

OS WEST FLAYS GOVERNOR MEIER AT DRY MEETING

Anti-Liquor Leaguers Told Present Legislation Approved by Executive Who Drew Many Dry Votes

PORTLAND, April 9.—(AP)—One thousand persons listened Sunday when a battery of speakers opened the anti-liquor league drive against intoxicants in Oregon at a mass meeting here.

Speakers included Dean U. G. Dubach of Oregon State college, Corvallis; Bishop Titus Lowe of the Portland area of the Methodist Episcopal church, north; Charles Haffke, state superintendent of the Anti-Liquor League, and ex-Governor Oswald West, chairman of the meeting.

Conditions Deplored
Dean Dubach called present conditions in regard to liquor "deplorable." "They (advertisers) are invading the home with vicious ideas through the radio, both for cigarette smoking and liquor," he said. "Let's tell them to control the advertising, for the liquor commission has the power in the Knox bill to control it."

Bishop Lowe said he considered it "queer" that in the midst of the administration's fight against poverty, and against child labor, the "greatest poverty-breeding institution the world has ever known" should be legalized and the loss of parental support to children made possible.

Girls Turn Bar Maid
He criticized the placing of a beer counter in the Portland public market and charged that "we are putting splendid girls to the task of bar maid throughout the United States." The bishop quoted editorials from what he called "wringing wet" newspapers in regard to increased drinking by motorists.

Ex-Governor West told the meeting the dry cause was lost "because you were asleep." "State and municipal ownership may be a good thing when applied to power projects, water works and even garbage dumps," he said, "but when extended to whiskey and gin it produces a nightmare."

Meier for Knox Law
"We have had handed to us state-controlled and participating horse races and dog races. Well, such new liquor and racing legislation as you now enjoy came to you with the approval of a governor whose election was made possible through support of many dries. His excellency campaigned on a state-owned power platform, but considered his pledges fulfilled when he gave you a flock of state-owned high-power liquor joints."

Speaking of the governor's campaign, he said, "when in that campaign, a nationally known divine, one highly paid to promote the cause of temperance... came into our state to bestow his blessing upon the head of a rich candidate actually known to him to be dripping wet from the day he was lifted from his cradle, I was astounded. Not astounded because of his willingness to commit such an impropriety... but astounded because those in authority had not called him to account..."

On the committee are Mesdames J. C. Murray, Raymond Baker and Charles Thompson and Messrs. Joe Marshall, John Conner and Ray Lewis.

YOUTH'S 'TARZAN' STORY EXPLODED BY BROTHER

Jack Morgan (right) who claimed that he grew up in the Northwest Canadian woods where his father took him as a baby, and that his first sight of automobiles and electric lights came a few months ago when the elder Morgan was shot from ambush and the youth came out of the woods to live at the home of Frank McClellan (left). SACRAMENTO, April 9.—(AP)—The "Canadian Wilderness Boy," known in San Jose as "Jack Morgan," might have continued to convince everyone he emerged from the northern wilds for the first time if George Dunn of Sacramento hadn't identified his photographs today as of his brother, Edgar.

George Dunn and his wife said they had been hunting for Edgar since he left their home without adieu the middle of last month because he had been "spoken to" for spinning a fantastic yarn publicly about this being his first sight of the civilized world.

Mrs. Dunn said Edgar was "kidding someone" when he first told here how he ventured from the Canadian wilds alone after his father had been shot from ambush and that he had just seen for the first time a woman, a radio and an auto.

"That's Edgar, all right," Mr. Dunn said today when shown a photograph of "Jack Morgan, wilderness boy," who was aided by Frank McClellan of San Jose because he wanted to be the "jack's" foster father.

"He lived with us here from December to March when he disappeared. We have been worried about him because we could not locate him. George Dunn asserted when he read of the fanciful stories told in San Jose.

