

SCOUT LEADERS TRAINING CLASS AWARDS GIVEN

During the past month scoutmasters, troop committeemen and a number of fathers of scouts have been attending a training course conducted by the Crater Lake Area Council, Boy Scouts of America. This course consisted of eight indoor sessions and one overnight camping trip.

Final session of the course was held last night at the Roosevelt school, when certificates "Elements of Scout-mastership—Part 2" were awarded to the following men: Ray Harnish, Theron Taylor, Walter Clements, A. Woodrich, Harry Ward, Floyd Barrett, Gene Walter, Lester Throckmorton, Jack Heyland, L. T. Cook, T. W. Ritter, L. E. Hamilton, Roy W. McConnell, O. M. Franklin, Jr., Dan Moon, Harold Larsen, Charles Bateman, J. H. Giese and Roscoe L. Doty.

Larry Schade, president of the council, presented the certificates and complimented the men on the interest shown in their desire to secure additional information on the scout program, so that they might be of greater service to the boyhood of the community.

Ladino Patrol from Eagle Point received the prize, which was awarded to the patrol securing the highest number of points during the meetings. Points were awarded for attendance, winning of inter-patrol games on other events.

C. E. Gates, past president of the council, pointed out to the men the wonderful opportunities of character building and citizenship training that the scouting program offers. He stated that the average boy has more than 3000 leisure hours each year, this being equivalent to the number of hours that he goes to school. The things that a boy does during his leisure time may have a great influence on his conduct and his future. Scoutmasters are complimented for splendid work they are doing.

Several reels of movies showing the activities of Scouts on hiking and camping trips were shown by O. M. Franklin, scoutmaster of Troop No. 13, Ashland.

Scouts from Troop No. 8, of which Jack Heyland is scoutmaster, presented a short skit, which was exceptionally fine. The audience was unanimous in complimenting the boys on their work. Scouts who took part were: Bob Jones, Larry Schade, Donald Younger, George Gillings, Harold Blight and Jack Heyland.

CHEVROLET ESSAY CONTEST OPENED

With the first prize of a new Chevrolet Master Six Sedan and nine cash prizes totalling \$500 as incentives, the essay contest sponsored by Rogue River Chevrolet, Inc., Chevrolet dealers in this territory is off to a flying start.

Official entry blanks, which are secured from dealer showrooms free, are sprouting up around town with the profusion of the proverbial blossoms of spring. Officials of Chevrolet dealerships in this zone have given out many thousands of entry blanks since the competition opened April 10.

The Chevrolet dealers' essay contest can be entered by anyone of legal driving age, except Chevrolet dealers and employees and members of their families. The competition is for the best answers to why Chevrolet says of its new 1934 model: "Drive It Only Five Miles and You'll Never Be Satisfied With Any Other Low-Priced Car." The answer must be in fifty words or less. The entrant gets the official entry blank free after taking a demonstration ride to learn the complete story of the new car.

Local Chevrolet dealers are now increasing their estimates of the number of entry blanks that will be required before the contest closes on midnight, May 31, 1934, due to the surprising number of interested persons since the launching of the contest.

REGISTRATION CARDS CHECKED

Checking of the registration cards of voters in Jackson county will be completed next week. It will be listed as to party affiliation and precinct. The clerk's office has been working on the completion of the past week.

It is estimated that the total registration will be between the normal mark of 13,500 and 14,000 voters, all parties. In the 1932 general election, the heaviest in the history of the county 14,198 votes were cast. The registration totaled 10,039, a remarkable figure for a county with approximately 36,000 population. Not many counties can boast a registration of half the population.

There have been close to a thousand cancellations, and about the same number of voters have moved to other counties and states in the past two years.

Francis Lange Here—Francis Lange, landscape architect, who was on duty at Crater Lake national park last summer, returned to Medford last evening, and continued to Crater Lake this morning. Mr. Lange has been stationed at the Pinnacles national monument at Pinnacles, Cal., during the winter.
