BROKEN, DESPAIRING MAN SLAYS FAMILY AND SELF

SPOKANE, Wash., June 1.—(AP)—Vestiges of a man's two-day struggle with his nerve to steel himself to kill his wife, two daughters and himself were in the hands of police today.

Notes left to friends told of the agony Arthur E. Hooker, 54, newspaper business-office man, suffered in seeing his daughter, Marjorie, 14, gradually overcome by paralysis, leading to his shooting Wednesday night of Marjorie and her sister, Virginia, 11, his wife, Mabel, himself in what Coroner T. C. Barnhart called murder; and suicide.

A note was dated May 28, the "28" crossed out and "30" written in, indicating to Coroner Barnhart that Hooker for two days wavered over his intended act.

In one note he said: "To the good friends of my family and myself: Please do not think too badly of me for what I have done."

"Broken financially, without money to provide for the needs of my wife and children, greatly beloved by me—and unable to secure any financial help—what can I do with my Marjorie, sick in bed since Christmas? Now I find my health breaking—or broken, under the strain. No one knows the struggles I have put up the last six or eight years to keep up, but financial misfortunes and failing health have got the best of me.

"I am so tired. I want to rest before I break down any further. . . . I had hoped for better things from life . . . please pray God for our salvation and forgiveness. Good-bye."

Discovery of the bodies was made yesterday after Roy Lowe, next-door neighbor, peered through a window, not having seen the Hookers all day.

CONDITIONED STUDENTS HAVE ANOTHER CHANCE

This arrangement has been made in order not to interfere with the pioneer parade, which will be on Thursday morning. The examinations will also be given at the Gold Hill and Eagle Point schools.
