J'VILLE NOSED OUT IN TITLE BATTLE Jacksonville high school baseball team, after conquering all competition in southern Oregon, was defeated for the state championship by Myrtle Creek high school, 4-3, Friday afternoon.

The game, played at Myrtle Creek, was replete with thrills and outright play, both times being well matched.

Myrtle Creek high school had defeated all upstate teams, including Portland, Salem, Eugene and Roseburg, and Jacksonville players had won all of 10 contests played in this section, three times defeating Ashland, which in turn set down Medford, conquering Klamath Falls and all other strong nines within a radius of 75 miles.

Paul Hess, Jacksonville boy, handled mound work for his team, while Slimor Johnson worked behind the plate. Others in the lineup included, Roger Card, Bud Retinking, Calvin Lusk, Peeewe Van Galder, Byron Backes, Wayne Combest, Elliott Eboeten, Russell Ayres and Morris Byrne.

Coach W. J. Neer, for Jacksonville, had experienced some difficulty in arranging the game, Myrtle Creek officials demanding a \$35 guarantee to make the trip to southern Oregon, but would not offer as little as \$5 for Jacksonville to travel.

Following a guarantee of little as \$5 some agreement for a state championship game, George Van Galder and V. J. Beach of Jacksonville volunteered free transportation to Myrtle Creek. Although a large party crowd was in attendance, Myrtle Creek school officials would not split the gate, but made a counter offer of a return game with Jacksonville next year.

STOCK REGULATION MEASURE PASSAGE DUE COMING WEEK

WASHINGTON, May 26.—(AP)—The long, dispute-ridden task of writing a law for the regulation of the nation's security markets tonight entered its last phase with completion and final enactment within a week assured.

Conferees of house and senate reached a complete agreement on all the measure's many and intricate details. On Tuesday their report will be laid before the senate. As soon as it approves, the report will go to the house. Then President Roosevelt will sign the bill.

The agreement reached today put the measure in its final form. The conference report must be either accepted or rejected by senate and house with no amendments permitted.

The measure provides for regulation by a specially created commission of five members. It calls for the registration of exchanges and listed securities with the administrative board, and empowers the latter to require extensive and frequent reports on the financial condition of listed corporations.

WASHINGTON, May 26.—(AP)—Greatly altered by its long stay in committee and the many operations performed on it there, the Wagner labor bill emerged today to seek congressional sanction before adjournment.

Despite the renewed pressure put behind the bill by the administration in its concern at the growing seriousness of widespread labor troubles, there was no certainty the bill would be enacted in the few weeks remaining to congress.

Senators Walsh, (D. Mass.), chairman of the senate labor committee, said, however, that he hoped to obtain enactment.

LONDON, May 26.—(AP)—Scotland yard took official notice today of reports that it was searching for John Dillinger, American bad man.

Its notice was a flat denial. "The report which appeared in a morning newspaper today saying Dillinger is in London is entirely without foundation," announced the famous police headquarters. "No search has been carried out and none is contemplated."

GENEVA, May 26.—(AP)—Cabellero Bedoya, Paraguayan representative of the League of Nations, announced today that Paraguay will cease applying the rules of international law "in force between civilized peoples" to Bolivia.

His announcement created a sensation here. The Paraguayan communication to the league said that, to its great regret, Paraguay must follow Bolivia's example of warfare.

The reference was to Bolivia's aerial bombardment of two towns and Bolivia's alleged threat to bombard Aunacion, the capital of Paraguay. "Despite repugnance for these barbarous methods," Bedoya said, "Paraguay finds herself compelled to use them."

SPOKANE, Wash., May 26.—(AP)—The appointment of Ernest E. Henry, farm management specialist of Portland and a field organizer for the production credit corporation, as vice president of the corporation was announced today by John A. Schoonover, president.

The Strike Situation

Toledo—A powder-charged peace settled around the Election Auto-Lite plant yesterday after snipers had wounded a national guard lieutenant and a spectator. One man was arrested on an arson charge after two houses and a box car were fired with oily waste.

Two men have been killed and 200 hurt in five days.

Minneapolis—Loaded trucks and cars rolled merrily over the Twin Cities streets yesterday for the first time since the drivers began an 11 day strike, marked by the death of one man and injuries of 100. Peace terms require strikers and employers to accept as final an agreement to be drawn by seven arbiters selected by the regional labor board.

Indianapolis—A strike of 700 to 1,000 workers at the Real Silk Hosiery mills was settled today by an agreement signed at New York. The terms gave recognition to the employees mutual benefit association.

Cleveland, O.—Yellow Cab drivers went back to work after 123 signed an agreement with the company and formed an independent union. Company guards tossed tear gas bombs at men they said were competing drivers.

Washington, D. C.—The senate labor committee approved the Wagner bill, creating an industrial adjustment board of five to arbitrate labor disputes.

Mattoon, Ill.—A compromise ended the strike of workers in six of seven Brown Shoe company plants. An organizer of the International Boot and Shoe Workers' union said negotiations were still proceeding at the Moberly, Mo., plant where other issues were involved.

PARAGUAY OUSTS 'CIVILIZED WAR' GENEVA, May 26.—(AP)—Cabellero Bedoya, Paraguayan representative of the League of Nations, announced today that Paraguay will cease applying the rules of international law "in force between civilized peoples" to Bolivia.

24 HOURS GRACE GIVEN MAYOR TO ESTABLISH ORDER

MINNEAPOLIS, May 26.—(AP)—Teeming activity replaced disorder, death and bloodshed in the city market place today as truckers signaled the end of a truck drivers' strike which has paralyzed commercial trucking since May 15.

Both sides indicated they were no nearer an agreement than when the preliminaries began at 9 a. m.

From the meeting labor representatives planned to go to still another conference, this time with representatives of the ship owners.

Costs of the strike mounted into the millions but there was no direct means of ascertaining the amount of loss in exact figures.

The San Francisco chamber of commerce estimated the loss to the port here at nearly \$2,000,000 thus far, exclusive of lost wages of strikers and curtailed business in general.

The ports of Seattle, Portland and San Francisco were virtually blockaded but Los Angeles shippers said business was moving there.

A Portland authority who did not want his name used estimated the Oregon lumber payroll had been reduced by \$120,000 a week, with 3,800 lumbermen out of work as the result of the strike.

He estimated the reduction of business there at \$38,000 a week. The chamber of commerce there called upon Mayor Joseph K. Carson today to open the port "within 24 hours."

Alfred Lundin, president of the Seattle chamber of commerce, estimated the shrinkage in value of commodities moving through the port there at \$1,000,000 a day.

Although peace prevailed, an aftermath of the riots occurred when a second victim of serious injuries died. He was Peter Erath, 60, special policeman who was injured during the truck strike fighting at the Minneapolis market Tuesday at which time C. Arthur Lyman, business man, received fatal injuries.

Business men estimated the revival of truck transportation resulted in a million dollars worth of business today, and termed their estimate conservative as produce houses and gardeners had their first opportunity to dispose of perishable foods. They said the strike had cost them thousands of dollars in spoilage.
