr. Brown, George Brown and Misses Sydney and Dixie Brown. Dinner was served at 1 o'clock at a table attractively decorated with a huge red geranium as centerpiece.

WORK LISTED BY MISSIONARY FOR SUNDAY SCHOOLS

A report of the work accomplished in the Southern Oregon Presbytery for the term April 1, 1933, to April 1, 1934, has been filed by Rev. E. Iverson, Sunday school missionary, as follows:

Hope for a brighter national and world condition lies in the moral Christian training of boys and girls. We are imparting knowledge in our day schools, but we are now awakening to the fact that education without Christianity will lead to destruction.

What can we expect of our young people who know practically nothing about the Bible or Christ?

Henry Ford made a few remarks in Florida the other day, and expressed some fine sentiments.

"I have been pleased," he said, "to notice the nation-wide religious revival. We are getting away from a period of jazz and heading toward a serious consideration of religion. I have belief that religion should be taught in our public schools as well as reading, writing and arithmetic. The Bible is the best textbook ever written. People with a knowledge of the Bible are better in all situations of life."

We have in our Presbytery many earnest, consecrated Sunday school teachers, who are giving both time and means to give the young people Christian training and thus lead them to the Saviour.

If only the other class of Sunday school teachers would realize the importance of the work, we would soon advance in bringing the boys and girls to Him. But we have found in different ones in the past, and we have them today.

During the past year seven new Sunday schools have been organized and five revived, having in them 62 teachers and officers and 375 scholars; 69 schools were visited and other-wise aided; 274 sermons and addresses were delivered; 1,254 visits were made; and 23,131 miles were traveled; five evangelistic meetings were held. Assisted in 70 workers' conferences and 15 schools of methods attended. Over 60 conversions are reported from these mission schools, and about 5,855 pages of good literature distributed. Also 94 Bibles and Testaments were sold or given away.

Four cradle rolls and six home departments were established and four teacher training classes and three young people's societies were started.

Nineteen vacation Bible schools were conducted in our Presbytery last year and 32 weekly Bible schools, where Somerdyke's book is being

used in connection with the public schools.

Six communities were visited for the first time, with the view of starting new Sunday schools.

It is needless to say to you that these Sunday schools become an entering wedge for better things in their own communities, and their influence cannot be measured by statistics.

The population of our Presbytery is constantly changing, and many of these children have passed under the influence of the Sunday school.

At Lake Creek, where a Sunday school was started under a tree, they are now changing the old dance hall into a church, which will serve the community in a religious way.

Prospect, where a little Sunday school has been struggling along for a long time, will also erect a new church building this summer. The gospel is still powerful!

In the newest town in Douglas county, and I think in Oregon, I had the opportunity to preach the first sermon and starting work there. This place is about 10 miles from Reedsport, and there is yet no road leading into this town. There are about 230 people and the public school has about 35 children.

I have briefly reviewed some of the needs, tasks and opportunities in our Presbytery.

We are standing together in a common Christian spirit, with only one purpose, that is to win the lost ones to Jesus, who said, "Come onto me, all ye that labor and are heavy laden, and I will give you rest."

If we keep our eyes fixed upon Christ, we can together do the work that shall tell for Him. We all have hard fields to serve, and may He, through His Spirit, create in each one of us the passion for lost boys and girls. Always looking for that future hope, to be steadfast, unmovable, always abounding in the work of the Lord. "For as much as ye know, that your labor is not in vain in the Lord."—I, Cor. 15:58.

OLD FEHL SUIT NOW DISMISSED

A formal dismissal of the suit of Earl H. Fehl against E. M. Wilson, filed four years ago, was filed in circuit court late yesterday, closing another chapter in the political storms, of which Fehl, now serving four years in state prison for vote-stealing, was the center.

The suit was the election contest of Fehl against Wilson, when the former was defeated for mayor of this city. Wilson was elected by 14 votes, and the election was sustained. Fehl gave notice of appeal, but it was never completed.

Wilson is now in his second term as mayor.