"The darned fool," he said, "guess I'd better get hold of him."
The Dunn said Edgar is 21 years old instead of 17 as he represented. Edgar was born in Canada, George said, that much was correct, but as for seeing his first woman in Edmonton, Alberta, last year after trudging out of the northern woods that "was

SARDINE CREEK, April 9.—(Sp.) Mrs. H. H. Elhart and son Billy of Ashland were week-end guests here of her mother, Mrs. E. W. Newton.
Mrs. Ada Matthews, Art Iverson and Francis Barber of Medford and Wal-

lace Iverson of Gold Hill were Easter visitors at Mrs. Ada Dusenberry's. E. H. Henselman and family of Medford called Sunday at the P. L. Wait home, where they purchased a hen and brood of 40 chicks.
There have been several cases of measles here recently such as are prevalent in Gold Hill and Medford and other parts of the valley, but not serious enough to justify the schools being closed.
Quite a number from here attended the play, "Everybody's Getting Married," by Live Oak Grange of Rogue River, at the high school gym in Gold Hill Friday.
Mr. and Mrs. Ellis Matthews and Art Iverson of Medford and Wallace Iverson of Gold Hill visited their mother, Mrs. C. L. Dusenberry, Thursday evening.
Mrs. Eva Newton left Sunday morning by train for Portland to visit her daughter and son-in-law, Mr. and Mrs. Robert Sutherland. Alice Dusenberry is assisting in caring for her home during her absence.
Cal Dusenberry arrived from Roseville, Cal., Wednesday afternoon, where he has been employed in mining by E. B. Steele the past eight months. He started on the return trip Friday, accompanied by his wife and son Donald, who have been stay-

ing at the S. A. Dusenberry home. Mrs. Dusenberry, who has been ill for the past two years, is now convalescing.

SAMS VALLEY MAN BILKED BY GYPSIES
SAMS VALLEY, April 9.—(Sp.)—As a result of a recent visit of gypsies in this district, Walter Fitzgerald suffered the loss of his pocket-book and silver. State Endeavor Conclave Opens Salem, April 19
State Christian Endeavor convention, to be held in Salem, April 19 to 22, will be one of the most outstanding ever held in Oregon. Dr. Daniel A. Poling, president of International Endeavor will be the main speaker. He is coming by airplane from New York to be with the young people of Oregon four days, and to inspire them for the coming year.
This year Oregon is celebrating its 50th anniversary of Christian Endeavor. Posters, newspaper articles and delegations are advertising the golden jubilee at Salem.
Plans are under way in Salem for a representation of two or three thousand Endeavors from all parts of the state. A banquet is being prepared for over one thousand delegates.
The convention is such a large undertaking this year, because it is the golden jubilee and because Dr. Poling came from Oregon where he attended an Endeavor society and became president of International Endeavor at Portland in 1925, shortly before the death of the president and founder of Christian Endeavor, Francis E. Clark.

"A MOTORIST NEEDS TO WATCH HIS NERVES, TOO, MR. TILDEN"

W. E. Richards, Jr. of Lansford, Pa., who rode nearly 20,000 miles in his car last year, says:

"I'm a real tennis fan, Mr. Tilden, and I know it takes healthy nerves to play championship tennis year after year. But don't forget, it takes healthy nerves to drive a car, too. Trying to see your way in blinding fog or rain...skids...other drivers taking quick, unexpected turns—all are enough to give any man traffic jitters! And yet driving never bothers me a bit. Smoke? I'll say I do. Morning, noon, and night. But I stick to Camels because then I know I can forget all about nerves. And Camels sure taste great!"

William T. Tilden, II, seven times world tennis champion and winner of countless other titles, says:

"As a steady smoker, I find that cigarettes vary a lot in their effect upon the nerves. I have tried all the other popular brands, but for years I have smoked Camels. Because of their extraordinary mildness I know that I can smoke Camels as freely as I wish and still have healthy nerves."

How Are YOUR Nerves?

Jittery nerves are everywhere in modern life. You know them by such signs as these—foot-tapping, key-rattling, nail-biting—frowning and worrying.

If your nerves are not all they should be, study your habits that might affect them—your eating, your sleeping, your recreations. And get a fresh slant on your smoking by starting on Camels.

Camels are made from finer, MORE EXPENSIVE TOBACCO than any other popular brand. Camels never get on your nerves. You can smoke one after another... with increasing enjoyment. Camels are so mild, so delicate—packed with the pleasure of finer, costlier tobaccos! The more you smoke them the more you'll like them.
