THEY SAY IT'LL LAND ON A DIME

This odd plane with a round disc for wings was hailed by inventors as a step forward in the hunt for a plane that will land in limited space. It is designed to go 135 miles an hour and to land at a 60-degree angle in a 25-foot circle. Picture was made when the ship was being tested in Chicago. (Associated Press Photo)

no circumstances shall a druggist licensee be permitted to fill a prescription issued in blank and if any such prescription be tendered to him for filling it shall be his duty to immediately report the same to the Oregon Liquor Control Commission. A violation of this rule shall be penalized both by fine and revocation of license, together with forfeiture of the bond.

Every employee of the Oregon Liquor Control Commission, who shall be on duty during the hours prescribed by the Oregon Liquor Control Commission, who shall consume alcoholic liquor, upon the premises where employed, regardless of whether said liquor shall have been obtained from the Oregon Liquor Control Commission or otherwise acquired, shall be relieved of his duty, and immediately discharged from the employ of said commission.

Regulation 14.

Every person employed by the Oregon Liquor Control Commission, who shall become intoxicated while on duty, or who shall appear in any public or private place in such condition, shall be immediately discharged from such employ. The administration is enjoined with the strict enforcement of this rule.

Regulation 15.

It shall be unlawful for any person to manufacture, receive, import, possess, transport, deliver, sell, give away, or barter any alcoholic liquor containing more than 14 per cent of alcohol by volume within the state of Oregon; excepting (1) alcoholic liquor lawfully acquired from the Oregon Liquor Control Commission, (2) alcoholic liquor otherwise lawfully acquired, as provided by the Oregon Liquor Control Act.

gon Liquor Control Act, to make seizure of all alcoholic liquor manufactured, sold, kept, imported or transported, in violation thereof; to inform against and prosecute on behalf of the Oregon Liquor Control Commission all persons violating this rule under the Oregon Liquor Control Act; and to apply for confiscation of all such alcoholic liquor. All persons violating this provision, upon conviction thereof, shall be subjected to the penalty provided in section 33 of the Oregon Liquor Control Act.

Regulation 17.

Regulation 18.

A package store license may be granted to any qualified person who shall operate a store for such purpose or who is now operating a merchandise business.

The foregoing were approved and adopted by the Oregon Liquor Control Commission, and have been signed by George H. McMorran, chairman; James D. Burns, commissioner; Alex G. Barry, commissioner; with attestation by George L. Sammis, administrator.

Relative to the sale of beer from a truck state police have been advised that it is not the policy of the Oregon Liquor Control Commission to license operations of this nature and that any such sale, therefore, would be without license and unlawful.

Regulation 19.

The following opinion has been rendered the administrator, Oregon Liquor Control Commission by George Neuner, with respect to alcoholic "tonics" being offered for sale within the state:

Relative to an opinion upon tonics containing over 14 per cent of alcohol by volume, and whether or not such tonics are medicines or beverages reference is made to paragraph 1 of section 3 of the Oregon Liquor Control Act, defining what constitutes alcoholic liquor as follows:

1. The words "alcoholic liquor" mean any alcoholic beverage containing more than one-half of one per cent of alcohol by volume, and every liquid or solid, patented, or not, containing alcohol, and capable of being consumed by a human being.

"I believe it would depend largely on whether or not the preparation was according to U. S. P. and N. F. preparations. In that event you will find under the law that they are unfit for beverage purposes. But where they are labeled as you say, as wine, gin and rye tonics and capable of being consumed by human beings and having the requisite alcohol by volume, it is my opinion they are forbidden to be sold as tonics and rightfully should come under the control and regulation of the Oregon Liquor Control Act."

DISPLAY OF FLAG APRIL 6TH URGED TO HONOR ARMY

The following statement was issued this morning by E. M. Wilson, Mayor, and W. S. Bolger, president of the Chamber of Commerce, requesting cooperation from all citizens in the proper observance of Army Day.

"The seventeenth anniversary of the formal entry of the United States in the World War will be April 6, 1934. This day is, in addition, designated as Army Day, and as such has been used to acquaint the taxpayers of the nation with the peacetime activities of the army.

Medford is the home of a district headquarters of the Civilian Conservation Corps, and the country surrounding Medford has housed 10 CCC camps during the past winter. The administration, control, and supply of the camps is in the hands of army personnel. Medford is thus peculiarly able to judge one of the greatest peace-time activities in which the United States army has ever taken part.

In commemoration of that day, 17 years ago, when the United States entered upon a state of war with the Central Powers, and in respect to Army Day, we respectfully request that April 6th be observed by appropriate display of the national flag by merchants in front of their stores and on all public and private buildings and residences.

(Signed) "E. M. WILSON, Mayor."

"W. S. BOLGER, President Chamber of Commerce."
