## FIVE-DAY SHOW WILL BE STAGED AT FAIRGROUND

Outlaw Ponies, Calf Roping Contests, Fancy Riding Scheduled Daily—\$2500 in Cash Prizes Offered

Presenting the largest number of cowboys and the greatest array of bucking horses, cow ponies and steers ever brought together in this end of the state, Norman Cowman's famous round-up promises to be one of the biggest thrills of Oregon's Diamond Jubilee celebration next week. Over \$2500 in prizes and purses will be offered to the winners of the numerous events of the five-day attraction.

The complete daily program follows: Grand entry and introduction of officials, bareback bronc riding, calf roping contest, trick and fancy riding by Buff Jones, Pacific coast champion; Kermit Maynard, world's champion trick roper; saddle bronc riding contest; trick and fancy riding by Donna Cowan, Kermit Maynard and Buff Jones; Monte Reger, Buffalo, Okla., and educated high jumping longhorn steer jumping over automobile; bulldozing contest; wild brahma steer riding; wild horse and numerous other program features.

The list of 30 bucking horses is headed by the unridden broncs, Jack Dempsey, Billy the Kid and I Thought So. These horses have never been subdued. Other broncs include such well known names as Hi-Power, John Dillinger, Believe It or Not, Pretty Sox and others.

Riders are coming from widely scattered sections and are headed by the world champion of 1933, Clay Carr, Visalia, Calif. Carr plans to make enough points to keep his crown. Other riders who have entered are: Lloyd Saunders, Sonora, Calif.; Tom Bride, Tucson, Ariz.; Frank McCarr, Fort Worth, Tex.; Andy Jaurique, Newhall, Calif.; Ervin Collins, Miles City, Mont.; Buff Jones, North Hollywood, Calif.; Dolf Aber, Casper, Wyo.; Pat Woods, Fort Worth, Tex.; Joe DeMello, Billings, Mont.; Howard Brown, Sonora, Calif.; Dale Kennedy, Cheyenne, Wyo.; Willie Edmo, Blackfall, Idaho, and dozens of others.

## MOTORISTS' WAR ON THUMB ARMY

WASHINGTON (UP)—Neffled lawmakers and disgruntled motorists have joined forces in efforts to outlaw membership in the "Order of the Thumb," hitch-hikers' official fraternity, the American Automobile association said. Hit by court orders and hard-boiled public opinion, it was explained, the ranks of thumb-jerking travelers have suffered severe losses despite the fact that large numbers of unemployed are vying from place to place in search of employment. Before the law got busy and autoists lost their good nature, it was pointed out, the possibility of free and easy transportation had led to a virtual invasion of highways by hitch-hikers.

Now, the association added, states have adopted stringent laws making it an offense to solicit rides, and motorists, as the result of sensational hold-ups by desperadoes guised as ordinary, innocent hitch-hikers, have become suspicious and wary of all highway troupers.

## ORIGINAL UNION TICKET DISCOVERED IN BIBLE

HASTINGS, Neb. (UP)—An original union ticket, printed a short time before the election of Abraham Lincoln as president of the United States, has been found by E. F. Poite.

The paper, printed with the words "Union Ticket" at the top and listing the words: "For president, Abraham Lincoln," "For vice-president, Andrew Jackson," was found in an old family Bible.

According to police, McQuate killed her with a hammer and then threw her body in the bay. (Associated Press Photo)

## Jumping Steer Here for Jubilee Rodeo

The world's champion high jumping Longhorn steer, "Bobby," arrived today in Medford with its owner, Monte Reger, Buffalo, Okla., by trailer to take part in Oregon's Diamond Jubilee roundup next Wednesday, Thursday, Friday and Saturday afternoons. The steer is valued at \$10,000, weighs 1200 pounds and has horns which measure eight feet from tip to tip. It has appeared in motion pictures numerous times. It is but one of the many attractions of the five-day roundup.

NEW YORK, June 1.—(AP) Stocks displayed a distinct downward trend throughout the day's market session and net losses ranged from 1 to 3 points. The steels again led the decline, leaders in this group touching new lows for the year. The close was heavy. Trading was relatively dull, although more activity than yesterday. Transfers approximated 640,000 shares.

Equities apparently ignored a little better brand of business news. Fears of serious labor disturbances in the steel and textile fields seemed to accentuate the nervousness of speculative forces. At the same time the official report on freight car loadings for the week ended May 26 showed a contra-seasonal gain of 13,425. Today's closing prices for 32 selected stocks follow:

## AVIATOR LANDS ON GOLF LINKS

SALEM, Ore., June 1.—(AP)—The Salem golf course became a temporary airplane landing field yesterday. When the engine of his plane died while cruising about south of the city, R. D. Woodrow, local service station operator and amateur aviator, picked the golf course as the most likely place for a forced landing.

Just as it appeared he would alight successfully, the wing of the plane clipped off the top of a small sapling. As a result, Woodrow landed in the rough and forward progress was terminated when the ship tumbled with a second tree.

The pilot was uninjured, and he estimated repairs to the plane would not cost over \$100.

## TOOTH BRUSHING FILM INTERESTING TO TURKS

ISTANBUL.—(UP)—Traveling films which deal with health subjects are popular in Turkey. One dealing with the care of the teeth was shown throughout the provinces for 1935 days; a malaria film lasted 714 days, and one on the treatment of children for 554 days.

But a picture entitled "Why Willie Won't Wash" received little encouragement from the populace, and had a brief run of only 45 days.

## DEBTOR NATIONS TO HAVE CHANCE FOR EXPLANATION

(Continued from page one)  
overtures to the White House for a discussion.

With the next due date two weeks from today, there arose Democratic contentions, meanwhile, that Republicans were filibustering to keep congress in session past that date.

The presidential message, in the main, was a factual recording of the debts status, as to defaults, token payments and the like.

At the end, however, he emphasized that the debtor nations have been told "again and again" that they have full opportunity to discuss their problems with this country.

Legislation Unnecessary.  
"I suggest," wrote Mr. Roosevelt, "that in view of all existing circumstances, no legislation at this session of the congress is either necessary or advisable."

Talking with reporters about Republican tactics in senate and house the last few days, Representative Byrns—the Democratic leader—said "they hope, apparently, to embarrass the administration."

"Events of the last few days clearly indicate that the Republicans in the house and the senate are engaged in a concerted filibuster to force congress to remain in session until June 15 and perhaps later."

Recalling that money represented by the war debts enabled "successful conclusion of a war which involved the national existence of the borrowers," President Roosevelt said it was "in turn borrowed by the United States government from the people of the United States."

Should Make Sacrifices.  
"Our government, in the absence of payment from foreign governments," he added, "is compelled to raise the shortage by general taxation of its own people in order to pay off the original liberty bonds and the later refunding bonds."

"It is for these reasons that the American people have felt that their debtors were called upon to make a determined effort to discharge these obligations. The American people would not be disposed to place an impossible burden upon their debtors, but are nevertheless in a just position to ask that substantial sacrifices be made to meet these debts."

## DIME BEER LOOMS IN LOCAL DISPENSARIES

Judging by the number of dispensers who have expressed their desire, in writing, to discontinue five-cent beer, it appears certain that local quaffers must soon deposit a dime on the bar in order to secure service. It is proposed that the new order become effective next Sunday morning. The distributors are expected to co-operate, as several have expressed themselves as being in full accord.

Much of the blame for over-indulgence is placed by the dispensers on the small, but too many, glasses.
