

EGGS STRENGTHEN AS MOVEMENT TO STORAGE STARTED

PORTLAND, Ore., April 13.—(AP)—Butter market atmosphere is expected to clear up with a formal start of the storage movement here at the opening of the coming week. Prices were unchanged overnight on the open market.

Butterfat was unchanged for the day.

Trading tone for eggs was strengthening here with receipts decreasing in spots and demand going into cooler, somewhat greater. Local market was still affected by undergrades.

So limited were late receipts that the bulk of the demand for hens was unfilled here. Prices were naturally firm with a tendency to creep higher. Turkey demand was fair.

There was a real shortage of asparagus here, although a slight increase of local offerings was suggested. Prices were firmer but generally rule at former heights.

There was a further gain of strength and even of buying price for onions at the source with a south-ern demand and little unsold stock at Oregon sources. Purchases were reported to 60c central net to grower.

With record supplies of potatoes still being held in storage here and with decreasing demand owing to an increase in the call for new growth, the market was presenting an acute problem to all interests.

Sweet potatoes moving around \$1.50 per 50-lb. lug.

Tomato market was active. Supplies of quality stuff were liberal at late prices.

Dressed meats were steady all around and at late prices.

Cabbage is firm for old crop.

Greater demand for rutabard and prices firmer.

Fay Wray Coming In Preview Film Craterian Screen

"The Countess of Monte Cristo," with Fay Wray and Paul Lukas in the leading roles, has been chosen as the extra feature to be shown at the Craterian theater for the regular preview held each Saturday night. Those attending the 9 o'clock show are invited to remain for the preview after the regular show. There is no extra charge.

Although the title sounds as though it might be a costume picture, "The Countess of Monte Cristo" is, on the contrary, very much modern—a semi-mystery drama, tinged with comedy and romance of an extra girl and her pal's adventures when she ride off in an expensive studio limousine and are mistaken for someone of high importance.

Reginald Owen, Patry Kelly, Paul Page and Robert McWade are in the supporting cast.

"Wonder Bar," the smash musical success, is the regular feature at the Craterian theater, playing there until tomorrow night. Immediately after the close of the last show, the preview will start.

'AGGIE APPLBY' OPENS AT STUDIO

A new movie team flashes across the screen horizon with the appearance of Charles Farrell and Wynne Gibson opposite each other in "Aggie Applby, Maker of Men," now at the Studio.

Charlie portrays the role of Adolam-rum Schlump, who descends on the great city with a fawn-like demeanor and is taken in hand by Aggie of the East Side to be taught how to battle and forget family tradition.

INSULL JESTS ON JOURNEY TO PORT OF EMBARKATION

(Continued from page one)

175 miles from Panderna, at 8:30 o'clock tonight. There, aboard the American export liner Exlona, Insull will be handed over to Burton Y. Berry, of the American embassy at Istanbul. Berry was designated to accompany him home.

The trip may require a month. Frequent stops probably will be made as the vessel meanders through the Mediterranean. Then it will cross the Atlantic to Boston and New York.

The gray-haired old man laughed frequently at dinner on the Adana. Nine of the ship's eleven first-class passengers dined with him. Berry and Major John A. Crane, military attaché at the Istanbul embassy, did not appear at the table.

Insull looked at the Turkish police commissioner, Nali Bey, when he mentioned his escort. Others at the table were a detective, five newspapermen and a cameraman, besides young Miss Periba, Turkish girl who formerly was a student at the University of Chicago. She sat at Insull's right.

Avoids Talk of Case.
The captured fugitive adroitly turned the conversation away from his world-famous case. Yet, when somebody jokingly asked why he ever went to Istanbul, he shot back in the same jocular vein:

"I'm beginning to wonder, myself."

Taken aboard the Adana at Istanbul, Insull went up on deck shortly before 7 o'clock last night. He waved to the throngs on the wharf, his gray hair flying.

He appeared resigned to his fate when police informed him early yesterday that his lawyers had lost their last fight to delay his extradition when an appeal was refused.

LIQUOR CONTROL AIMS AT FURTHER PRICE REDUCTION

SALEM, April 13.—(P)—Vouchers for the largest purchases of liquor yet made by the state were filed with the secretary of state today, and totaled \$111,001. The purchases were made from 22 separate companies, the 10 largest being over \$5,000 each. The largest one purchase amounted to \$15,873.

The secretary of state's office estimated that since the state liquor control commission has been in operation total purchases of liquor have approximated \$180,000.

PORTLAND, April 13.—(AP)—In an attempt to further reduce the cost of liquor to the consumer under the Oregon plan, the state liquor control commission will, soon after May 1, open its own rectifying and bottling works for the production under its own trade names of at least three Bourbon and one Scotch whiskeys.

CONFUSION ENDED ON BRAN

New Ruling Makes Labels Accurate

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran" state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN Deliciously Flavored with Malt, Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are there! Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in a form for satisfactory results.

At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

LOOK ABOVE FOR AMAZING PROOF

ONE by one, the old ways of making tires and tubes are being discarded. Goodrich, the oldest tire manufacturer, has pioneered new trouble-proof products that eliminate most all of the present day motor-ing hazards. One of these amazing new products is a tube that doesn't rip or tear . . . even when it is run flat after a puncture! And here's proof.

Goodrich made a lot of special tubes. One half of each tube was made of the new Gold and Black construction. The other half of the best old-style compound. Then they put them on cars and purposely ran them flat.

The old-style construction was torn to shreds. Ripped and cut to pieces in less than a mile.

Yet the Gold and Black half was sound and un-harmed by this terrific punishment.

Here's positive proof that this new tube is many times tougher . . . that it will resist chafing and rim cutting . . . that it will not weaken and burst.

And here's the big news! You pay no more for Goodrich Gold and Black Tubes. Come in today. Ask for the new Goodrich Silvertown Gold and Black Tube!
