

### BRAIN TRUSTERS MAY BE CALLED FOR HOUSE QUIZ

(Continued from page one)

Those cited as present at the September dinner were: Robert Bruere, chairman of the text-

He also testified Miss Kneeland had quoted the assistant secretary of agriculture to the effect that "it was impossible to have a planned economy and have big business operating industry."

Krensky Talk by Todd. Representative Bulwinkle (D. N. C.) wanted to know who had talked of President Roosevelt as a "Krensky."

As to Westerville, the schoolmaster testified the Chicagoan had said "Dr. Frederic C. Howe (head of the AAA consumers council) had told him that if there was a way to stop feeding people on federal relief that quicker progress could be made toward what we are after."

Westerville also was quoted as having said "I would assist as he could get \$1,000,000 for a special school for 'recent college graduates,' and that it would be 'easy to inoculate them with ideas about the new planned economy.'"

Wirt also assailed the "subsistence homestead" plan of the administration.

Homestead Plan Hit. "Do you consider it part of a plan to overthrow the established order?" he was asked, and replied he "certainly did."

Asked by Representative O'Connor (D. N. Y.) if he discriminated between overthrowing the social order and changing the government, Wirt said that he spoke of revolution such as the "Roosevelt revolution" referred to in a book by Ernest K. Lindley. He said some people thought of revolution as throwing out the president and "blowing off the top of the capitol."

"The president is not to blame," he said, "but the real friends of the constitution have not come forward."

Asked by Representative Arnold (D. Ill.) who made the statement in his remarks that "we are on the inside and had controlling influence which made the president think he was making decisions," Wirt replied: "Todd, Kneeland and Taylor."

Convening of the house terminated the hearing soon after noon. It will be resumed tomorrow with Wirt on the stand. Whichever witnesses will be called, if any, remained to be decided.

Edwards, inventor of the chiropractic headlock, performed here and in Gold Hill when the cement city was the center of the grip and grunt industry for this section.

In addition to the Wolfe-Edwards match, Promoter Lillard has signed up Marvin Westenberg, University of Puget Sound grid star and athlete, for a set-to with Robert Evans, Harvard student, who is in the mat game to finance further study. Thursday's match will be the final appearance here for Wolfe, the popular Texan, as he is leaving for a sojourn in the south, where he has a number of matches lined up.

"I get better than 19 miles to the gallon!"

THEY built astonishing economy into that brilliant engine that powers my new 1934 Dictator," says Studebaker owner George E. Hickman.

"I give a car punishment. I take long trips and drive fast. And when I tell you that the 5,000 miles I covered in my new Dictator the first month didn't mean even five minutes 'time out' for an adjustment, you'll realize what a truly superb automobile this new Studebaker is.

"It has the style a 1934 car should have— attractive, not freakish, streamlining. And it handles easily under all conditions."

You too will be thrilled by the performance and value of the new Dictator. Whatever your plans or price ideas about a new car, make sure you take a Studebaker trial drive.
