HERBIE GREY BOARDS KIDDE CAR FOR SOLO JAUNT TO SEE DADDY

Little Herbie Grey, age 3, decided yesterday afternoon that it was a nice day to board his kiddie car and come to the Mail Tribune to visit his father, Herb Grey, advertising manager. So, without asking his mother, Herbie made the trip to town from his home, 714 South Oakdale avenue.

Police were called to aid the search and just as soon as officers were notified of his being lost, the chamber of commerce called and said a little blond fellow on a kiddie car was out in front.

Midst frightened screams, little Herbie told Chief of Police Claitous McCredie: "I want to see Herb Grey. I came down to see Herb."

The chief today chases little Herbie as quite the active prisoner, for he made attempts to jump from the police car on the way home, and kick the chief.

SHERIFFS SUED BY PHOENIX RESIDENT

James T. Kinkade of Phoenix yesterday filed in circuit court a suit for \$3600 alleged damages against the sheriff of Klamath county and the sheriff of Jackson county, claiming false imprisonment and arrest. Kinkade asked \$2500 general damages and \$1000 punitive damages. Two deputy sheriffs are also named as co-defendants. Attorney M. O. Wilkins appears as counsel for Kinkade.

Kinkade alleges in his complaint that on Sunday, February 18, last, he was arrested "without due or legal process of law" and cast into the Jackson county jail, over his protest, and later served with a process in a civil action.

On February 19, Kinkade alleges he was "taken in a police car to Klamath Falls" and placed in the county jail there. He further charges that "the kangaroo court" which his pocket change and that when released on February 20 he was compelled to walk home.

Deputy District Attorney George W. Nelson said this morning that Kinkade was arrested on a warrant issued out of Klamath county charging non-support.

There has been a number of applications rejected, the chief reasons being: Not 70 years of age; not a resident of Oregon for 15 years; willingness of kin to provide; income sufficient for needs from other sources, or property in excess of \$3000 valuation.

In a number of cases, applicants have been transferred from the indictment rolls to the old age pension list, which automatically severs their names from other relief lists.

The number of applications filed in this county is close to 250, and requires investigation in other states and counties. This is necessary to protect the applicants from any disappointment in case their pension is later revoked, and to protect the menageries of the county.

SIX DAYS REMAIN FOR REGISTRATION

Registration books for the May 18 primary will close next Tuesday, April 17—one month before the election date.

Registrations can be made at the county clerk's office, and at registration places in Ashland, Jacksonville, Central Point, Gold Hill, Rogue River and in most rural precincts at country stores or service stations.

Voters must be a resident of the state one year, the county 90 days, and the precinct in which they reside 30 days.

Registration so far indicates the Democratic and Republican parties running even, and with few new voters, according to the county clerk's office. Quite a number of voters have cancelled their registrations here, due to returning to Douglas, Josephine and Curry counties, or moving to other states.

A number of rural residents of the county, who in 1932 changed to the Republican party, have returned to their Democratic faith. Among the first time voters, the tendency is towards the Democratic party.

This year no registration solicitors have been in the field, at ten cents per registration, as in 1932. The registration for the county that year

reached the record mark of 19,198. Normal registration is between 13,500 and 14,000. It is predicted the number this year will be between these figures.
