Interest Growing in Garden Club Show
In spite of unusual weather conditions this year's flower show, sponsored by the Medford Garden club, promises to be unusually large and interesting. The complete classification will be published in Sunday's paper, and every one with flowers to exhibit, or a clever idea as to flower, fruit or vegetable arrangement is asked to note it carefully and keep it for future reference.

Miss Fay Woolsey, county librarian, is putting in a display of garden books and magazines.

The Grants Pass Garden club has asked for space for a pool and the Illinois Garden club has promised an attractive arrangement.

Another new classification this year will be the arrangements of flowers, fruits or vegetables by men.

There will be an interesting display of garden tools by a local merchant. Other new features will be the arrangements of flowers in containers to match the color of the flowers used, modernistic arrangements which the Portland florists please to call the "California way", also arrangements to demonstrate the standard color charts used by art classes.

During the recent state federation meeting of Garden clubs in McMinnville, flower arrangements were stressed at every meeting. During the business meeting of the federation Saturday the Medford club delegates extended an invitation which will bring the 1935 convention to Medford a year from now. Mrs. Seymour of Forest Grove was elected state president at this same meeting.

FEW CRIME CASES WAIT GRAND JURY

An order continuing the grand jury, Floyd Ross, Central Point, foreman, for the May term of court starting next Monday, was signed yesterday by Circuit Judge H. D. Norton. The jury was selected for the February term of court and held one session.

Criminal matters scheduled to be presented to the grand jury are the lightest in four years. Two cases are listed—E. L. Fitch and May Murray, charged with criminal libel for the alleged circulation of slanderous and malicious pamphlets in which the safety of the courts and the integrity of law enforcement were impugned. The pamphlet, with a foreword said to have been written by E. H. Fehl, serving four years in state prison for vote stealing, declared the \$55,000 expended by Jackson county in the ballot theft trials had been used to pervert witnesses and jurists and "handle the courts."

Fitch is held in the county jail. May Murray is at liberty on \$1000 bonds. Both waived preliminary hearings. The offense is an indictable misdemeanor, punishable with a maximum term of one year in the county jail and \$1000 fine or both.

BT. FALLS BEATS LEGION, 16 TO 15

Butte Falls high school team defeated the American Legion Juniors yesterday afternoon, 16 to 15, in a 10-inning game, the score being tied in the ninth.

Tungate for Butte Falls made two home runs with the bases full, and Clark, also playing for Butte Falls, made six hits in the six times he was at bat.

Lindley, for the Legion Juniors, got three hits from his four times at bat, and Ray Lewis of Medford made a home run in the tenth.

Van Dyke, Lewis and Heath pitched for Medford and Bayliss caught, while Tungate pitched for Butte Falls and Conley and King caught.

Although the field was a bit wet, the boys enjoyed the game, according to reports.

BANDITS GREETED WITH BULLET HAIL IN RAID ON BANK

ers instantly. A second robber fell wounded. Others, turning out one blast of lead, dropped their weapons and fled for the door.

Vigilantes Alert
Already vigilantes, organized and trained for such emergencies since two previous raids on their bank, were swarming toward the bank, Leon Lageste, chief of police of South Holland, had noticed the strange car parked at the bank and spread the alarm. A half dozen special deputies rushed to their caches of guns and ammunition in a neighboring garage and in the village postoffice.

One of the two fleeing robbers was believed to have been wounded, but with his companion he reached the automobile and the car lurched into high speed, bullets drilling holes through its body.

Milton H. Waterman, 38, the cashier, describing the holdup, said: "We were pretty much excited, but we had all the confidence in the world in Mr. De Young's marksmanship."

EAST CHICAGO, Ind., May 25.—(AP)—Two more police officers are dead today in the bloody game of "Get Dillinger."

In this city where Policeman William F. O'Malley was slain January 4 by a man definitely identified as John Dillinger, two officers, Martin O'Brien, 44, and Lloyd Mulvihill, 28, were machine-gunned to death here last night.

There was no clue today to the identity of the killers. Dillinger, fugitive from the Crown Point jail where he was held for trial for the murder of O'Malley, was suspected, but it was only a suspicion. The only two men who might have been able to say positively as to the identity of the killers were the policemen, and they died instantly.

Policemen Mulvihill and O'Brien, veteran officers who knew Dillinger by sight, had been assigned to guard a road along which it was believed Dillinger might travel last night. The road patrol was established following word from Indianapolis that a man believed to be Dillinger had been seen there yesterday.

Auto Suspected
An automobile believed to have carried four or five men approached

at high speed. The two officers, traveling in a police squad car, apparently decided to halt the car and investigate.

Just what happened is not clear. The officers' bodies were found slumped in the front seat of their car, with a dozen machine gun slugs in the neck and head of each. The attack must have caught them completely by surprise, as the pistol of each officer was still in its holster when the bodies were found.

A watchman for a packing company, passing that way about half an hour after the shooting, discovered the squad car with its cargo of two dead peace officers.

Policemen leaned today to the theory that Dillinger or his gang was responsible for the double murder, but they emphasized they had no proof. The fact that the officers were shot down as ruthlessly as Officer O'Malley was last January in a bank robbery which is generally credited to Dillinger, was one circumstance leading to the suspicion that the fugitive desperado was implicated.

CONSTABLE RACE FIGURES TOTALED

W. F. Barge of Gold Hill won both the Democratic and Republican nomination for constable of the Gold Hill district, as did Tom Currier of Jacksonville for the Jacksonville district, according to the official count for the primary completed yesterday.

R. W. Hall, regular Republican nominee, received 895 votes, to win the nomination for the Ashland district. George Inlow gained the Dem-

ocratic nomination with 24 votes. Ed Hollenbeck of Prospect received the Republican nomination for constable for the Medford district with 27 votes. Friends wrote in his name on election day. He will oppose Frank

Anderson of Medford, who won the Democratic nomination over Howard McKinney in a hot race by a majority of 34.
