Presbyterian and Christian Choirs Plan Concert

An interesting program of music will be given by the Presbyterian and Christian church choirs of this city at the First Presbyterian church, Sunday evening, May 20, at 8 o'clock.

The concert will be entirely classic, compositions of the masters being sung and played and will feature numbers by Mendelssohn, Rubini, Handel, Wagner and Schubert.

The varied program will include choruses, solo, a male quartet, ladies trio, orchestra, piano and organ numbers. One of the features of the evening will be the singing of "The Hallelujah Chorus" from the "Messiah" by Handel by the combined church choirs with piano and organ accompaniment. Effie Herbert Yeoman will be the guest conductor for this number, with Mabel Sims at the Baldwin grand piano and Helen Jones at the console of the pipe organ. The Baldwin grand is very kindly loaned by Mrs. H. O. Purucker of the Baldwin Piano Shoppe.

Etta Carlson Strang is director of the Presbyterian church choir and Effie Herbert Yeoman of the Christian church choir.

The full program of this concert will appear in Sunday's paper.

The public is cordially invited to attend. There will be no admission charge, but a silver offering will be taken to defray expenses.

NEW YORK, May 18.—(AP)—The stock market lost most of its inflationary enthusiasm today and prices yielded most of their yesterday's substantial gains under quiet profit taking. While some of the metals were held to a point or less. The close was somewhat heavy. Transfers approximated 980,000 shares.

Overnight consideration of the Washington silver accord tended to dispel the impression that currency expansion was imminent. Various traders, consequently, decided to cash in their profits, pending a clearer outlook on the monetary situation.

BRITAIN REQUIRES U. S. AID IF CHINA TO BE PROTECTED

(Continued from page one)

desire to reach an agreement at Geneva on disarmament and said Great Britain already has set an example in the reduction of arms, and now it is up to other nations to follow suit.

Charges that Japan is planning to carve out of Chinese territory a "Manchukuo number two" were made by Sir Stafford Cripps during the debate. Asserting that Great Britain, through "abdication and weakness of policy" is helping Japan's hand in China, he suggested the co-operation of Britain, Russia and the United States in a program aimed at halting Japanese expansion in the far east.

Sir Stafford added that Britain "will not face realities regarding securities for the integrity of China and Britain either in a league with Japan or turning a benevolent eye on her operations."

It takes good things to make good things

YOU CAN USE MOST THINGS that grow out of the ground just as soon as they are harvested. But not so with cigarette tobaccos ... not if you want them to be mild and taste right.

It takes many months of ageing in the wood—2½ to 3 years to be exact—to bring out the flavor of rare wines. Chesterfield tobaccos are aged and mellowed like fine wines—it helps to give Chesterfield its milder and better taste.

It means something that Chesterfield tobaccos are aged and mellowed like fine wines—it helps to give Chesterfield its milder and better taste.
