## Walter Huston in Rialto Program

Frances Dee and Walter Huston taking the leading roles in "Keep 'em Rolling," on the Rialto theater's double feature program for today and Saturday. This screen version of the Saturday Evening Post story, "Rodney," was "shot" on location at Fort Meyer, Va., and has an exceptional cast including Mary Morris, Evelyn Venable, Kent Taylor and Sir Guy Standing. Both features are on all shows.

## Paul Lukas Stars in Prevue Program

"The Affairs of a Gentleman," with Paul Lukas, Lella Hyams and Patricia Ellis featured, has been chosen as the extra show for the regular Saturday night preview at the Craterian theater.

The title notwithstanding, the picture is a mystery story with abundant entertainment values, and not a society drama. It deals with the murder of a much admired author of sexy novels, with six women, with whom the had "affairs," as objects of guilt.

"Wild Cargo," Frank Buck's amazing record of animal life in the Malaysian jungles, closes its run tomorrow night at the Craterian theater, and immediately after the last show, the preview will be thrown on the screen. There is no extra charge.

## Joan Crawford To Come To Craterian

With a supporting cast including such "names" as Franchot Tone, Gene Raymond, Esther Ralston, Edward Arnold, Earl Oxford, Jean Dixon, Leo G. Carr, and others, the story is said to be one of the most gripping ever translated to the screen.

Written by internationally famous novelist, Vina Delmar, it was followed by millions of readers when printed serially in Liberty Magazine. "Sadie McKee" is a vivid dramatization of the average American girl.

## Improvements In Browns Fountain Near Completion

The paint-up and clean-up campaign, sponsored by the Medford Chamber of Commerce and the Diamond Jubilee committee, has been given substantial impetus by the extensive remodeling program at Browns. This long-established Medford firm has completely altered and redecorated its location at Main and Front streets, placing attractive booths in the main fountain room and providing a handsomely finished and convenient dining-room. The program has involved the rebuilding of the entire plant and has furnished employment to workmen for over three weeks.

Included in this program are new, attractive fronts on the barber shop and billiard rooms, opening on North Front street. In the dining-room, attractive booths are waiting those who dine, and a smooth floor for dancing provided. An orchestra platform is located at the east end of this cozy dining-room and dance floor. A new, friendly atmosphere will be enjoyed by Browns' patrons in this newly completed establishment. Every provision has been made to assure the best in service on fountain and lunch requirements at moderate prices in line with the long-established policy of this firm.

Mr. and Mrs. Brown have been catering to Medford and visiting patrons for more than 18 years. Their extensive program of improvement is an expression of their faith in the future of this community, and is well in line with the policy of Browns to keep pace with the development of Medford and the Rogue River valley. Their new, remodeled establishment will be ready for public inspection in the near future, when a cordial invitation to the general public will be extended by the proprietors. (Adv.)

## Unusual Western At Roxy Saturday

Probably one of the most novel twists in Western picture construction ever seen here will be the introduction of a full-sized dirigible into the story of "Hidden Valley," first run film, starting Bob Steele, which comes to the Roxy theater tomorrow.

Opening with a mysterious shooting in the desert and the sensational escape of a convicted criminal from a crowded courtroom, the picture reaches the first of its many peaks with the introduction of the Zeppelin "Volunteer," which stages a gripping rescue of Bob Steele from the burning sands of the desert.
