

MEIER TO SPEAK DURING JUBILEE IN JACKSONVILLE

Jerome and Banwell Are Given Many Pledges of Co-operation On Swing Through Up-State Areas

Numerous important developments in Oregon's Diamond Jubilee celebration in Medford and Jacksonville next June 3 to 9, were reported by E. C. (Jerry) Jerome, general chairman of the celebration, and A. H. Banwell, manager of the Jackson County Chamber of Commerce, on their return today (Friday) from Portland and other up-state points.

Arrangements were completed for the presentation of programs over radio station KOIN in Portland. Every other day Oregon's Diamond Jubilee will be featured in the Koin Klock hour from 7 to 8 in the morning, in the "This and That" program from 10:30 to 11:30 a. m., and in the newspaper of the air from 3:30 to 3:40. The celebration will also be featured every night until June 3 over stations KEX and KGW.

The Morning Oregonian has agreed to print 10,000 reproductions of papers published in 1859, telling of the admission of Oregon into the union. The Oregonian has offered this without charge to the committee. The papers will be distributed during the celebration as souvenirs.

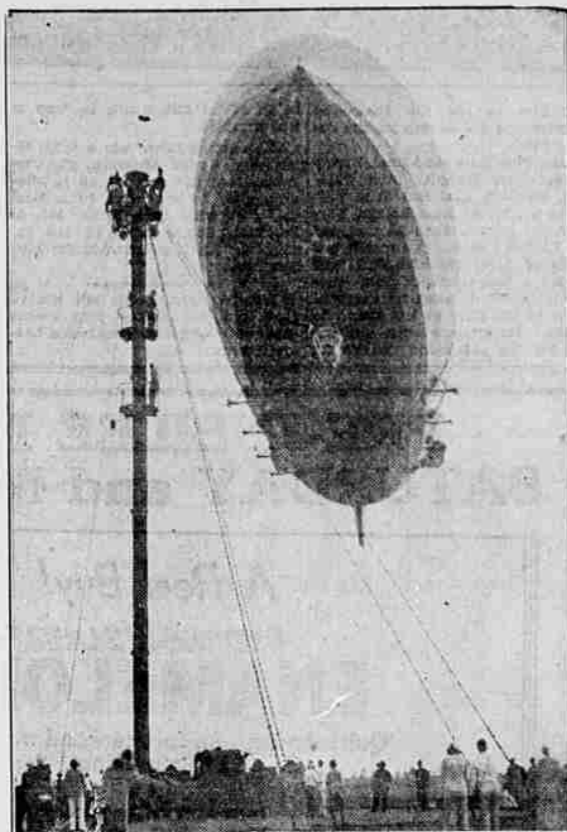

Several Portland newspapermen will be in Medford, including B. F. Irvine, editor; Ernest W. Peterson, automobile editor; Marshall Dana, editorial writer; and Dan McDade of the Oregon Journal and C. O. Chatterton, publisher; Edward Miller, automobile editor; and Palmer Hoyt, executive news editor, of the Morning Oregonian.

While in Portland, Messrs. Jerome and Banwell appeared before the Eastern Commercial club where they presented short speeches, telling of the celebration, and were assured of the co-operation of that body in organizing a special train of visitors from Portland.

While in Eugene, they met with the Eugene city council which appointed a committee of three members to work out details for a caravan from that city to Medford. It is also probable Eugene will have several entries in the pioneer parade. The celebration officials had an interesting visit with Anne Whiteaker, selected as Queen Mother of Jubilee week. She is making preparations to take part in the celebration, Monday of which has been set aside for her coronation at the fair grounds. A children's pageant will be presented the same day. She is the daughter of the first governor of Oregon, John Whiteaker, who served from 1859 to 1862.

General Chairman Jerome was told by J. A. Ormandy, general passenger agent of the Southern Pacific lines, that more interest has been aroused in the jubilee celebration than any celebration held in the state for years. He reported reservations for trips for Medford have been numerous, all being made without solicitation of any kind.

THE MACON VISITS FLORIDA

The pride of the navy, the giant dirigible Macon is shown hovering over its mooring mast at Miami, Fla., after it had completed a successful flight from California. The Macon will take part in the maneuvers of the combined Atlantic and Pacific fleets along the Atlantic coast this summer. (Associated Press Photo)

PRESIDENT'S MOTHER HONORED

Mrs. Ernestine Schumann-Heink (left), noted singer, is shown as she paid her respects to Mrs. James Roosevelt, mother of the President, at a Mother's day dinner in New York where Mrs. Roosevelt was the guest of honor. (Associated Press Photo)

JACK TORRANCE SETS NEW SHOT PUT MARK

BIRMINGHAM, Ala., May 18.—(AP)—Jack Torrance, 275-pound Louisiana State ace, broke the world's record for the shot-put here this afternoon in the preliminaries of the South-eastern conference track meet, with a throw of 53 feet, 6 1/2 inches. The accepted world record is 53 feet, 1/2 inch, made in 1932 by Sexton of the United States.

WASHINGTON, May 18.—(AP)—

Legislation which would permit loans to farmers for redemption of foreclosed farm property, regardless of when the foreclosures occurred was approved today by the house agriculture committee.

