

COWBOYS COMBING COUNTRYSIDE FOR BOLD ABDUCTORS

(Continued from page one)

som, six-year-old June Robles was sought today by the police who captured John Dillinger and they were aided by scores of ranchers and grim-faced cowboys with six-guns.

The little girl was abducted yesterday afternoon as she was returning homeward from school by a man who drove up beside her in an automobile, called to her and then sped away when she entered the car.

Two hours later Rosillo Estrada, a small boy, brought to the girl's father, Fernando Robles, member of a wealthy old Arizona family, a roughly printed note which demanded \$15,000 before the release of his daughter and warned the father not to report her abduction to authorities.

Father Defies Kidnapers
Disregarding the threats, Robles called in authorities and word of the girl's kidnaping spread quickly.

Ranchers and cowboys quickly offered their services in the search for the granddaughter of Bernabe Robles, wealthy Spanish rancher, of a family that has lived in this vicinity since the Spanish land grant days and whose ranch nearby has been a landmark for 80 years.

Today the Morgan McDermott post of the American Legion was ready to mobilize its members to aid in the far-flung search for the little girl.

Late last night three unnamed men were taken into custody by police after a newsboy said they resembled the trio who offered him \$10 to take a note to June's father. Two of

them were released early today. Police said a third, a college student who admitted making the offer to Newsboy Leon Caster as a "practical joke," was held in jail overnight chiefly to "teach him a lesson." No charges were preferred.

City Searched
With every road in this vicinity watched, authorities today searched every corner of the city with the same determination they showed a few months ago in capturing Dillinger, notorious mid-western desperado, and three of his companions.

Meanwhile police sought identity of the man who gave young Estrada 25 cents to take the ransom note to the girl's father with instructions to bring an answer back to an automobile parking lot near the store of the father.

When the boy returned with the answer the man was gone, Ray Orcutt, operator of the parking stand, later told police the man was an American about 30 years old and was dressed in dirty gray suit and brown slouch hat. His face, Orcutt said, was heavily tanned.

Members of the girl's family discounted any possibility that June entered the kidnapers' car voluntarily, saying she was afraid of kidnapers and only recently remarked "children have to be careful." They described her as shy and not of a type who would take up with strangers.

FINAL NOMINATION OF ELK OFFICERS TONIGHT

Tonight will offer the last opportunity to Elks to nominate officers in the lodge, so a large attendance is urged for the session. In addition to the nominations, a large list of candidates will be considered.

The election of officers will be held one week from tonight.

BERRY PRICE EXPECTED 4 TO 5 CENTS POUND

PORTLAND, Ore., April 26.—(AP)—The formal opening price on strawberries for canning and barreling is expected to be named about May 1, inasmuch as contracts are being written with the price open, calling for the formal naming of the quotation by the first of the month.

There are predictions that the price will range between 4 and 5 cents a pound. Many persons in the trade have been talking of a 4½-cent price.

300 SHRINERS AT ASHLAND MEETING TO HONOR LEADER

Three hundred Shriners from various points in southern Oregon attended a reception at the Masonic Temple in Ashland last night in honor of Imperial Potentate John N. Sebrell, head of the Mystic Shrine of North America. The official visitation of the distinguished Virginian was one of the outstanding features of the 1934 season and an elaborate program was presented in his honor in which the Hillah Temple patrol and band participated and Shrine officials from Sacramento and Portland had a part.

An interesting address was given by Imperial Potentate Sebrell, covering the Shrine's Cripple Children's hospital movement and other activities of the order. He lauded the nobles of the little southern Oregon temple for their splendid record in Shrine affairs during the past few years.

William Neville, potentate of Ben All Temple of Sacramento, Chief Rabbah Fred Johnson, Past-potentate Fontaine Johnson and Recorder Jackson, all members of the California temple, were present and voiced the enthusiasm of Ben All Shriners over the plans of their joint ceremonial with Hillah in Medford on June 2.

From Al Kader Temple of Portland came Potentate Rufus Holman and Recorder Harvey Beckwith. The California party was met at Hill, Calif., Wednesday morning by Hillah Shriners in a fleet of new Chrysler airflows and driven over the Siskiyou and through the orchards of the Rogue River valley.

Following a banquet at the Masonic Temple in Ashland at 6:30 o'clock yesterday evening, Hillah's potentate, O. O. Alexander presided at the session where the Imperial Potentate and distinguished guests were presented. Past-potentate W. E. Newcomb of Grants Pass, formally welcomed Sebrell to the jurisdiction of Hillah Temple. Gus Newberry represented the temple in presenting to the Imperial potentate a beautiful picture of Crater lake for his home in Virginia.

The musical program for the evening was furnished by the Hillah band, James Stevens and Sebastian Apollo.

WHAT IF THIS CORD BROKE IN YOUR TIRE?

only GOODYEAR combines Supertwist Cord safety with All-Weather grip

WHEN one tire outsells any other for nineteen successive years, it must be a better and safer tire and a greater value!

That's the undisputed record of the famous Goodyear All-Weather—and we can show you why.

One big reason is Supertwist Cord in every ply—extra resilience with longer-lasting strength—assuring greater safety from blowouts.

Another big reason is All-Weather traction—long-lasting grip centered where tread and road meet—assuring quicker stops and starts.

Let us demonstrate both these superiorities.

Buy no tire this Spring until you see how tires differ and why more people ride on Goodyear All-Weathers than on any other tire.

Let us show you this simple test of safety described on the center pages of The Saturday Evening Post, April 28, under title of "The cord that BROKE—and the cord that DIDN'T!"

Only CHEVROLET can afford to put FULLY ENCLOSED KNEE-ACTION with SHOCK-PROOF STEERING on a low-priced car

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

When you pay the price of a Knee-Action car, you naturally want genuine Knee-Action and all that goes with it. You want the new gliding ride at its best. You want the huskiest, sturdiest front-end you can buy. And, of course, you want shock-proof steering. You pay for them all—but you get them all, in the low-price field, only from Chevrolet. The reason is simple. Fully-enclosed Knee-Action wheels are costly to build—so costly that only Chevrolet, world's largest builder of cars, can afford to make the necessary huge investment in new machinery—and still keep prices among the lowest of the low. Only Chevrolet has the resources and the assured volume of sales that permit this extra production cost. Chevrolet does it because Chevrolet believes that, to KEEP ON SELLING THE MOST CARS, YOU MUST KEEP ON BUILDING THE BEST.

Compare Chevrolet's low delivered prices and easy G. M. A. C. terms. A General Motors Value
