

INTEREST GAINS IN WORK ALLIED WELFARE GROUP

Renewed interest in the activities of the Allied Welfare association was noted Friday in the large attendance at the regular luncheon at the Hotel Medford and the splendid reports made.

Miss Helen Carlton, representing the Welfare Exchange, told the group that sewing at the exchange had consumed the following materials: 388 1/2 yards of print, 469 yards of outing flannel, 187 yards of unbleached muslin, 50 yards of shirting, 10 1/2 dozen spools of thread and 28 hanks of yarn.

Mrs. R. E. Green, representing the Girl Scout community committee, told of plans for summer camp, asking that aid be given by service clubs in making this needed project possible.

The needs of many Jackson county children, brought into juvenile court, were emphasized by Judge Earl B. Day in an appeal for cooperation from all groups in making new environments possible for such cases.

Mrs. G. R. Satchwell brought greetings from the Southern Oregon Writers' League and the Greater Medford club, announcing active participation of these groups in plans for the Diamond Jubilee.

Pittsburgh Mailers Strike
PITTSBURGH, April 28.—(AP)—Torn newspapers littered the streets of downtown Pittsburgh today but few were for sale on the newsstands. The cause of the scarcity was the strike of mailing room employes on the city's three newspapers.

HARDER SELECTS C.-C. COMMITTEES FOR COMING YEAR

B. E. Harder, president of the Jackson County Chamber of Commerce, has completed the organization of his committees for the year, it was announced yesterday. In selecting the committees this year, Mr. Harder has made them smaller than heretofore, because he believes that better results can be obtained by smaller committees. In submitting the list of appointees Mr. Harder made the following statement: "Some but members of the Jackson County Chamber of Commerce are on committees this year, and by making the committees smaller, it was impossible to give every member an assignment. However, from time to time, I shall necessarily appoint other committees, and I believe by the end of the year every member will have been asked to assume some responsibility."

SWIMMING OPENS AT HELMAN BATHS

Equipped with a new diving board and other improvements for the enjoyment of swimmers, Helman Baths at Ashland were opened to the public today, fully a month in advance of past seasons.

The white sulphur springs at Helman Baths are among the oldest known developed mineral waters in southern Oregon, and according to legend wounded deer used to visit the spring for its curative qualities.

In 1900 the present large swimming tank and building were constructed by Grant Helman. Since then swimmers from all over southern Oregon have been attracted each summer to its cool, healthful waters. Special provisions have been made for picnickers in the Helman park.

LOCAL MAN SEES SALES TAX VALUE

Another prominent Medford citizen comes forward to boost the sales tax, but he doesn't want his name mentioned. The facts he presents to back his stand, however, this paper can vouch for, for the tax receipts are on file in this city.

This man owns a farm in Calhoun county, Michigan, in which state a sales tax was recently passed. At one time the taxes on his farm totaled over \$600. A year ago they were \$284.75. This year they were only \$23.18.

They were so small the man in question wrote back to the county tax office to ask if some mistake had not been made. The reply was that the reduction was due solely to the passage of the sales tax. How any farmer can be against the sales tax this man cannot see.
