FOREST LAWS IN EFFECT TODAY IS WARDENS WARNING Dwight L. Phipps, district fire warden, announced today that forest laws take effect May 15.

A new law passed by the last legislature prohibits the use of power-driven machinery as follows: During the period from May 15 to October 1, or any extension thereof in any year, it shall be unlawful for any person to use fire in any form or to use any power-driven machinery in sawmilling, logging, operation of a logging railroad or other operation, or on within one-eighth of a mile of forest land, without having first obtained a written permit for said year so to do from the state forester.

Applications for said permits may be had at the state fire warden's headquarters on Mac street in Medford.

Permits are required for burning. During the period between May 15 and October 1, which is designated the closed season, it is unlawful for anyone to set on fire, or cause to be set on fire, any forest land, grass, grain or stubble, either his own or the property of another, without first securing a written or printed permit from the forester or a warden and complying with the terms thereof.

During the closed season it is unlawful for anyone to throw away any flammable material, tobacco, matches, or lighters on any forest land, private road, public highway or railroad right-of-way.

It is also unlawful for anyone to build a fire for camping purposes, on lands not his own, without first clearing the ground to prevent the spread of fire, or to leave a campfire burning and unattended—even temporarily.