Reter Returns Home — Raymond Reter of the Pinnacle Fruit company has returned to the city after spending several days in Portland on business.

BOLIVIA, PARAGUAY ARMS EMBARGO IS ROOSEVELT'S WISH

WASHINGTON, May 18.—(AP)—The administration today asked congress to declare an embargo on arms shipments to Bolivia and Paraguay. A resolution to that effect was sent to the capitol by the state department for introduction in both branches of congress.

Earlier in the day President Roosevelt asked the senate to ratify the Geneva arms and ammunition convention in a move to obtain control of the traffic in munitions.

It was promptly reported to the senate and plans were made for immediate action.

The administration apparently believed it required specific authority by congress to deal with the Bolivian-Paraguayan situation.

Secretary Hull has been watching this situation very closely.

KMED GETS INCREASE POWER TO 250 WATTS

Representative James W. Mott today informed The Mail Tribune that the federal radio commission today granted a power increase for station KMED. Mrs. W. J. Virgin of KMED said this afternoon that the power had been increased to 250 watts for daytime, and remained at 100 for night time. Previously the station operated on 100 watts for both day and night. Mrs. Virgin expressed pleasure at the granting of the increase, and said the application had only been in for about two weeks.

TWO CARS OF PEARS REMAIN IN STORAGE

Only two cars of Winter Nellis pears and 33 cars of apples—the last of the 1933 fruit—remained in local storage plants at the end of the week ending Wednesday night, according to Southern Pacific railroad and Rogue River Traffic association figures. Early movement of the slim remainder is expected.

Pear shipments last week totaled six cars. Apples amounted to seven cars. Total pear shipments for the season are 2,078 cars and 170 cars of apples.

Goes Collegiate

When Chancellor Englebert Dollfus of Austria attended a recent student function, he got right into the spirit of the thing and went collegiate—at least in dress. (Associated Press Photo)

LEBANON PLANS SILVER JUBILEE

Lebanon will observe its silver jubilee June 1 and 2, for it will be the twenty-fifth annual strawberry fair of the Willamette valley, and an invitation to the affair has been received by the Jackson county chamber of commerce, inviting residents of this section to attend.

One of the outstanding features of the festival will be the "world's largest short cake, which will be made of 225 pounds of sugar, 75 pounds of shortening, 18 pounds of baking powder, 20 gallons of whipped cream and 1,600 pounds of berries. Fifty gallons of table cream will be used to serve with it.

The short cake, to be baked by T. W. Munyan, is expected to weigh nearly two tons. It will be 12 feet wide and 15 feet long, and is estimated to serve 8,000 people.

PENDELTON, May 18.—(AP)—Word was received here today that the First Federal Savings and Loan association for Pendleton has been granted a charter by the federal home loan board at Washington.

NEW TEETH PLACED IN CRIME LAWS TO AID FEDERAL COPS

WASHINGTON, May 18.—(AP)—A group of bills requested by the department of justice to aid the federal government in combatting crime were signed into law today by President Roosevelt.

The measure—passage of which was hastened by the activities of John Dillinger, the outlaw—provide federal penalties for offenses which heretofore have been curbed only by state law.

One bill provides that if a kidnaped person is kept seven days it automatically becomes a federal crime thru a presumption that he was taken across a state line.

Other measures would classify as federal crimes the participation of federal officials or employees in prison breaks, sending extortion messages in interstate commerce, fleeing across state lines to avoid prosecution or giving testimony in felony cases, fraud or robbery of national banks, assaulting or murdering a federal officer or employee in line of duty, and

interstate transportation of stolen securities. "There will be no relenting," said the president in signing the legislation.

GREETING OVERCOMES EX-CUBAN PRESIDENT

HAVANA, May 18.—(AP)—Overcome by the huge demonstration greeting his return to Cuba today, ex-President Ramon Grau San Martin fainted as he entered his home here and was carried prostrate to his bedroom.

Apparently the ex-president had been unable to stand the vigorous welcome of the 100,000 well-wishers who were waiting to meet him when he got off the boat.

100 DIAMOND RINGS STOLEN IN PORTLAND

PORTLAND, May 18.—(AP)—More than 100 diamond rings, said by the owner to have a total value of between \$5,000 and \$6,000, were taken by two robbers who held up a jewelry store here today.

The robbers bound Julian Galvez,

employe, and then compelled Ben Reingold, proprietor, to take the rings from the safe.

WEATHER, CONGRESS RETARDING BUSINESS

NEW YORK, May 18.—(AP)—Signs of business recession were noted today in the weekly trade review of Dun & Bradstreet, Inc.

"Droughts, unseasonable weather, undetermined outcome of pending legislation and curtailed operations in many industries have left in their wake instability of prices and a less insistent demand for merchandise, accompanied by the gathering of labor clouds over some of the chief centers of production," the review reported.

Goes to San Francisco—Miss Marie Eichler left by train Thursday evening for San Francisco.

BURGLARS PAY VISIT REXALL DRUG STORE

Several Ingersoll watches, a camera, about \$5 in cash, and candy and cigarettes were stolen from the Rexall store, 134 West Main street, sometime between 11:30 and 3 a. m. last night. It was reported today at the city police station.

The burglars entered the building through the rear door on Grape street after jimmying the lock, and went out the same way after their loot had been obtained.
